Corey Regalado says

After a dull middle, the series has picked up again, with nearly every plot line ending in a cliffhanger. Best one in a long time!

Ty Ridgway says

I read the whole rest of this series, expect a review for volume 32 on the whole series.

I knew it!! Horohoro is special -- a secretly powerful shaman. <3 Go Horohoro!!

Hannah Belyea says

Horohoro is going to need every ounce of his strength and power as he fends off the Over Souls of Gandala as attacks are waged on Lyserg, Oyamada and Tamao! Takei is leaving no one unharmed in this tantalizing entry to the "Shaman King" series. With Hao setting his ultimate plan in motion, it will take great sacrifice from Yoh to stand a chance of defeating him.
