Fee says

This has to be my most anticipated book of the decade!

Gemma O'connor says

Hurry up and publish please!!!

Greg says

I am a huge fan of Jasper Fforde. I love his style of writing and can't wait for the next book. The first, I couldn't put down and was a little disappointed when I found that I will have to wait years' for the next installment.

Veeral says

I used to laugh at people whenever they told me that they were dying for such and such book to come out. Being a reader who used to read books long after they were published, I never had to go through the agonizing mental pain of waiting for the next book to be published, and so thought that I was above such non-sense. It's only a book after all. It'll come out when it'll come out.

It all changed when I started reading George R. R. Martin (you know which books), Scott Lynch, and 'Shades of Grey' series by Jasper Fforde.

Now I know.

Let's see which one of the three beats the other two (I have my money on Scott Lynch).

Emma says

You are an incredible author Mr Fforde. I am biding my time — painfully and patiently — and will be reading the hell out of it when it gets published. I'm sure it'll be a jaw-dropping work of art, as the first one is! No one else can make dystopia work the way you do.

Ivan Ocampo says

2015 as published date??! Damn .. And it isn't even a sequel to Shades.. What a shame - my favourite of Jasper Fforde's creative universes is falling by the wayside

Andrew says

After taking a while to get my head around the complex and intriguing universe these books are set in, I'm hooked.

Jumped on to buy the next book and it's not even written yet!! It's like Game of Thrones all over again...

Must research better next time.

Michelle J. says

PLEASE, for the love of all that is good, write ffaster, Mr. Fforde!!!! I cannot wait!

ally ~(?)/~ says

There is currently nothing in the world that I want more than this book.
Seriously. And I really don't care how crazy that sounds.

Alaa says

What will I do with my life until this is published?

Ashley *Hufflepuff Kitten* says

Hmmm so hopefully 2019. Huzzah.

Sarah Brehm says

April 18, 2018:

So I finished Shades of Grey last night, which means that I have now read every book that Fforde currently

has published. And while I absolutely love the *Thursday Next* series and the *Chronicles of Kazam*, it's the *Shades of Grey* series that I desperately want him to finish first... because...

Kelsey says

This book isn't even supposed to be published for a couple more years - they are teasing me by even having it on Good Reads. Hurry up Jasper Fforde, write faster!!

Abigail says

****UPDATE 12/17/18****

From Jasper Fforde's Twitter, 11/09/2018

"The next book will not be a Next book. The one after the next book is DS4, and the next after that will be SoG2. Then there will be the next Next. The next book is a standalone about rabbits. I hope that's clear."

...In case it's not,

1. Meet The Rabbits*
2. Dragonslayer 4
3. Shades of Grey 2***
4. Thursday Next

If you live in the UK, Fforde's standalone novel, *Early Riser*, is available now! Those of us in the US can grab it February 12!

*From his site, updated 5/18:

"Meet The Rabbits: Sort of "District 9" meets "Watership Down". Blatantly unsubtle allegorical novel about Rabbits moving in next door. We live in unsubtle times, and this calls for unsubtle books. I should be done with this by the end of June 2018, so hopefully 2019 for publication."

***From his site, updated 5/18:

"Either a prequel that takes place before the 'Something that happened' or we'll just carry on straight after Eddie's marriage. I'm favouring the latter. I'll be working on this in 2019 and am not sure how long it will take to write."

---ORIGINAL POST---

While we still have an agonizing two years to wait for the second *Shades of Grey*, Fforde says he's doing a standalone prequel about the *Something That Happened* coming...eventually... So that will ease the hunger, I suppose...

UPDATE

Looks like we can expect a completely unrelated book called *Early Riser* set to release in **January 2016**.

Presumably this is the "Super secret standalone" described on his website.

Amazon UK description reads:

"Imagine a world where all humans must hibernate through a brutally cold winter, their bodies dangerously close to death as they enter an ultra-low metabolic state of utterly dreamless sleep. All humans, that is, apart from the Sleep Marshalls, a group of officers who diligently watch over the vulnerable sleeping citizens. When John Fugue, a junior Sleep Marshall, finds himself in the forgotten rural outpost of Sector Twelve, he hears of a conspiracy - a viral dream is somehow spreading amongst those in the hibernational state, causing paranoia, hallucination and a psychotic episode that can end in murder. When Fugue enters the Sleepstate himself and wakes two months later, all those who knew about the dream have disappeared and, more disturbingly, Fugue himself can recall parts of the viral dream - a dream that shouldn't be possible."

So everything's been pushed back, SoG prequel not expected till 2016 along with the fourth Dragonslayer
T_T

Ah, well. His books are good enough to be patient for ^u^

UPDATE 11/8/16

From Jasper Fforde's Twitter, 10/19/2016:

"Writery update: at present, my plans: Early Riser, Dragonslayer 4, as yet untitled novella, Shades of Grey 2, Thursday Next 8..."

The agonizing wait continues, but at least there's The Last Dragonslayer film to look forward to this Christmas.....

T^T

UPDATE 2/11/18

From Jasper Fforde's Twitter, 01/19/2018:

"Just finishing Early Riser now, so we'll have a pub. date soon and news of future books. Normal service will be resumed as soon as possible"

(Early Riser being a standalone novel unrelated to SoG, but hopefully this means we'll be hearing more soon!)

Tehmer says

Hidden Rule 5.22.01.002.54-codebook B - The muse is an animal that must not be chevied

Yes, I want to read it, to know the full truth, and yes, I am ready to do my obligation and wait for as long as it takes Jasper to finish it. The first one is so simply amazingly brilliant that I keep my fingers crossed that the whole saga is somewhere in his head and he takes all the time that is needed to write it down in the quality we love.
