This manga is repetitive.

Sarah says

[Seriously? EVERY ONE OF HIS FRIENDS wants to rape Ayase? it's like Ayase :: Any guy in this universe as Catnip :: Cats. Even his NICE friend is a crazy who kidnaps and tries to rape him? I mean, we're already deep into the realm of awful-yet-strangely-addictive-romances with Kanou/Ayase, but everyone else.... agggghhhh. (hide spoiler)]

Honey says

After being attacked by his classmate, Ayase tries to keep it from Kanou and makes him furious as a result. When his friend tells him that his attacker needs help, Ayase tries to get to him, only to discover that things aren't as he thought they were and no one can be trusted.
