Bridget Linda Lael Miller

They are the women of Primrose Creek, and their strength and passion is a match for the Nevada frontier they call home. Linda Lael Miller masterfully captures the hardships and dangers of a country swept by the winds of war -- and the daring and determination, the hopes and dreams of four unforgettable women -- in a thrilling new series. When Bridget McQuarry comes to settle in Primrose Creek, she has nothing to lose; her husband, Mitch, was killed in the Civil War, and she has lost her family farm to ruinous Reconstruction taxes. With her baby son and a sister to care for, Bridget vows to make a new start out West. But when Mitch's best friend reappears in her life, he sparks a forbidden passion she thought was forever buried.

Trace Qualtrough grew up with Bridget and Mitch -- three happy childhood friends. But the attraction that fluttered between him and Bridget was silenced when she married Mitch. Now, Trace has come to fulfill Mitch's final wish -- to watch over the lovely, spirited Bridget. And now, Bridget and Trace must discover if their restless desire is a shattering betrayal -- or something sweeter the second time around.

The first of four Women of Primrose Creek. Bridget is a widow with a son. Trace comes to help her as her husband wanted him to do.

She is made that he talked her husband into going to war and he gets killed.

But Trace stays to help.

They work to out their differences and find their love that is made just for them.

Their love is just the beginning of this series of the four women who find the man that was just for them.

The Women of Primrose Creek Series just popped up in my library. I love Linda Lael Miller stories and this one, though from 2002 is a winner. Love the stories of strong women and the men who fight for them. It is a short story and a lot is packed in on Bridget and Trace's story. Recommend this sweet story of the west and the men and women who fought for it. 4 stars

pretty good

Linnea Bassin says

Nice story

I enjoy stories with strong woman and the men who love them. This story did not disappoint. I look forward to reading more in this series.

I'll be honest, I didn't love this one. I'm a big fan of Linda Lael Miller, but this early work just wasn't what I have come to expect from her. Bridget lost everything in the civil war and has moved her son and sister out west for a new start. Her best childhood friend has followed her and wants to make a life with her.

I just wasn't feeling it with this book. I found Bridget's treatment of Trace exhausting. He was trying to help her and she treated him like dirt. For something that wasn't his fault. The affection was one sided for way too long and I wasn't convinced in the end that they were in love. The end action scene didn't make much sense to me. But I will admit that I did skim parts of the book, so that may have had a factor in my confusion. In all, I wouldn't really recommend this one. I may try the second one, but it won't be a priority.

Peggy McKinstry says

This was another good series from Linda Lael Miller. It's about another set of four women who are related and how they fell in love in a small town.

Sharon Sherman says

An interesting story of life in the west and the hardships.

Kayla says

I always love Linda Lael Miller's writing but this one was a quick book that I feel could have been written longer. It was a good story line about life right after the Civil War and the hardships that they faced. Though in this book a lot of action happened at the end of the book and it happened so fast. I just wish that was a longer part of the book. That scene could have been lengthened that is for sure. Over all though it was a good book and I can't wait to read the rest of the series. There were a lot of loose ends in this book which I'm assuming are beginnings to the three other books in the series.

Bridget has a hard time controlling her feelings for Trace.

Fran Tucker says

Strong character, story of moving to the west and the trials she encounters with some surprises in it.
