Jeremy Dobbins-Bucklad says

A useful reference, but not much more than that, due to its lack of guidance on routines and progressions.

Janine says

I received this book through goodreads giveaways for an honest review.

Complete Krav Maga is a very detailed picture-heavy book. The descriptions and corresponding pictures are great at explaining each stance and move. A great book in learning self defense techniques.

Lady Rowena says

Lots of pictures and clear, easy descriptions of Krav Maga self-defense techniques. This book has been very helpful to me in my study of KM.
