Learn how to be charismatic from a book with charisma

Being charismatic is the holy grail of personality skills. But charisma is also one of the most challenging traits to develop and hone.

Unlike other books on charisma, BOLD doesn't tell you who to be. It tells you what to do and shows you how to do it.

BOLD features a comprehensive and actually habit-forming list of tips, tricks and techniques that will turn you into a social genius, a master of the conversation, and an expert in attracting other people's praise. And with its visual format and use of cartoons, jokes, and quotes, you will enjoy coming back to it again and again as you become the very definition of charisma.

## **Collette says**

I liked that the ideas were straight-forward and based on honesty, kindness, and putting others first. Do unto others...

---

## **Marci Lambert says**

### **Meh**

Very basic, but I was not surprised by that. The author and the reader would be better served by elaborating on the tips.

---

## **Ann Maria says**

### **Great reminders**

Perfect for folks new to the field. Pass it on to everyone you know professionally and personally. You are welcome!

---

## **Margo says**

### **Don't bother**

This was awful! It was simply a bunch of 1 sentence catch phrases with no actual useful information. Each page had a different sentence. For instance 1 page simply said "Be warm" but no where did it give any tips or hints on how to go about doing that.

## **Lili says**

### **Old School**

This very brief book is basically a manual of manners. All things I was already raised on. Afraid someone who really needs the basic mannerisms in here, it may be too late.

Personally if all of society spoke directly to you, opened a door and said thank you the world would be a better place.

Interesting.

**Elle says**

Mostly just common sense.

---

**Myrna says****Should be required reading for every adult**

This quick read gives valuable advice for anyone who is interested in refining impeccable manners professionally and socially. A book to read often as a refresher and reminder of one's admirable social graces.

---

**Frank Mio says****Good if you have aspergers maybe.**

For a book called BOLD it encourages you not to be. Just a list of social etiquette without much explanation or practical use, some good advice but also some bad.

---

**Charlie says**

This book in summary: Don't be a dick.
