This book calls itself a Level 1 reader appropriate for K and 1st grade. I found the text a bit advanced for my kindergartener, though. He could easily read some pages, but others had long words or slightly more complex sentences (or Swahili words!), enough so that I think the 1st grade tage is probably more apt than kindergarten. He's a fan of the Lion Guard, though, so he enjoyed this. I felt like the plot of the story was too choppy and a bit confusing. I bet it helps if you've seen the TV episode this book is based on, which we haven't.

This is basically a simplified book format of the TV episode by the same title. It does make it a little extra fun as it adds in translations for the Lion Guard's catch phrases as well as a little animal facts page about honey badgers in the back of the book. As a level 1 (pre-k-grade 1) world of reading book, it makes for a good introduction to reading for small children. Bonus if your child likes animals and/or *The Lion King*. Don't have to have seen the Disney Junior series this is based off from *The Lion Guard* in order to enjoy it, though it does make it a little easier for small kids to follow along if they are already familiar with the story.

I already love most of the World of Reading books, but this Lion Guard one is probably my favorite. This is the same storyline as the episode, so if you've seen it, it's nothing new. What I do like is that it includes what the Swahili words mean. I think that is great for the kids and parents.
