## **Three Trials** Kristy Cunning

So, I've checked off some life goals and added a few new ones to my list.

Goal #5: Get out of hell's belly without letting my ungrateful charges die.

Goal #6: Get a new name that's more badass.

Goal #7: Stop wasting my breath on lectures and start annoying the quad hell squad every time they annoy me. Fight fire with fire. Ha! Another hell pun.

Goal 8: Find out who the hell killed me.

I'll add more. I don't want to overwhelm myself before I even finish checking off my old goals. But seriously, I really do need a more badass name, considering how much I have to keep saving my damsels in distress.

I probably shouldn't call them damsels, since they're a little murderous and all.

Maybe I should add seeing a hell-certified psychologist to my list of goals.

## From Reader Review Three Trials for online ebook

### Jilly says

Even better than the first one!

Our heroine, Ghost Girl, is snarky and hilarious. The four guys have become less assholeish, which is awesome, but they are still a bit on the moody side. Luckily, Ghost Girl figures out their mood-swing problems. See, they are VERY bonded and they live together and do everything together. What happens when girls do this:

*"I think I know why you're all so moody... You all have your man-periods at the same time....Episodes of homicidal rage. Uncontrollable lust. Middle-of-the-night pizza cravings..Yep. You're all totally synced up..."*

It's hell.

Speaking of hell... this book gives us a lot of answers to the questions we had from the last one, like who the hell are these guys and does Ghost Girl have a real name?

She does, and it's appropriate.

But, I still think she's adorable. I totally approve of her T.V. viewing choices.

*my attention snagged on the weird cat on TV as he tries super hard to get some lasagna. Why have I not seen this cartoon sooner?*

I can so relate to this cat.

There is smut, course language, violence, murder, hell, blood, the devil, and tons of vagina talk, so if you have any sensitivity - stay away. If you can find the humor in all of that - you need this series in your life.

---

### DW says

Love love love Keyla. She is my most favorite chick right now. Also.... Team Kai here!!! ♥?

Bring on book 3!!!

---

### Sophia Triad says

*Just a suggestion: When the Devil says, "Lets the games begin," see if you can run in the opposite*

### *direction.*

If book 1 (Four Psychos) was the book of questions, book 2 (Three Trials) is the book of answers. And (Shh! Don't tell that I told you!) it is the book that the guys will finally grab the ghost girl.

With an even more intriguing book cover and a title that includes the word "trials"; it is obvious that games will be integrated in the main characters' attempts to learn who they really are.

A fast paced story which happens mostly in the interesting, vast, unpredictable and dark area of HELL!

The four guys will discover new allies. The girl will discover her real family, her preferable family, her nickname and her true name (which name will make sense somehow...)

Hopefully we will have book 3 soon. Please.

### **Deborah says**

Re-read 10th - 11th August 2018.

Original review.

I'm absolutely loving this series but this book went by far too quickly, I tried to slow down but I couldn't since my curiosity to find out what happened was stronger than my need for this book to last longer.

This picks up where the previous book Four Psycho's left off with the third trial (yes you must read that first) and it's brutal, designed by the devil himself. It soon becomes apparent that no one is meant to survive this trial and Keyla has her work cut out for her keeping the guys alive.

Keyla is slowly winning the guys over although Jude is holding out not wanting to risk their bond. This book is a funny entertaining read I love Keyla and her constant costume changes and the guys, all of them to the extent where I can't pick a favourite and that's another thing I loved, the way she changed her favourite all the time.

In this book we find out who the guys really are...okay so we've known that all along but we also find out who Keyla is and her link to these four and that I didn't see coming.

So now I'm waiting not so patiently for the third book, I wish I'd checked before I started reading I would have held off until the whole series was finished but it's too late for that now.

### **Amo Jones says**

GIIRRRLLLLL...

I'ma need the third book stat!

Where Kristy Cunning at?

This book was... no words. Fcking amazing.

---

### **Annika says**

More fun, more snark, more action, more hotness.

I'm thoroughly enjoying this series. It's an easy read and perfect for the times when your brain just needs to shut down for a while.

