In His Will Cathy Marie Hake

Sondra's husband died, leaving her to fend for herself. When her only other friend, Miller, passes away, too, it's more than Sondra can take. But when Miller leaves her his cattle ranch, she can hardly believe how deeply she's been blessed. She just has to make it through one year with Miller's appointed ranch manager - then the Culry Q will be hers forever. Dylan Ward was Miller's neighbor, and they had a deal. But Miller's will completely changes the arrangement. Dylan is seeing red - red hair that is, because Sondra Thankful will get the Curl Q. Now Dylan has to run both his ranch and hers. Will Dylan be able to see the Lord's will, or just his own? Can Sondra ever find happiness again after losing so much?

Arielle says

Pretty good book but it dragged a bit, especially in the last half. 3 stars!!

Laura says

really short, really predictable, but really sweet. I believe this is actually 1 of 3 novellas.

Cynthia says

Loved this book, has just about everything in it, sorrow, love, new love. I would read more from this author

Julie Powell says

cheesy but clean.

Julianna says

Was a good story, cute couple.

Tonileg says

Contemporary (90's?) christian Western romance with a relationship of convenience theme when two strangers inherit the Curl Q Ranch. Dylan Ward is the great neighbor to Miller (dead fellow) who was like a son who must help widowed Sondra Thankful to run the ranch for a year so that she can inherit completely the ranch.

Sondra Thankful is a sweet pretty young pregnant widow that is still clinging to the love of her dead husband, but after seven months, after almost a year of partnership with Dylan they find themselves trusting and depending on each other as friends. To save the Miller ranch from the inheritance, Sondra and Dylan get married right before they will lose it because of just a few thousand dollars of not enough profit because of lots of mysterious sabotage.

Cute Christian romance with no hanky-panky with sweet characters that grow to love each other and the neighborhood.

Mom says

This was a fun, short read. Very lighthearted. The bantering between Sondra and Dylan is too funny and I actually found myself laughing in a couple of incidents.

Wendy Sparkes says

Another winner from Cathy Marie Hake. #1 in Oklahoma Weddings Series.

In his will

Absolutely loved this book. I fell in love with Dylan myself. Who wouldn't. Great book!
I love romance books the best.

Janine Sprague says

Modern Day Marriage of Convenience

Here is a sweet story of two people who keep misinterpreting things around them making the reader laugh at times. Sweet and tender. Perfect story to read on a lazy day.

Megan says

Dylan at first annoyed me, because he was so vocal about his opinions and bossy about them too. However, he started to grow on me and I liked watching Sondra and him interact with each other. The romance was a tad quick, but it was believable. All in all, a pretty good romance story.

Rose Chin says

I enjoyed this book so much, Sondra wanting to stand on her own, and Dylan trying to what his friend want

him to do. But running two ranches and Sondra getting in the way. How is a man going to do it all.

Debi Luker says

Totally predictable, but I really liked this story and related to her stubborn streak slow to accept help. Very enjoyable read!
