## **Vassalord, Volume 2** Nanae Chrono

Charley, a cyborg vampire who does the Vatican's dirty work, is the thrall of the local vampire playboy Johnny Rayflo. As the two fight crime-and each other-hilarity, violence and sacrilege ensue!

The plot thickens and the hijinks continue as our handsome duo put their own sexy spin on the Mile-High Club. An airplane ride yields several surprises for Rayflo and Charley, including a run-in with an actress with a dark secret and a mysterious saboteur. But as Charley begins an investigation of his own, his feelings for Rayflo seem to get in the way at every turn...

### **Saskia says**

3,5\*

---

### **Sophie Anderson says**

Much like the first volume, it was mostly just confusing. The book seemed to jump all over, although was more coherent than the first novel, I still had to go back and reread multiple pages to understand what was going on, and I never really got an in depth story at any point in time. The artwork was pretty, but also sometimes hard to follow, especially during an action scene. Overall, not one I'd recommend spending the time or money on.

---

### **Marcia says**

I think this is either a love it or hate it type series. I guess it is now my new guilty pleasure. i wouldnt exactly call it a love story, but dang if that isn't the reason i keep reading

---

### **machinaheart says**

3, 5 for the gorgeous cyborg and body horror illustrations and the thrilling ideas that come from that, so good looking!

---

### **Jessie H. says**

3.5/5 stars

---

### **Darkuria says**

I didn't see so much relationship between main characters, from what I've seen this manga is just a light comedy with a little of mystery and it has a soft shonen ai as a joke, that's all, at least in these two volumes, but it's enjoyable.

---

### **Holly says**

Good story & great art!

---

## Angel says

This continues to be an amusing read. It also continues to be a bit convoluted in terms of the art; sometimes it just seems way too busy for your eyes to keep track of it all. However, in this volume, you start to get a sense that there is a deeper plot going on. Definitely it is holding my interest, and I will look up the next volume.

## Bookwatcher says

### Why the writer (illustrator too, in this case) got lost?

Ok great disappointment!

After the 5 stars to the first volume of this Shonen-ai serie  
I was so excited to read more!!! Poor me, expending money to such lame manga.

**First** if this is a shonen-ai why Johnny get in bed with a woman? and kiss her???? WTF was that scene?

**Second** maybe the illustrator should go to the doctor treat the tendinitis. I hope that's the problem here... a sickness that would explain me why there is such abyss of quality in the art work between the #1 and the #2. I found a lot of flaws on the draw, and it's not acceptable to a manga. How can a graphic novel had it? Maybe I'm a little exaggerated, but I really hate this kind of problem... in a manga the draw is it's essence... if I find a lame job I get angry... very **ANGRY!** It's such a normal market problem! When the manga start the first volume is perfect and after, the serie can went down... well this one is so down it's in an endless abyss...

**Third** the public that read a shonen-ai want that... some male/male interaction. There isn't. So or the writer decide his/her's line of work, or there will be no one reading it.

**Fourth** WTF was that in the end? That's was THE END? Really? Seriously, I must read the last page and like it? WTF was that?

**Fifth** if the "jokes" in this story should made me laugh something was wrong... terrible jokes, and neither with the terrific good mood I was today, I smile.

**I do not recommend this volume** and I certainly hope it will get better... unfortunately I already bought the next volume

## Ashley says

Whenever I come straight out of reading a volume of this series, I always want to give it a high number of stars simply for the hilarity, but on later reflection, I always end up lowering my opinion. The second volume has pretty much the same elements as the first. Humor. Sexual tension. Hard-to-follow action. There are inklings of a larger plot beginning to surface, however, so I'm once again debating on whether or not to start buying this series. I definitely am going to continue reading it, though.

---

### **K T says**

In this one I really had no clue what was going on. Still fun.