Also, this is surprisingly (and blessedly) non-smutty, so if you're looking for some dirty Erotica, these books aren't for you.

I did like the first one more, though, since there was quite a bit of info dumping in this one, and the trials felt a little drawn out.

---

### **♥Rachel Anne's Romance Must Reads♥ says**

4.5 stars

So glad she isn't making us wait for these! Come on book 3! Really liking this series!

RTC once series is finished

### **Sh3lly (grumpybookgrrrl.com) says**

Blog post for the first two books here.

Here we are. Back in hell again. With Keyla and her boys.

It's just SO GOOD.

Well, we get a lot of answers here, but you are still left wanting MORE. I don't even have much to say because it would all be a spoiler and you should just READ IT and then you can know how awesome it is.

It's funny, sexy, and it's about Satan's children and some HOT dudes who love this awesome chick. There are no annoying tropes, no angst, no contrived drama. 100% entertainment and I can't get enough.

Buddy read with Reverse Harem Revolution February 27, 2018.

Four Psychos Dark Side #1: ★★★★★

Only \$0.99 on US Amazon Kindle!

### **Jessica-👉Chatterbooks Book Blog👈 says**

4.25

It's official! I'm in love with this series and these characters! ? We get some answers in this installment as to what Keyla actually is, and why she has a connection to the boys. The story is unique, the characters are hilarious, and the romance is hot!! I had a ton of fun reading Three Trials, and I really wish I didn't have to wait for the next one! ? The author said it shouldn't be too long, and I sincerely hope she means that! If you like paranormal reverse harem, you do not want to miss this one!

---

### **Neringa Neringiukas says**

Okay, I thought of all ways how this story can go and I can confess, I didn't see it anyway. Lol. I was surprised. I'm happy with secrets revealed. Those were killing me in first book. But there is still some to bring to light.

It was even more adventurous than first book, because of the trial. But also this story might make me shed some tears a moment there. Damn, that was painful and I wish I could have been in everyone's head to see how they were feeling. But aftermath was as powerful and satisfying, just having one POV.

I loved Keyla before and that didn't change. Actually, I think I love her even more. She's just a source of delight. And Jude, Gage, Kai and Ezekiel.... Sighs. They are wicked. ? Not sure why, but while I was reading, these five characters made me think of the Fifth Element. Maybe my gut tried to tell me something.

---

### **Bibi says**

If you didn't know, Kristy Cummings also writes as, **C. M. Owens and S.T. Abby**. Pick any book of hers and you will get stories that are insanely fun, engaging, with characters that are multidimensional. And although I enjoyed the first book (Four Psychos) immensely, this one is indulgent and vapid, which made it quite tedious to finish.

---

## **Penny says**

I love this series.

This book didn't disappoint, it made me laugh from the start, I was so hooked I couldn't stop.

**Entertaining, humorous, sexy. A great second installment.**

The book starts right where the first one left off. So much so, that if you read them back to back you won't even realize that the story is separated in different installments. I only wish we could have had more in depth development of each of the guys so we could know them better.

I can't wait to read the next one.

---

## **Al \*the semi serial series skipper\* says**

This book set me on fire, I had to pause to drink some water because I was so *thirsty* .

I see there's no expected publication date for book three even though she said it was ready before this was released which was 4 months ago, what is going on?! We don't even have a cover! I need more ~~sex~~ drama with my boys.

---

## **Megan says**

This one was soooooo much better than the first book!

---

## **Melanie (mells\_view) says**

**I'm just sitting here trying to pick a favorite psycho!**

People. If you like supernatural romance with a heavy dash of reverse harem and you're not reading this series then you are TRULY missing out.

In book two we get so many answers to ghost girl, and the four psychos pasts/presents. I honestly had no clue what any of them truly were, but once the author lets us in on their true back story it all makes perfect sense.

The tensions from book one are fulfilled and I will say it was well worth the wait. There's a bit more action in this book, less story building, but lots of info giving. All very entertaining and interesting.

All in all if you like PNR, with detailed back story that's actually as interesting as the romance and naughty bits, then The Dark Side Books are for you!
