Unclaimed Marian Tee

This is a love story between an innocent girl and a jaded man, a pet and her Master, a soul seer who has yet to realize she's meant to save the world...and a powerful vampire who has yet to understand his heart still beats.

18-year-old Zari Baltimore's worst nightmare has come true. **She's become part of a love triangle**, and she may likely be the one to have her heart broken. *Again*.

Her rival: Katarina, the new doctor at La Scala Legaturia, a training ground for strengthening bonds between pets like Zari and their Masters. **Katarina - her Master's one true love, and the reason why he's unable to give Zari his heart.**

Now, she has a choice to make: finish her schooling as a pet, knowing she can't ever own her Master's heart...or take her friend Rhapsody's offer to move to Chalys, *permanently*, and learn about becoming a soul seer instead.

She tells her Master about it, hoping he will stop her from leaving...but he doesn't.

Marinda says

In book 3 Zari is still fighting her emotions over Alexandru and especially Katrina, the vampire hunter/healer her master loves. There's a demon who is killing and feeding off the guilty emotions of humans, and Zari's guilt over her hatred of Katrina makes her it's next target. She gets visions of Katrina dying and she believes it's her fault which increases her guilt. What happens next is a real curve that I hoped would happen but wasn't sure, but works perfectly with the story. I love how independent Zari is but she still wants to be a good pet for her master.

Can there ever be more of a relationship between Zari and Alexandru beyond pet and master? The ending makes me want more of Alexandru and Zari.

C. Erani Kole says

received an ARC from the author in exchange for an honest review

Zari and Alexandru are possibly one of my absolute favorite couples of this author. This was definitely the best one of the series, mainly because of all the drama that happens. The ending was a stake to the heart but I'm so glad that it'll continue in spin-offs and such. The writing style was just right for me, flowing and refusing to let me go until the end. The characters were pretty good, Zari was a bit less physical than I wanted her to be with a certain woman (lol) but if she did anything different, it wouldn't be her. I can't wait to see them in the future....

Becky says

Anger, guilt, regret, hate, those are just a few choice words Zari is feeling. Katarina has returned and she has returned for him, Alexandru. Turning to her friend, Rhapsody and the help of her master, Zari has been given the choice to stay at school or go to Chalys to learn more about being a soul seer, but has to give up her gorgeous master to do so. Will she stay and fight for the vampire she's in love with or leave him for her destiny? I really enjoyed this book. With the choices Zari is making and with little support from her master, the author really catches the reader and keeps them hooked all the way to the end. Felt a little more connected to the character in this book than previous. I love the author's humor and the sarcasm of the characters. Deserves 4 fangs from me!

Reviewer for Paranormal Romance and Authors That Rock.

Debra says

I received a copy from the author for an honest review. Here is the last part of Zari and her master at school. But it is not the last that we will see them, I am glad that there is to be more. Here Zari is now part of a love triangle with her master and his lady love. What will she do to make him see her as more than a pet. Will he be finally get openly love the one he has loved for so long or will he see Zari for the true love? There is evil

that wants to kill Zari. She holds the secret of who/what is trying to destroy all the good. What will Zari do to win over evil? Marian Tee has me hooked. I am glad there will be more to come.

Mary R. Soto says

BEAUTIFUL, BEAUTIFUL.
THIS STORY MUST GO ON. IT HAS. IT SHOULD.
I REALLY LOVED IT. HOW CAN I NOT? IT WAS AMAZING SINCE BOOK 1.
I WOULD LOVE TO READ MORE ABOUT THESE TWO.
5 STARS.

Faye says

Another emotional read from the author. I was kind of surprised that this was going to be the last book of the first arc.

I loved how Zari's character grew especially with the situation from Katarina and the demon that was wreaking havoc. The feelings of guilt, forgiveness, and the blunt honesty for them to survive.

The one thing that surprise was Katarina's situation. I for one never saw that coming. Truth be told, I though everything was okay with that situation when Alexandru confronted his feelings for Zari towards himself and to Katarina and that Katarina knew without a doubt that her chance had sailed. I kind of though that Katarina would be a useful ally for the future.

Also, I can't believe that it took Alexandru that long for him to realize his feelings about Zari but I probably should. I thought, "finally", and then when it came to the ending, I was shocked.

I know there's a reason for it and I have to agree because well, it's a good reason. Then, again, I wonder how big a change will it be for the both of them even if they both know that they belong to each other.

Also, I never expected who's the brother of Alexandru.

All I can say is that I can't wait for the next arc and hopefully soon at the same time I'm excited for the Duke of Brimstone.

I received an arc from the author in exchange for an honest review.

Michaela Sterling says

Wow

I've been following and one clicking this author for awhile and even tho the ending left me unfulfilled I can't wait to know more about them. Chalys omg squeal.....This isn't the end. Truth be told I shed no tear for her.

If you read it you know what I'm talking about. Two years sigh.....she will be bad a\$\$ tho her growth exceptional. I...CANNOT....WAIT. Finally Alexandru pulled his head out of his orifice long enough to realize something. I recommend this def if you want to see how the master and his pet grow from this obstacle.

Lisa P says

This is my favorite by far. There's lots of action, mysterious identities revealed, deaths that were predicted and may or may not happen. I hope there's another book in the series and it comes out soon!

Roxy says

I WANT MORE!!!!

Alexandru and Zari's love is eternal and I'm glad they finally say what they feel for each other! I know this is the last book but I want more, I need more of Alexandru and Zari. Can't wait for Chalys!

Nessa says

There are often books that incite raw emotions when I'm reading, and this was no exception. If you tend to get emotional about the book you're reading, have tissues standing by. This series had valerie my attention from the very beginning, and this finale to the current arc of the story was freeing, draining, heaet-wrenching, and I feel an absolute necessity in order for the series to progress. There are many unanswered questions still, but I look forward to the journey that Marian has in store for Zari and Alexandru.

Crystal says

The woman behind the emotional problems has suddenly appeared. Katarina is now at LSL and for obvious reasons. Zari is now the one pushing Alexandru away. She's distressed and when she gets a vision that tears her up inside it's the perfect opening for problems. They are now chasing the deadliest demon yet and what could up mass death.

The ending to this series was good. I wish there was more to their story. I want to know what happens later though it says they will reappear in the Duke of Darkness series. I hope Erou gets his own series as well as the other characters.

Megan says

I loved this book and highly recommend it! There's an overall lesson taught that can ring true in anyone's life, whether intentionally done or not. It had suspense, drama, guilt, forgiveness, lies, and last but not least,

breath releasing truths. It's bittersweet that the book provides semi closure....for now! I will patiently wait for the continuation knowing the author will continue to put out more great books for our reading pleasure! I received an Arc copy of this book for an honest review.

Joanna says

OMG!!! OMG!!! OMG!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

It can't end like that! No. No. No.

OK now pulling myself together. This book was like all the other books of Marian Tee PERFECT :) I felt the agony and the war inside Zari and i wanted to kill Alexandru.

But then he does something and I go: "awwww you can live again ^o^".

There are new revelations in this book that will change everything and put many things in perspective so go and read it quickly to find out about them cause I am not saying anything ;p

I can't wait to see what happens next. Please Marian Tee hurry and finish the series :D:D

Amber says

Every one knows I love Marian and her work and if you don't now you do. This book was an awesome read. Would have loved a bit more affection and assurance from mr. Make us swoon a lot. And I still am not sure sure if I liked or disliked Ms. Steal your man by the end of the book. But it was still a good read 4 stars from me only because of my confusion over the antagonist I'm not even sure I should call her one of those.
