Issue 4 continues the roll that this series has been on! This issue was very chaotic, not in a bad way, its like when the heroes come up with a crazy plan that has a high probability of failing and at the end of the movie your adrenaline gets pumping, worrying that there gonna fail. This issue had great story, great art and a lot of hardcore action! Highly recommend this series!

A nice comic adaptation of David Weber's excellent sci-fi space opera. This is really enjoyable, even for someone who has read the *On Basilisk Station* novel. I'm loving the graphics, but am still struggling with the shortness of the 'episodes', it seems like I only just get settled into it only to encounter 'to be continued'. Oh well, this is the nature of the comic book format I guess, and one that I'm still relatively new to. But I'm loving it.
