Kate says

I would be completely fine if this turned into a Bleach clone.

Kahlil Kinser says

Interesting characters but the story's pacing feels disjointed and off, a problem that continues through most of the series.

Amy says

The back story of the 8th force! I found it to be more interesting this time around, of how the captain and chief came together as a team.

Je crois que je vais laisser tomber ce manga. Les dialogues sont souvent redondants et sans intérêts, l'histoire avance vite mais les évènements s'enchainent au hasard. Les révélations arrivent grosses comme des maisons. Certains personnages secondaires sont sympas mais les principaux sont carrément lourdingues. BREF, je ne comprends pas l'engouement des lecteurs !

Jeremy Martin says

YUS! Finally we see the true enemy and their goal and it's pretty fantastic! The action and animation is life.

Hana Eka says

Masa lalu dan masa awal pembentukan divisi 8 :)))

Toni says

Shitty “fan-service” in the middle of an action sequence... why?

Looks like I'm adding this to the dropped series list.
