Angel Warriors

Stephani Hecht

Angel Warriors Stephani Hecht

When Abdiel refused to side with Lucifer in his failed revolt to take over Heaven, his own family cut him down like a dog and left him for dead. Ever since then, Abdiel has become a withdrawn shell of what he used to be and separated himself from all other angels. That is until the Chief of Archangels, Michael, comes and interrupts his perfectly miserable life by ordering him to Earth to head up an angel warrior team. An angel warrior team that consists of a smart-mouthed punk empath and a blast from the past, a healer named Gabi.

Gabi spent her entire childhood harboring a secret love for Abdiel. He, in turn, never knew she existed. Now that she's a full-grown female she told herself that she was over the dark brooding male. Then he shows up at her door and she realizes that her feelings have never gone away--if anything they've gotten stronger. But love is the last thing that she should be thinking of now--they have a city in danger, an ancient prophesy that is coming into play, and a whole horde of demons coming for their hides.

Katherine says

Really enjoyed both this book and the second book about Gabi and Abdiel. The story is not completely focused on their romance but also the war between angels and demons, making it a captivating read.

Jessie Potts says

My first full length Hecht book and I liked it! I love her Lost Shifters series more though

Wanderer ? Wanderlust ? says

This series became my crack when I started it last year. Read the first six books back to back (8 if you count the novellas). Will have to get back on track and finish the rest.

Really enjoy the author's writing style and the humor in the books.

Random: I like the fact that there's no angel-human romantic relationships.

Linda says

Abdiel, An Archangel, Lost His Family, Friends, And Love To Satan When He Fought In Heaven And His Family Had Beaten Him And Left Him For Dead, All Because He Did Not Side With Them And Lucifer! What Was So Hurtful Was That His Parent's Took His Little Brother And Sister With Them And He Still Missed Them Even Though Centuries Had Past. Adbiel Quit Fighting And Went To Work In The Amory Instead Until Michael Told Him That It Was Past Time To Join The Fight Once More And That There Was A Special Purpose For Him.

Gabi Had Always Loved Abdiel And Even In School He Never Noticed Her. Okay. So She Was Royalty But Did That Mean That She Could Not Be Loved? Over The Centuries, She Pushed Aside Her Love For Abdiel And Concentrated On Her Duties To Be The Best Healer There Ever Was And To Take Care Of The Little Empath Who Meant So Much To Her.

Wow, Does Stephani Hecht Grab Readers of Her By The throats With Just Reading The First Two Pages! Angel Warriors Is The First In A Three Book Series That Captured My Attention And Had Me Rapidly Reading. Okay, So angels Can Have Sex, And It Never Really Occurred To Me If They Could But That Is Good To Know! Abdiel, Gabi, And The Empath Hippie Cammie, Who Just Adores The Detroit Red Wings, All Must Face A Battle For Detroit With A War To Eliminate Humanity From Earth And Between Falling In Love, Keeping A Close Eye On Cammie, And Fighting Demons Including Abdiel's Siblings This Book Was Hard To Put Down. Not Much On White Hot Sex That Got My Blood Boiling But Who Needed It When I Could Barely Keep Up With The Characters! Now, I Can Hardly Wait To Read The Next Book To See How

Ms. Hecht Will Top This!!

Kimberly says

Thousands of years ago, the archangel Abdiel refused to join his parents and brothers in siding with Lucifer during his attempt to take over Heaven. Tortured and unable to rescue his younger siblings, Abdiel closed himself off from the world as best he could. Now Michael, the leader of the angel warriors, is sending Abdiel to Detroit to lead an angel warrior team consisting of Cam, an immature punk empath, and Gabi, a gorgeous healer Abdiel can't seem to resist.

Gabi has been in love with Abdiel since they were children, though she never believed Abdiel could feel the same. Despite telling herself she's over him, Gabi finds herself drawn to the tormented archangel. As the two fall in love, chaos erupts around them. An ancient prophesy begins to come true and demons from Hell are out for the angel warriors' blood.

Heaven, Hell, warrior angels, demonic villains, loss, life, love, hate...the themes of Angel Warriors may be as old as time, but Stephani Hecht takes these qualities and weaves a plot that is inventive and new. Angel Warriors is a sexy, exciting tale filled with interesting, likeable characters and a fast-moving plot that had me eagerly turning the page.

Angel Warriors introduces us to the world of the Archangel Series, but Ms. Hecht manages to provide the groundwork for the series and introduce us to many major players without ever slowing the story down - a feat I greatly admire. I will warn that Angel Warriors ended with a cliffhanger that made me grateful I had book two of the series, Captive Angels, on hand to read immediately after. An engaging blend of action and romance, Angel Warriors is not to be missed.

Reviewed for Joyfully Reviewed.

Shannon (Savhage Temptrest) says

I had to give "Angel Warriors" by Stephani Hecht a two-star rating because the story was just lacking a bit to me. The concept was intriguing and the characters were comical and interesting, but the whole plot was just missing passion and suspense and mystery for that matter. There were parts in the book that were very good and liked being able to view the world of angels and demons from a different angle, but the fight sequences and the romance was just not as satisfying as I would have hoped. I'm not sure if I will continue on in this Archangel series; I'll have to give it some thought.

Angela ♥ Mrs. Hollywood ♥ says

This was one of the worst books I've ever read. I Hated it. I love Angels and was really looking forward to this. But there was no passion between the couple, no intense moments. The characters were silly and childish. Constantly attempting to be funny, but making lame comments like "Ouch, I got hit in the noggin." Or "This is the closest I ever got to scoring." And also "I was staring at her ass." Not what I expected. I don't visualize archangels being manic and hyperactive, blurting out random stupidity.

Disappointing.

Alexandria Tale says

I was rather unconvinced with how fast Abdiel declared his love for Gabi. For centuries he didn't notice her, and after a short teamwork he suddenly loved her? I was also a bit annoyed with how careless Cam was that resulted in him being captured twice! Well, the second one was because he saved another angel but still.. Also about how some things are unrealistic in my opinion. There was a war happening, but Abdiel and Gabi still on their own little world. The same happened when Cam was captured for the first time. I thought the situation was rather dangerous, but they still joked around!

Anyway, that was some minor ranting from me. Overall I really enjoyed the story. The banter between characters were witty. But the book was a really long story. I thought I would never finished it. Fortunately this was a page turner. Really looking forward for Appolion's story!

Bitten_by_Books says

Abdiel is known as the Dark Angel, an Archangel Warrior. His family sided with Lucifer except for him. He stood up to Lucifer and was beaten nearly to death by his two older brothers, Douma and Forcas. Afterwards his entire family left for Hell following Lucifer and leaving him alone and broken...
