# From Reader Review Ma Pasalapudi Kadhalu [?? ??????? ?????] for online ebook

## Alok says

????? ?? - ?????? ??, ??? ?????????, ??? ????????????? ?????? ????? ? ?? ???.  
????? ?????????????????????, ??????????? ?? ??? ???, ??? ??? ???? ????.

This collection of Coastal Andhra (particularly villages on the banks of the Godavari) stories is a must read for everyone who knows Telugu. If not for anything else, definitely for the delectable descriptions of the godavari cuisine made more beautiful by Vamsy's trademark story-telling.

Any book will have a genre for itself.

This book is a genre by itself.

---

**Krishna says**

ok

---

**Sampath says**

this book is excellent

---

**Amman says**

I want to read this book.

---

**Krishna&Keerthi says**

Good one for with excellent godavari slang showcasing village beauty with stories

---

**Sannjeev says**

READ

---

**Mohan Dasaiah says**

good book

---

**ka?yap says**

These stories are some great examples of character studies. They are based in the Godavari districts where i grew up and traveled around extensively. Brought back many fond memories.

---

**Kanmani says**

It's pride to Telugu language.

---

### **Aruna Kumar Gadepalli says**

Probably this is one good story collection I read in Telugu. After "Kanyashulkam" this is one good book I enjoyed. This collection though is written based on various characters that the author encountered, but I find useful to other geographical areas as well. Good story collection.

---

### **Sanjeev Vadde says**

Vamsi is an excellent writer. Period! Leave aside the movies, leave aside the other stuff he does. The way he describes some of the lives is completely surreal for people who grew up in cities or urban landscapes. These short stories let us experience a different world!

---

### **G Veera says**

Good read... Another excellent work by Vamsi.

Something special about Vamsi style is,

The dedication he draws from the user, by completely involving us with the surroundings and characters of the story is brilliant.

Genre: bit adult

Yes, I would suggest this book to my (young+)friends.
