Phresh & Nykee 3: Loving You Past The Pain Bianca , BriAnn Danae

Nykee's life had always been about making decisions, and she had made the worst one this time around. Aware of the type of man Martinez is, she put her fears aside and stepped to him in hopes of getting Phresh out of the Cartel for the sake of their expanding family. What she didn't know was how ruthless and cold-hearted, Mr. One Eye was, but she would soon find out. ??

Confused and beyond upset with her decision, Phresh once again places his life on the line to save Nykee and their unborn child. With drama unfolding around him and secrets coming to light, he's reminded that he can no longer trust the people closest to him; family included. What he does know is that Martinez must pay for the hell he has put him through, and Phresh isn't going down without a fight.

??With enemies lurking in the background wanting to see the couple fail, a few jealous people will stop at nothing to seek revenge. In this fast-paced finale, Phresh and Nykee's love for one another is tested on every level they could imagine. Will they be able to return to the life they once knew without one another or will they learn to love each other past their pain and faults??

Amazing but I need a spin-off

Awww I'm going to the crew!! I really enjoy Nykee and Phresh. They were so funny but loving. However, can we get a spin-off for santanio and meelah bc they story is left untold and I still want some more Phresh and Nykee in my life. Amazing series and you cant even tell two people wrote it bc it flow so nicely.

I GREAT WAY TO BRING PHRESH & NYKEE STORY TO AN END THEIR MOM PLAYED NO GAMES ABOUT HER BOYS I HATE THE WAY SHE WENT ABOUT IT BUT IN THE END IT WAS WELL WORTH IT... LATRICE WAS DOING THE MOST FOR NO REASON AT 1ST .. I LOW KEY WONDER IF HER BABY REALLY SANTINO AND LACI FLIPPED THE SCRIPT FOR SURE .. MEELAH SHE IS A GREAT FRIEND TO NYKEE BUT IT SEEMS AS IF SHE WAS SETTLING IN A SENSE I THINK HER AND SANTINO STORY NEEDS TO BE TOLD BECAUSE HE NEVER MADE THE CHOICE OF WHO WAS GONNA BE WITH FOR GOOD JUST BECAUSE MEE WAS PREGNANT AGAIN MEANT NOTHING....

Plenty of drama

I've been waiting for part three and I wasn't disappointed. Phresh and Nykee go through plenty of drama in this story. I could feel Phresh's pain and hurt when truths are revealed about his parents. Santino is a character, and he got exactly what he wanted with Latrice and Mee. I want to read more about them to see how that plays out eventually. I laughed my tail off when Phresh met her parents, no biting of the tongue at all. He spoke unfiltered and with complete confidence and honesty. Happy that things works out well for the couple.

LOVED IT

Thank you for a great series. Very well written and with characters you grow to love. I loved Phresh and Nykee from their first encounter to the relationship they were able to form with each other. Through the ups and downs Phresh was that breath of fresh air and a true mate for Nykee while Nykee was that strong independent woman who will love her man unconditionally that Phresh needed. They definitely complete

each other. As for Santino, Latrice and Meelah, that's one crazy love triangle i wouldn't mind reading as a spinoff. I do believe that Santino's heart lies with Meelah. Highly recommend reading this series.

Great Collaboration

This series was a collaboration for the authors. I really enjoyed the development of the plot and the characters. OMG I loved Phresh and Nykee's relationship. The intimacy scenes in these series were phenomenal. I really didn't foresee the plot twist coming with Martinez. Great job with that it was refreshing not being able to predict the the plot. I hope you ladies consider giving us at least one more novel to give an update on Meelah, Latrice, and Santino. I liked there chemistry but how Santino were able to compromise between the ladies. But I would love to read more bout this past and his final choice.

Tati had some serious issues and allowed her jealousy to cause her to lose more than just her friendship with Phresh. I didn't feel bad for her at all because she should've accepted things for how they were instead of trying to change it to what she wanted. I was surprised at Gabriella's secret but through all her mistakes she finally redeemed herself in the end. Santino was on some other ish and was much like Mateo. Latrice nagged too much and I think she was just looking for someone to take care of her. I definitely want more of Meelah whether she's with Santino's trifling ass or not. The way Phresh checked Nyles though! Nykee was hardheaded but I liked reading about how the love she shared with Phresh continued to blossom. They experienced a few curveballs but still managed to overcome them all. I was disappointed in how Laci reacted but some friendships aren't meant to last.

Another 5 ?? read!

