Dreamwalker Isobelle Carmody , Steven Woolman (Illustrator)

Ken's ambition was to be a comic-book artist, one of a team that made the drawings come to life, that made the stories real. His greatest creation was the sorceress, whose deadly hungers visited sleepers and fed upon them. But one day he woke from a dream and found himself in the world of the sorceress, a world where one of his own characters, the beautiful Alyssa, claimed to have imagined him. Who was the dreamer and who was the dream?

Dreamwalker Details

Della says

A little bumpy but all and all a good adventure. Seven powers, seven children, one enemy. Can't wait for the next one!

Quinn says

Isobelle Carmody is such a story teller. Loved this story (simple as it may be) and the illustrations done by Woolman are astounding - there's so much detail in his drawings.

Megan Campbell says

Really enjoyed this and loved the concept. The art was also fantastic and complemented the written word so well that the story felt very full and fleshed out.

The only thing I will say is that I wished I had a few more paragraphs to fully explain what happened at the end, but overall this was a really great little graphic novel.

Barbara says

Interesting and unusual, and beautifully illustrated. Another win for Isobelle!

is mee... kissa says

loved the pictures.

bin says

A bit long for a picture book, but very interesting and the illustrations are just gorgeous.

Julie says

Steve Woolman's illustrations are fantastic. This reads like a graphic novel but is in picture book format. Great Carmody fantasy with Woolman's pictures, and CATS.

RIP Steve.

Cassie says

Don't bother. Too much effort, no reward. Walls of text.
