No longer available. This book is now part of Getting By.

Emma Anderson doesn't like the outside world or plays well with others. Boyfriend, relationships and intimacy... pffft, forget it. The twenty one year old is attending the Christmas office party and hoping to come out alive... but will she? The elevator door's closed behind the hunk and after a halt she seemed to be trapped inside the box of doom. Jacob Knight met her in the elevator, saw her at JFK International Airport and is hoping Serendipity will put her back on his path, because 'Elevator Girl' is now making an appearance on his dreams too. Meet Emma and Jake, discover how Serendipity introduced them... before they had to learn that Getting by, isn't the same as living.
