Recommend reading this book

Miracle Flights for Kids is an organization that provides plane rides for ill children to get medical care. Zach had cancer and had to be flown to a medical center. Dylan owned a company with planes and volunteered his pilots and planes for the organization. Jo is Zach's mother. This story is fast reading and covers the good being done. It is a great book and well written.

Heartwarming story!!

This was a very nice romance based on two peoples connection. Dylan owns his own airplane company and has volunteered his jets services to be used to fly sick kids & family to their medical facilities. He is attracted to Jo and her son Zach, and decides to pursue their relationship. Very good

Maura says

Really easy and quick read. Very sappy and completely clean. Jo is dealing with her son's cancer all alone. Dylan, a CEO of a company with luxury jets, volunteers to fly Jo and her son to their doctor's appointments in Baltimore... Over time, he sort of develops feelings for her, so he risks heart break to try to start a relationship with them. But there is a problem of distance, single parenthood and the stress of taking care of a sick kid.

While this was pretty good - I was irritated by how Jo continuously brought conversations back to her problems (a sick son, absentee ex-husband, etc.) Jo has a lot of insecurities and while they were realistic, they made her somewhat less likable. Zack was a cute kid, but completely lacking in personality. Dylan was the best character. I also couldn't help but wonder if Jo really wanted a relationship with Dylan or if she just wanted anyone because she was lonely.

Tiffany Willams says

"He wanted her, just as badly as he wanted to be there for her and her son."

What a sweet story!!!

I'm a sucker for books involving children, but add in a child who is struggling with their health, and I'm sold!

Jo is a single mom who is doing everything she can to make sure her son, Zack, has the best healthcare and

life while he lives day to day with cancer. She finds a bond with pilot/millionaire Dylan.

Dylan is there to simply help get Zack to and from the hospital, but he can't help but feel a pull to this mother and son duo. He can't stay away.

"Why are you here? Shouldn't you be on a plane back to Georgia by now?"

"I decided to stay today and make sure Zack got through his surgery okay. To make sure you got through his surgery okay."

"You don't have any place more important to be? I mean, I know you have a company to run."

"Not at all. There's no place more important to be than right here, right now. With you."

This was honestly one of the sweetest stories I've read in a while. It was short, simple, and to the point. All the feels! Heartwarming!

I'm excited to read more from this author!

"Zack was brave and it inspired Dylan to be brave as well."

Jo says

A Wing & A Prayer is a lovely book about a man that contributes to help children get the medical care they need by using his private jet to bring them to the United States and the doctors that the kids need.

The romance starts for Dylan Alexander when he is flying single mom Jo Nichols and her son, Zack, from St. Simon's Island to Baltimore on his private jet to get the medical attention that Zack needs.

3-3-1/2 stars. Cute, sweet, clean little novella. Sugar.

Terry says

This is a short story based on a real life person. What an amazing story this is, about a single mother's love of her child who is battling an illness and her hero, a Miracle Flights pilot, who enters their life and helps them both. Love begins to build between the pilot and the mother and her child. It's like they were meant to be together as a family. This is such a beautiful and inspiring story.

Heartwarming

If you have never read a Harlequin romance or hate the idea of a "bodice-ripper", this is for you. The More Than Words and Love Inspired are the sweet, tamer romance minus the smut. The More Than Words books are free and highlight community groups with a sweet romance.

This one highlights a flight for critically ill children and bonds that form. A fast read for those with little time...less than an hour.

Roslynn says

Short, sweet, heart-warming.

A Wing & A Prayer by Andrea Laurence is a 2014 Harlequin Special Releases publication. This book is part of the "More than Words" series-

I love this concept by Harlequin of taking a real life person and their special contributions and having an author build a story around it, plus a donation is made to the various charities highlighted. In this case the real person this story is based on is Ann McGee and her work with Miracle Flights for Kids.

