**Unmasked** Eric Summers (Editor) , Sedonia Guillone , Milton Stern , Christopher Pierce , Stephen Osborne , Kiernan Kelly , Mark Wildyr , Ryan Field , more... Armand , DesertMac , Troy Storm , Henry Kujawa , Jeremiah Bodkin , Jay Starre ...less

Next time you are rescued from a burning building by a tall, hung, muscle-bound man in tights, will you offer your services in appreciation? Why not? Superheroes have needs just like everyone else. All you have to do is promise to protect his secret identity and try not to damage the spandex! Some things just won't wash out. With any luck, you might become a sidekick. Every superhero has a super ability, and this latest Eric Summers collection of erotic short stories highlights those incredible talents that seem to come out when the sun goes down and the bedroom door closes. But, every superhero also has a weakness. Be careful because one such superhero in Unmasked: Erotic Tales of Gay Superheroes loses his powers if he has an orgasm. What is a boy to do?

Unmasked: Erotic Tales of Gay Superheroes tells the stories of those hot men who are powerful in a dangerous situation and equally powerful under the covers. Try not to fall in love because the life of a superhero can be a lonely one, and the life of a heart-sick admirer can be even lonelier. Just lie back and enjoy the moment as a man with a cape and a mask takes you to new levels of ecstasy.

Featured authors: DesertMac, Jay Starre, Troy Storm, Christopher Pierce, Stephen Osborne, Kiernan Kelly, Mark Wildyr, Ryan Field, Armand, Sedonia Guillone, and Jeremiah Bodkin. Plus a special bonus: Unmasked includes a comic strip by erotic artist Henry Kujawa.

## Unmasked Details

## **From Reader Review Unmasked for online ebook**

### **Rocky Sunico says**

Really poorly written collection. There are better free stuff to be found online.

---

### **Toni (U.A.C.) says**

This book was a "good, bad, and the ugly" read for me. My favorites:

Tights by DesertMac

Flying Fuck by Jay Starre

Gravitar by Armand

---

### **Kaseka says**

I was surprised by how quickly I read this book, but given an anthology of fun stories with quirky superheroes, I really shouldn't be.

The reason this has 3 stars instead of 4 is a matter of personal taste. I enjoy homoerotica that is more relationship-based and has a slower build-up than can be fit into short stories of the length in this book. Also, most of the stories in this anthology were written in a very "masculine" style, and contained slews of anatomy euphemisms that were off-putting because I couldn't take them seriously. So while such word/phrase choices were amusing...I not sure amusement was what many of the authors intended me to feel in the scenes those euphemisms were used.

But as I said, my rating is a matter of personal taste. Many other stories have similar styles of physical and sexual descriptions as those in this book, and that style fits the tastes of many. Unfortunately, I'm just not one of them.

All that said, I did have fun reading this book, and will probably read *Unmasked II* when it comes out. With superheroes and homoerotica, it's hard to stray too far in the wrong direction.

### **L.A. Jacob says**

Fun. Lots of fun. Reading Book II

---

### **Amy Aelleah says**

DNF - PG 77

I was all for a cheesy, smutty superhero romp. Well, it's certainly cheesy, but the smut is...not really smut. I don't know, it's difficult to explain. I knew these stories wouldn't take themselves seriously, and that was awesome in and of itself, but the erotic side left me cold.

## **Suzanne says**

Only read 3 of the stories. Fun & hot if you're interested in a quick read. I'll get back to this eventually.

---

## **Jeff Erno says**

This is a lighthearted, fun, and sexy read. Yes, some of the stories are silly and exaggerated, but I think that's the point! You should be able to tell by the title and the book jacket that the authors were not shooting for a Pulitzer Prize here. They were having some fun, and I appreciate that they shared their talent and their humor. This would be a great book to read after completing a really serious novel. I guess I'd call it literary candy.

---

## **puneet says**

these are a collection of short stories ! they are so hot ! really erotic !

---

## **Karel says**

Only one good story (Kiernan Kelly's) and a couple that were halfway decent. Some of the stories and their writing were terrible, not to mention uninteresting. Ryan Field gets a special mention: straight out porn with a superhero whose power is to give great sex who goes on to become part of the porn industry. Is this even in the right anthology?
