The Nephilim Device B.C. Crow

Book 1 in the Nephilim Series, by B.C. Crow

There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown. Genesis 6:4

Three thousand years ago, they unwittingly destroyed their home world. Taking refuge among us, they have blended into every part of our culture and lives. We never even knew they came. Now, something terrible and ancient is about to be uncovered again. It will threaten all life on Earth, just as it had on their planet once before.

On the eve of his own personal tragedy, Flint Krieger sets out on an adventure in the Egyptian desert. His adventure takes a turn for the unexpected when he finds himself in the middle of a doomsday conflict that threatens not only his life, but all life on Earth. His life will never be the same again.

Books in this series:

Book 1: The Nephilim Device

Book 2: The Nephilim Effect

Book 3: The Nephilim Conspiracy

From Reader Review The Nephilim Device for online ebook

B.C. Crow says

I loved this book. Of course I'm also the author of it. So I had better like it. Not only are free digital copies available at www.BlueHPublishing.com throughout the rest of 2016, but check it out, I'm giving away several copies here on goodreads.

For those of you concerned, this is a clean read with very mild language. If it were a movie, I'd give it a PG-13 rating for Violence only. This is my Debut novel, the first book in a 3 part series. I hope you like reading it as much as I liked writing it.

If you've read this book and enjoyed it, by all means, check out the next book in the series, The Nephilim Effect. You can also visit my website at www.BlueHPublishing.com to learn more.

Leslie Zimmerman says

Wow, I know that this guy isn't a best seller, but he should be. Totally worth the read! I don't usually read a lot of these kind of books, but I totally had to get the whole series.

Pam says

I enjoyed this book. It seemed a little campy at first, but I got into it fairly quickly. Not what I expected, the story has some twists. I intend to read the next book to see where it goes.