Congratulations BriAnn and Bianca for such a great series. I can see many spin-offs from this storyline. Nykee and Phresh was such an amazing couple who grew in this series and loved each other immensely. That triangle between Santino, Meelah and Latrice was something else. He loved each lady for different reasons, but I loved him and Meelah together the best. Latrice was too insecure and had no drive. I was surprised at the way that Laci acted toward Nykee when she found out that Santino and Meelah had a relationship. It wasn't like Nykee pushed them together and she went out her way to help Laci and her daughter. Now Mrs. Avilo was the bomb. She was able to take out the man that no one else could do. Great example of the lengths that a mother would go through for their children. I truly enjoyed this series and am looking forward to many more collaborations between you two young ladies. I would definitely recommend this series to others readers.

Wanting more

Let me say first I think a Christmas novella would be fantastic for this family!! I love the characters all of them actually because the drama kept the love scenes balanced. You couldn't even tell two people were writing it flows so well. Meesha was help for giving Santino any play but damn it was a fun read. Latrice was actually sad and pathetic but all the way real about not leaving her man. Nyk is my girl period and Phresh there's no words for the love I have for him. From day one it's been about her!! Loved it and connecting all the brother's was on point, I really liked Tony and knew he would play an important role. Very good work and story line but I'm wanting more.

What a fantastic series!

Loved it! A definite must read from beginning to the end. I could not put this book down. Great storyline, fantastic execution! Mann, Santino, this man is something else. Hoping to see a spin off with him and his baby mamas. (Hint, hint??) I would also like to hear more about the other brothers as well. I see this having many, many spin offs.... I hope I don't get giddy???. I didn't however, hear/read anything about Nykee's sister in this part of the book. Would have liked to know about how her failing married life progressed. Fantastic job! Fantastic collab!

I hate it had to end...

I loved this collaboration. Phresh and Nykee we're hilarious. I wanted more of Santino and Meelah, but the way they were written in, made it that more interesting! These are two of the hardest working authors, because in the midst of this book, they were constantly releasing their own separate books! I loved that dedication and this story was not left to hang. Each part picked right up where they left off and it didn't miss a beat! Great job ladies! What a great ending, too.

????

So Santino and Meelah and Adrian need they own story ! I feel like Laci aint shit she could have heard Nykee side like bruh this lady risked her life to save you and yo kid ! Like get you shit together !!! I'm so happy Phresh and Santino mama killed Martinez !!! He was really getting on my nerves !! I lokey thought him and Tati was gone partner together ?????..... Phresh and Nykee are like perfect for each other ! The way they help each other through the hard times and difficult moments I feel like that's true love ?

Great Read/Series

Loved this series and hated to see it end. Enjoyed this storyline and these characters. Held my attention from beginning to end. Full of drama, lies, secrets with so many twist and turns, kept me wondering what's happening next. Loved how these characters were developed. Phresh, came along way, loved his growth throughout this series and Nykee was there to help him through it. Gabrielle, definitely didn't expect that, she protected her son's at all cost. The love triangle Santino, Meelah and Latrice....I think it needs to be continued. Mee is pregnant again and it's something about Latrice, plus had me wondering her baby was born early...storyline. Tati, crazy self got exactly what she deserved. I need more ladies. Highly recommend this series. Job well done Bianca and BriAnn Danae

Sooooo I want to start off by saying I didn't think Phresh and Nykee would be together with the way things was going with them I just knew it but you turned and I love how she was calling her wife even when they wasn't married he treats her soooo good but let's get to Meelah that winch started sleeping with Santonio and got pregnant lawddddd I wish that he would've left Latrice for her I didn't like Latrice she was to gullible and would do anything to keep a man but I did love the ending you are bomb for this series

Tenika says

Wow. Y'all did that!!!

Tatiana couldn't let Phresh go. He something for her a\$\$\$. Gabriella is a mama bear she played her position well. You don't mess with her family and that goes for Martinez and everybody else. Santino, Latrice and Meelah is caught up in a love triangle. Santino should choose Meelah because she works got her own money. Latrice don't have nothing going on for herself but Santino's baby mama. I proud Nykee because she with stood her ex Roland, Tatiana and going to jail.

Carol Cooper says

Interesting finish.... while it did appear to be rushed it was still a very good series. Laci had a whole lot of nerve getting mad at Nykee about Meelah and Santino. Nykee was a GREAT friend to her and Bella, and helped them out in a MAJOR way, Oh Well. Thiago was not playing any games with Nykee, he really was the man. Santino, is a whole honest fool, with 2 women and babies... He and Thiagos mom, wow was she sneaky as hell, but she did redeem herself, by playing along with Martinez. Too bad, they had to kill their father before she came clean. Meelah and Aiden need stories....
