This book was sick as shit. That damn dog and gutta had me hollering. That damn officer was sick as fuck. Nasty grimy bastard. He got what he deserved and more. Chi had me rolling. Bri mama got what she deserved too. Ole bitch! She had to go. My babe phantom with his special appearance was the best. Girl, how do you come up with this shit. You had me on a rollercoaster ride. When I say you wrote the best book ever you always top that shit. Please read this. Latoya has did it again. This book was sick, and I could not put it down.

Latoya I really enjoyed that series you are very talented and blessed with your pen game. When I'm reading your books I can't imagine coming up with some of the stuff you say in your books. They are always humorous and I know without a shadow of doubt I will be laughing the whole time reading your books. Keep up the great work can't wait to see what's coming next. By the way Gutta and Chi had me laughing the whole book and I like the way you through Phantom in the mix.

???

I wish there was 10 stars? I could give. Latoya is a true beast with that pen. I just knew she was gonna have us heart broken. I felt so bad for what Brinx went through. Nobody deserves that. Gutta came through though. And I damn near died when the cousin showed up. Latoya plays ????. I hollered losing my mind at who it was. Bri ass was working my nerves but I looked her and was sad for her loss. She tried to do the right thing though. At least she has Chi hungry ass. Great book.

Charlotte Bembry says

Perfect Ending!!

OMG, this book was amazing. Action packed throughout. I was so glad that Brinx and Gutta worked things out. Brian's Chi were perfect for each other. Bri's mother, Freak and Brinx's boss got just what they deserved. That entire scene with Phantom had me dying. Great job Latoya!!

Wow, you would've thought that Diablo was a human, the way that Gutta treated him. I was astonished the way that Diablo took commands from Gutta. Gutta was so lost without his three weaknesses; Chi, Diablo, and Brinx. Of course, his pipe smoking brother knew that, and he did his best to try and take advantage of his brother's vulnerability, to end their lives. He ended up being on the wrong team, and he paid dearly for it.

It seemed that Gutta and Brinx keep missing each other, and it was so sad how she had been used and abused.... her boss didn't have to do her like that. I wanted to reach through the book, and do damage to Detective Shiffer, with his racist behind. I didn't have a bit of sympathy for him at the end, in fact, it was funny to me. The fetishes he had with black women, and the things he enjoyed sexually, was the most degrading, disgusting things I've ever read in my life.

I felt so sorry for Bri, because this entire time, she thought that her mother was really ill, when in fact, Bri was getting used. How could a mother treat her daughter in such a way! To add insult to injury, you hurt your other daughter for an insurance policy... the nerves of that piece of trash...I was livid. I'm so ecstatic that she had both Brinx and Chi in her corner, because it would've been a disaster waiting to happen, I just wish that Brielle could have been saved as well.

This Book made me cry laugh and be a lil disappointed!!! Gutta was so stubborn and he mAded me mad when he did that to Brinx. Bri mom I just wanted to jump in my kindle on that @\$\$. This series as soo GOOD Gutta and Chi love their friendship and how they LOVE the girls...gr8 Diablo was okay cause Gutta would have lost his \$#!+ Highly recommend you Read this along with LaToya other work Pen Game is bomb ??????

Alesia Russell says

Now that's how you write a 2 part series!!

Thank god it didn't end like we thought at the end of part 1. Brinx put herself in an untenable situation. Glad her Boss's true motive came out and after all he did, got what he deserved! You would think Freak didn't know what he was against.. Now he knows. No words that be published for Bri's Mom?. Bri & Chi are hilarious together. Chi's cousin, called in for reinforcement was the best surprise?. Loved the ending and Everyone weathering the storm! Diablo even has competition. Bri & Chi need spin-off.

Simone Kent says

Still great!!

I have read all LaToya Nicole's books and they have gotten better with time. I love the humor of the characters and also the raw emotion behind them. Gutta tried to be on his best behavior but sometimes you have to show people your craziness. He ain't take no mess or let anyone walk all over him. He knew he loved Brinx when he broke all his rules for her. Now I liked Brinx from the beginning. Her feisty attitude really had me seeing why Gutta was so in love. Bri and Chi is just crazy. Bri doing those pop ups got her all messed up at first but it didn't change her mind about doing it again. Her and Chi are made for each other. You definitely have to have tough skin messing around with them. Never stop doing this!!!!

shawanda Woods says**Freaking 10 ? ? ? ?**

Man this series was everything. It had everything for the perfect recipe. Diablo baby gotta love him. Gutta was bae. He did some bs but he made up. Im so gladddd her boss got everything he deserved. My boo Phantom made an appearance. Chi and Bri was a crazy couple but I loved it. Brix went through hell and back but she showed her loyalty. This a great series I highly recommend it.

Paula Milan says**Satisfied Reader**

This author never disappoints. Gutta would do anything to protect those he loves. Brinx was being used and i'm glad Gutta came to his senses and went back. Chi and Bri has a fulfilled relationship. They both gon be big. I was happy Diablo pulled thru I couldn't stand Bri's mom. She did anything for that mighty dolla. Freak and that detective got exactly what was coming. Phantom is still extra and being Phantom. Gotta love Black Jesus

lorie lee says**To gd to put down!**

Gutta was the truth and that man was pure dee crazy, and chi wasn't as bad but he was crazy too. I loved there brotherly relationship, they were funny as hell, and serious when it was time to be.
