Pastures of Faith

Sarah Price

Pastures of Faith Sarah Price

In *Pastures of Faith*, the third book in the Amish of Lancaster Series, Daniel Lapp is a young Amish man, content with his life farming and not looking toward the future. Rachel Lapp is a distant cousin from Ohio who is sent to live on Daniel's father's farm.

Daniel doesn't know what to make of her strange ways and reserved demeanor. But he does know that he isn't looking to settle down with anyone. He'd rather be left alone to work in the dairy barn and fields alongside his father.

Yet, when Daniel begins to learn more about Rachel and the reasons why she was sent to Lancaster County, Pennsylvania, he begins to see her in a different light and realizes that there is more to the quiet, stern cousin than meets the eye.

After studying the Amish for over 25 years, Sarah Price delivers one more book that will inspire your heart and soul. Based on her own authentic experiences living among the Amish, Sarah Price provides a real look inside the often secret life of the Amish. Readers will not be disappointed.

WHAT READERS SAY:

For fifteen years, I never thought another Amish author could come close to Beverly Lewis...until I read Sarah Price. (Karen Anna Vogel, Best-Selling Author of *Amish Knitting Circle* and *Knit Together: An Amish Knitting Novel*).

I absolutely love your books. We first visited Lancaster County 20 years ago on our honeymoon and have been visiting as frequently as possible. I consider the area my second home. Reading your books make me a little less homesick! They are so wonderfully written that I feel like I am there! Thank you. (Alice B. from North Haven, CT)

Your books capture the heart and soul of the Amish.....both as individuals and in the spirit of their religion. They are insights into a world of unknowns for many people. How can a reader not feel inspired and fulfilled after reading *Hills of Wheat and Fields of Corn*? It is life with all its issues and hills and valleys. Well done, Sarah. (Eleanor H. from Florida)

ABOUT THE AUTHOR

Sarah Price's ancestors emigrated from Europe in 1705, settling in Pennsylvania as the area's first wave of Mennonite families. Sarah Price has always respected and honored her ancestors through exploration and research about her family history and their religion. At nineteen, she befriended an Amish family and lived on their farm throughout the years. Twenty-five years later, she now splits her time between her husband and children in the NYC Metro area and a farm in Lancaster County, Pennsylvania where she retreats to reflect and write.

Sylvia says

I loved this book!! Great story!! Love this author's books!!

Deliasue says

This book carries on the story of the Lapp family, I love how Sarah puts the families personalities in her book, it makes you feel like you know the people personally. I can hardly wait for the next book to come out.

Denise says

Another great book.

Lucy Robertson says

Not disappointed.

I enjoyed the continuation of the story of this family and their unique happenings that is so different from every day life in America. Great reading! Ready to start the last book in the series.

Pat says

Great story about healing power of love, trust and faith in God and each other.

Sarah Price says

Full disclosure: Having written the book, I'm inclined to rate it high. This was a tough book to write, especially following Hills of Wheat, my favorite book because of how I fell in love with Sylvia and Jake. But it was fun to weave Jake into this book. He will also play a prominent role in Valley of Hope, the next book in the series.

Laura Chapa says

I truly enjoyed the book! I loved each character and their development! It made my heart swell with anticipation and I hung onto every word! I definitely recommend this book, it had plenty of twists near the

end that made it worth while.

Meg says

A good story, easy to read.

Donna says

Wonderful

Two words come to mind about the story: tragedy and redemption. The healing of a young Amish woman who sent far away from her home to forget the tragedy is inspiring.

Pam says

Enjoyed it very much- especially having the Jake character brought into it. I really liked him from the last book.

Debbie says

I just finished "Pastures Of Faith" by Sarah Price. It is the 3rd in a series of 5 books. And through I liked this book the first book "Fields Of Corn" is my favorite one so far. Rachel's mother is killed by some English boys and Rachel cannot get over it and move on like the Amish are supposed to do so her dad sends her to his cousin's farm to heal and then Daniel finds himself drawn to her. I give it 5 stars I like the fact that the author brings all the characters into the next story as well as bringing new ones in.

Julie Holdsworth says

Not edited

Other books I've read that Sarah Price has written were great. This is her worst I've read. The editing apparently didn't happen. Using the word statue instead of stature frequently, poorly composed sentences, bad grammar, other words used incorrectly like your instead of you're and worse! If you prefer a well written book with good grammar, this is one to avoid.

Tina Watson says

I loved this story.

FAITH. LOVE. HEALING WOUNDS. NOT TO BELIEVE EVERYTHING YOU HEAR; GET THE TRUTH
