PHENOM BOOK! BREAKS DOWN WHO WE REALLY ARE IN CHRIST IN DAILY DEVOTIONALS. MY LIFE REALLY CHANGED AFTER THIS READ.

Larry says

Every believer in Jesus Christ needs to read this book. In order to enjoy all that Christ has purchased for us, we need to know who we are in Christ. It is like owning a Lamborghini and only knowing what it is to drive in either first or second gear. There truly is so much more to experience -- the profound peace and rest that is available because one KNOWS that all of what Christianity holds is already purchased for us -- completely by the blood of Christ. We do not need to perform to get more of God's approval.

Adrienne says

Excellent and thought provoking

Sandra says

Accepted in Christ

I am accepted
As God's adopted child
Christ calls me friend;
Through Him, I'm justified
I am united with the Lord
And one with Him in spirit
I've been bought with a price
As God's possession, I inherit
Direct access to the Father
Through the Holy Spirit;
I am redeemed,
A forgiven saint
In Him,
I am now complete
--
Secure in Christ

In Christ, I am secure,

Forever free from condemnation
And from the love of God,
I will find no separation
I know that all things
Work together for good
By the hand of God
I have been established,
Anointed and sealed
By the Spirit of God
I am hidden with Christ
And confident that the good work
God began in me
Will be perfected in His time
For I am already
A citizen of heaven
With a spirit of power, and of love
And of a sound mind
I need not fear, for I can find
Grace and mercy in times of need
For I am born of God
And the devil cannot harm me
--
Significant in Christ

In Christ, I am significant
In Him, I find my worth
I am a branch of the true Vine,
Salt and light upon the earth
I have been chosen and appointed
To bear fruit with His life
For I am God's temple,
A personal witness of Christ
I am a minister of reconciliation
Co-working with God
Who is forming me
Into a work of art
I am seated with Christ
In His glorious kingdom
And may approach His throne
With confidence and freedom
I can do all things
Through Christ, who strengthens me

This is who I am in Christ
My renewed identity

Laura Grant says

This book is an excellent biblical reference on our identities in Christ.

Trevor says

This excellent devotional of 36 short chapters covers many of the basic Christian teachings regarding our wonderful position in Christ. Practical, inspirational and easy to read. Highly recommended.

Mindy says

A great book to bring to light 30 some truths we are as Christ followers. I would recommend a read through at least once of this. My biggest dislike of this book is that the author continually used examples of people having been set free but from reading his other books. It gave me a feeling that I might be reading the wrong book or that he was promoting his other books or that I needed to attend one of his conferences. If the author writes an update, I would love for him to remove those examples or references to his other books and use ones from people reading this one. Or just from understanding the truths the Bible gives us.

Stephanie says

Good book for refreshing your identity in Christ. One of, if not the most, important aspect of our walk with the Lord, and living a life of victory.

Lib says

This is a must-read for Christians. I read it when I was 20, and now again at 42.

Ian says

I hadn't read any of Neil Anderson's books before even though I was well aware of his works. I've been on a journey this past year coming to understand who I am in Christ. I've discovered that it is only in discovering who God is and who I am in His Christ that transformation of your mind can begin to take shape (Rom 12:2)

Anderson's concise and Scripturally sound work is a powerful addition to the "Who I am" volumes of work that are found in both Christian and secular bookstores. It comprises 36 3-4 page readings based on a Scriptural truth of God's love and our position in relation to Him. Each reading typically references a situation he has come across through his counselling and responses to his many books. These add context and practicality to his thoughts on the verse. Each reading ends with a prayer.

It is organised into 3 parts: Our Acceptance in Christ, Our Security in Christ and Our Significance in Christ.

It's an excellent and well written book and on finishing it I have started on it once again. I take one of the 36 chapters per day and allow myself to mediate on its contents during the day.

Highly recommended especially if you're grappling with understanding your position in Christ.

Glenn Crouch says

I used this book as part of my daily devotional time, using a chapter at a time.

There are several excellent chapters (out of the 36 chapters), and I would've like more of them ;-)

Now the following criticism may be due to cultural-bias or denominational-bias (I am an Australian Lutheran Pastor), but it is how I found the book. The Introductions (and sometimes the Conclusions) of many of the chapters come across as a "sales pitch" for the Author's courses and/or books. The quite long letters of praise to the Author seemed strange and once again seem to praise the Author as much as our Saviour. Similarly the illustrations used seem artificial even though many were presented as true stories.

I also found that the Author often argues that when you are experiencing / feeling A, it is because of Spiritual problem B - whereas I often experience "A" and am reasonably certain spiritual problem "B" is not mine (I do have heaps of genuine sins to deal with, so am not claiming any sort of perfection). This leads to a sort of disappointment with the chapters in question.

I do think the Author has quite a good message, and as noted there are several superb sections that I praise God for, but my overall impression was one of disappointment - of thinking that this book could easily have been much more!

Deanna Peshl says

The message behind this book is a wonderful reminder of what we are entitled to when we call on God as our Savior. I found encouragement in the biblical context, however I was a bit annoyed at the personal context of the book. This is the first book I've ever read by this author and basically in each chapter a reference is made to another one of his books. I just found that really distracting-especially when the reader has no idea what he is referencing. I found it odd the way he talked so much about himself and his programs, conferences, books etc...

Melanie says

This is by far one of the best devotionals I have ever read. This book offers hope, answers questions and reminds us over and over again that we are accepted, a saint and complete. This would make a great gift for anyone but especially someone who has recently become a Christian.

Lindsay says

First step into freedom.

I never realized how many years I was believing and fed lies in my life. No one taught me any differently and explained with such honesty in light of God's Word! I had many of these lies that I now know how and when to renounce. It will take reconditioning of my mind daily but I will believe the truth because I want to be able to tell this eye witness account of how God brought me out of captivity of fear into the courage of His truth and my new identity.

Ian Rowlands says

This book contains precious truth that every Christian should know and own. They are often well illustrated. In the end, though, the book was fatally flawed to me as there was too much of Dr. Anderson, Dr. Anderson's programs. A firmer statement of reliance on the Holy Spirit and examples from further afield would have added much.
