Biochemistry

Mary K. Campbell , Shawn O. Farrell

Biochemistry Mary K. Campbell , Shawn O. Farrell

Discover how the latest developments in biotechnology, genomics, and proteins directly affect your life with Campbell/Farrell's best-selling biochemistry text. Known for its logical organization and appropriate depth of coverage, **BIOCHEMISTRY, Sixth Edition**, balances scientific detail with readability that's ideal for those studying biochemistry for the first time. A unique new magazine-style insert, **Hot Topics in Biochemistry**, introduces advancements in areas such as the Avian Flu, stem cell research, blood doping, HPV, the Gardasil vaccine, and more. New in-text questions help you master key concepts of biochemistry, while end-of-chapter problem sets, now grouped by problem types, assist you in efficiently preparing for exams. State-of-the-art visuals throughout the book help clarify concepts. Biochemical Connections demonstrate how biochemistry affects other fields, such as health and sports medicine The book's popular Web-based tutorial, **CengageNOW for BIOCHEMISTRY, Sixth Edition**, uses diagnostic tools and tutorials to help you focus your study time on the specific biochemistry principles that are challenging you personally. Count on **BIOCHEMISTRY, Sixth Edition**, for the most current coverage and clarity you need to excel in your one-semester biochemistry course.
