"Once I started this book I couldn't put it down. Jesse and Zoe's story is beautifully written, thank you Gianna Gabriela. It's a must read."

Jesse Falcon has dedicated his life to one cause: to fight against that which has taken so much from him. He's learned the hard way that if you want something to be done, you have to do it yourself.

No more waiting for others to make a difference.

With football, a pre-med program and a coveted internship, he has no time for anything or anyone else. The truth is, he doesn't think his barely healed heart can take it.

Despite his determination to remain distant, he soon finds a girl who will not only fracture that resolve but shatter it completely.

Zoe Evans is an average college student.

She has a group of friends, and enough gossip lingers in the halls to make her days interesting.

Her whole world changes in a heartbeat though - one blackout, and a week-long fever forces her into a battle she isn't prepared to fight.

The odds are stacked against her.

Will she have the strength to prevail?

What a wonderful book, I loved it.

Jesse and Zoe had instant chemistry; they met in the hospital where Jesse was interning and Zoe was a patient, what Zoe didn't know, was that Jesse had been through this hospital nightmare before. Jesse had amazing friends that had his back, and Zoe had lost her friends when she got sick, they just didn't stick around for her extended illness. In walks Jesse like a ray of sunshine!!

A wonderful story of sickness, heartbreak, healing, friendship, discovering yourself and LOVE!!!

This is the second book in the Bragan University series. It is another great read by this author. I love her work. This is Jesse and Zoe's story. I couldn't put this book down, I was hooked from the start.

Jesse and Zoe had instant chemistry, they met in the hospital where Jesse was interning and Zoe was a patient. What Zoe didn't know, was that Jesse had been through this hospital nightmare before. They forge a friendship. Will it go further? There is definite chemistry between Zoe and Jesse, and you can't help but root for them throughout this entire story. But do they end up together?

I'm hoping there is a book about Chase in the future. I can't wait to read more about these characters.

I was hooked on Jesse and Zoe's story from the very beginning. They meet at a time where they both need each other. Their journey is a heartfelt one that is full of loss, love, and healing. I found myself drawn to the characters and their story. I did not put it down!! You will need tissues!! This is a great read and I cannot wait to read more in the series!!!

This book is the second book in a series. This book packed a powerful punch. It was really interesting reading about Zoe's struggle. I also really liked Jesse. But, I really liked Zoe's roommate, Emma, and am looking forward to reading her story. Overall, this was a good book.

Fighting For You is the kind of book that will keep you hooked from the very beginning. The story of Zoe and Jesse will fully and completely pull at your heartstrings. They meet at a time of sadness and hardship for Zoe, and Jesse is exactly what she needs. As you read, these two forge a friendship like no other, but does it go further? Can Jesse open his heart to another? What I truly enjoyed about this book is how it shows friendship between so many characters and how they are all there to support each other in times of sadness and happiness. There is definite chemistry between Zoe and Jesse, and you can't help but root for them throughout this entire story. But do they end up together? Does Zoe's past threaten the possibility of this relationship going further? I must warn you, that you may need a tissue or two, but to me, that's the sign of a great book if it gets you that emotionally vested. I highly recommend this book, it is truly an emotional read that you won't be able to put it down. Truly a beautiful story.

This was the sweetest story ever! Laughed and cried at the same time. ? Gianna has a true gift for making the reader feel all the feels of the characters.

Loved reading Jesse and Zoe's story! Their story gave me all the feels!

Can't wait to see what Gianna has in store for us next! She has quickly become one of my favorite authors.

This is so hard to explain, but I'm going to try..This book pulled on my heart strings because I know what it feels like to have and deal with what Jesse and Zoe have been thru and dealt with. They were the lucky ones when they found one another and understood what the other felt during their story.

The Love and understanding between these two will give anyone who may be going thru what they are and will go thru hope. I do wish this book was around for me 10 years ago..

This is one of the most heart filled stories I have read and I truly Loved reading it.

Gianna Gabriella managed to pull you in with this book and once your in you will not want to leave until the end.

This story has it all.

Love, heartbreak, understanding, hope and courage.

I've said this before, but Gianna knows how to write characters that make you feel. I was hooked since the start, which was my favorite part. I could feel the characters' pain and struggles. I was rooting for this couple to get together, it took them some time, but I get why and it was the perfect timing, otherwise, it wouldn't have felt real.

A great story about overcoming all kinds of obstacles.

### **Steph (A Brunette and Her Books) says**

In the face of tragedy, Gianna brings together two unlikely souls who realize the only way to get through life's ups and downs-is with each other.

Jesse and Zoe meet when Jesse does an internship at the hospital where Zoe has been going for treatment due to a cancer diagnosis. When Jesse and Zoe meet, sparks instantly fly, and a beautiful relationship begins between these two characters who come together in the most unfortunate of circumstances to beat a disease with the love they have for each other.

This was my third book from Gianna, and it certainly won't be my last!

### **Katrina Haynes says**

Wow, Gianna really touched my heart with this book.. I really enjoyed Jesse and Zoe story.. Such heart felt story even though the tears. I really think you enjoy this story as much as the first book. I not going anything away since not out yet.. I really wish I could give more then 5 stars because that how great it was.. ???

### **Jenny B says**

Holy Heart Strings. From the beginning this book captured and pulled on my heart in such a gripping way. Zoe and her fight against cancer felt so real to me with all the ups and downs that I would perceive a patient would be going through. Jesse is fighting his own demons he doesn't even realize he is possessed by.

I found myself cheering so hard for this couple and hoping they can make it through.

This is the second book in the Bragan University series and it is just as good as the first. This book centers on Jesse and Zoe. Jesse is the kicker for the football team and is pre-med at Bragan. Zoe is fighting cancer and had to drop out of her Sophomore year to get treatment. Over the summer, Jesse is interning on Zoe's ward and the two have a connection. After Zoe is given the all clear she is anxious to return to Bragan and resume a normal life. Although there is a definite connection between Jesse and Zoe, there seems to be something holding him back from taking that next step and committing completely.

Once again, Gianna Gabriela has surpassed herself. With the depth of the characters, the beautiful flow of the story and the feeling that you want these people to succeed, this story is an absolute must.

## **Rebecca Austin says**

Jesse Falcon is a pre-med student and a football player who is trying to heal his past loss through learning more medically and becoming a great doctor.

Zoe Evans has Acute Lymphoblastic Leukemia (ALL) and no longer knows how much fight she has left in her after cancer has taken away so much from her.

When Jesse and Zoe meet at the hospital the two become friends and soon Zoe is ready to move forward with things she has missed.

Can Zoe move forward with her own life or will she always be seen as the "girl with cancer"? Will Jesse's own heart be able to move on from the past or will he push Zoe away when she gets too close?

This was such an incredible book filled with lots of emotions that leave you in different states of emotion throughout the book.

I thought Jesse was a great character and I was impressed at his goals and aspirations due to the loss of Hayley. He was working hard at preserving her memory through his schooling and he wanted to make sure no one else went through what he and her family did.

Zoe was an absolutely amazing character and had such an enormous fight ahead of her and I was so proud of her for continuing even when she was ready to give up. Zoe was able to recognize that she had to jump on every opportunity she was given and I was proud of her for deciding to go back to school.

I loved how the friendship between Jesse and Zoe began and how they truly helped each other through things. I was so upset for what Zoe overheard at the football party and how that impacted her and how others viewed her. I loved when Zoe said to Jesse that "being with me won't bring her back."

The event towards the end of the book freaked the daylights out of me!!! Huge panic on my account!

The end was awesome when Jesse realized everything and I loved the scene at Hailey's grave!

Awesome book!!