Andrea Laurence tells the story of Jo, a single mom dealing with her son Zack's cancer all alone. Thankfully, a service that flies sick children to a hospital that offers more treatment options or facilities is helping Jo get the best treatment possible for her son. This is where she meets Dylan, a wealthy CEO who volunteers his private jet and his time to this cause.

Dylan and Zack hit it off and the more time Dylan spends with Jo, the more he feels a connection to her and the promise of romance begins to form, but with Zack's health improving and Dylan's career demands, a long distance relationship isn't what Jo has in mind. If she gets involved with someone that person will have to be present in her day to day life and she doesn't want Zack to get hurt. Can Dylan somehow find a way to balance his career and personal life to win Jo over?

This story is emotional due to Zack's illness. Having a sick child is a nightmare in and of itself and if you are all alone with no support system it's especially hard. So, for Jo to have found such a great guy in Dylan, a real man who is not afraid of sticking it out even when times get hard, would seem like a dream. But, I gave kudos to Jo for not accepting things on Dylan's terms. She knows she needs and yes, deserves more and so does her son. Dylan realizes Jo and Zack are worth fighting for and that he needs to get his priorities straight. So, kudos to Dylan too, but not making excuses and for stepping up for Jo and Zack. It takes some compromises from all concerned, but the three of them are committed to making it all work out.

Posted on What I'm Reading

Honestly, I thought *A Wing & A Prayer* as a sweet and all round good story. You have Jo, a mother, who is trying her best to take of her son, even when it's not the easiest thing to do. You have Dylan, who has taken time of his busy schedule to fly Jo and her son to Baltimore for medical treatment. It's just a feel good story about hope and kindness. Of course there is a little romance that buds between Dylan and Jo, it does hit a little bump. However, by the end you have that happy ending that gives you the warm and fuzzy feeling. Plus, it's a quick free read.

This is a free novella from Harlequin written in honour of a woman whose selfless deeds and far-reaching goals are helping to build stronger, safer communities. In this book the focus is on pilots offering airflights to children with health issues. Jo, has a son with Leukemia and Dylan owns a private jet company and in providing flights for medical care has become attracted to Jo and her son.

This is the second book I have read in a two day span about a single Mom with a four year old son with leukemia. The other book was the superbly written "Pause to Rewind" b Aimee Alexander. It was a full length novel and thus had far more room for character development and really making me, the reader, feel what it was like to be a Mom in this situation and deal with all the issues including romantic entanglements with all the complications they bring on. In comparison, this short novella couldn't help but suffer. It is a sweet story with a happy ending that highlights a valuable service to those in need.

Another short romance story which tells the story of Dylan who owns a private jet business that volunteers flights for children with medical needs - enter Jo and her son Zack. This read is emotionally wringing on several levels.

Sheila Schwartz says

This was such a heartwarming feel good story...the characters were fleshed out and you were invested in their happiness from page one! I love reading stories like this and this story makes a great introduction to such a great enterprise as *Miracle Flights for Kids*..... I look forward to reading more from Andrea Laurence!

A Wing & A Prayer didekasikan untuk Ann McGee, founder Miracle Flights For Kids dimana organisasi tersebut mengkoordinir / mengatur kebutuhan penerbangan untuk transportasi darah, donor organ, anak-anak yang sakit ke berbagai fasilitas kesehatan di seluruh Amerika Serikat. Miracle Flights For Kids percaya bahwa second opinions merupakan bagian penting dalam rangka mendapatkan pengobatan yang tepat. Mereka percaya bahwa uang dan jarak tidak boleh menjadi penghalang untuk mendapatkan pengobatan yang terbaik buat anak-anak yang sakit.

Bicara tentang ceritanya, karena ini merupakan novella yang hanya berisi 56 halaman maka tidak banyak hal yang bisa digali dari buku ini. Yang pasti karakter-karakternya cukup lovable meski tokoh Jo termasuk tokoh yang gampang galau. Penyelipan tentang Miracle Flights For Kids tidak begitu kentara, penulisnya cukup rapi menyelipkan informasi tentang organisasi tersebut menjadi bagian dari cerita.
