## **From Reader Review Poo Agility Stars for online ebook**

### **Muse says**

I got this book for free through Goodreads First Reads in exchange of an honest review.

Very cute book about two Poodles who show off their acrobatic agility skills and show that hard work in the end does pay off. I thought the book was adorable. I loved the simple message behind it, and it would be a great book for children! Not only is it easy to read and follow, the beautiful colorful illustrations grip your attention till the very end.

Well done!

### **Tarran says**

My kids and I loved this book! It has a great lesson and its fun to read!

---

### **Teresa says**

I won this book free through Goodreads First Reads.I think this is a great teaching book for children. The more you practice, the better you will get. This book teaches that if you practice hard enough, you will succeed and to always be confident in what you do.
