Fatal Burn Lisa Jackson

She's The Moth. . .

He's been waiting for this moment. With every kill, he can feel her getting closer. Very soon--just a few more victims to go. All he needed was the girl, Dani, and now that he has her, his plan is in motion, and no one can stop it. . .

Moving Dangerously Close. . .

The police don't believe Shannon Flannery when she says someone is out there, watching her, trying to kill her. The only person on her side is Travis Settler. The former Special Forces agent is convinced Shannon's dark past has something to do with the disappearance of his daughter, Dani--a child whose connection to Shannon is just the beginning of a nightmare. . .

To The Flame. . .

Secrets have been kept from Shannon. Dark, dangerous, and very fatal secrets. Now, with no one to trust but a man who has every reason to doubt her, Shannon's determined to discover the shocking truth, even if it brings her face to face with a serial killer whose slow burn for vengeance will not be denied. . .

From Reader Review Fatal Burn for online ebook

Karen says

The first book in this series was really good, so I wanted to continue with the trilogy. This book (book 2) was a little slower and more predictable. I found myself simply getting mad at the characters for not knowing what was so clearly layed in front of them. I mean don't get me wrong the book had its twist and turns, but I personally felt like even the twist were apparent that they were coming. Then again maybe I'm too picky about my mystery books actually being a mystery.

Angie says

I seem to be attracted to Lisa Jackson's books the same way a passerby is to a burning building or a horrific traffic accident. You know you shouldn't look, but you can't help it. I think I am waiting for her "formula" to vary or her writing to improve. Sadly, it does not.

"Fatal Burn" follows the typical Jackson plot and you can pretty much see the ending from the first page. In this story she does try to throw in some twists at the end, but they felt so contrived and out of left field that they seemed to be rushed and left a lot of unanswered questions, as well as major plot holes. But that being said, it was still a mildly entertaining diversion on a cold Saturday afternoon.

If you are looking for some "mind candy," then Jackson is your woman. If you are looking for some deep thinking or heavy-duty plotlines...then keep looking - there's nothing to see here.

Kay-em says

Plot is good. However, the principle characters although they question a lot, do not get very involved in the investigation. The end result is a lengthy book without much substance.

Samantha says

This was a long book, a thick one so, it took me a couple of days more than I would have liked to read it, especially with distractions and work but, I loved it.

The only reason I'm giving this four stars instead of five is because it was so long that it repeated a little bit and at times got just a little boring. Otherwise it was a great mystery.

I was so sure that it was one guy or even someone else but, when the person is revealed, oh man, was this reader shocked. It was a good thing I was alone because I couldn't help the loud "what!?" that came out or jumping to the edge of my seat.

The writing is a little simple in places so, like I said a little boring, mostly when people are going about their

everyday routines but, the story makes up for it.

There's also many point of view changes but, the author splits them up so they don't all run together and confuse the reader.

Another sequel to a series, at least the second book since there's only two but, research has led me to believe that this could be a stand alone as well, so that's why I'm reviewing the book on here instead of just leaving it in my journal.

I would recommend this to anyone looking for a good long mystery to read, especially if you're going on a trip or just have some time to kill.

Thank you for reading my review.

-Sam

♥ArtfullySinful♥ says

33 year old Shannon Flannery held a secret, many that traced the generations of her family with a wicked streak, a flame sizzling right below everyone's noses. After becoming pregnant in her teenage years, facing the rejection and anger from both her religious parents, she faced two options; marry the boy who fathered the baby, or give the baby up for adoption, both choices which left her stark and afraid of the results. Choosing with the hardest difficulty, she gave the baby away, to a loving set of parents, Ella and her husband Travis Settler. From there, her baby would grow loved, until Ella's death 3 years prior, and as Dani, her baby turned 13, both their worlds would begin the descent into shattering.

While seeking under a hidden alias, Dani searched frantically for her birth mother, the one her father refused to open up about. This lead to her sneaking out, and finally skipping last period, she found herself abducted by a mad man, the Beast as she called him. Facing constant terror, she believed herself to be dead, as the man with the scarred back held her horribly captive for days, while her father ran from Oregon to California in search of his beloved daughter, whose disappearance baffled detectives across state lines. Travis, determined her birth mother knew where his daughter fled to, landed on her house, only to capture it amiss ablaze on an out building, before his heart caught in his through at the sight of her beauty.

Reddish curls that framed a heart shaped face, nearly beaten into oblivion, he fought to remain by her side, while Nate Santana, the ranch hand clung to a hidden secret, one that tore them in two. While Shannon struggled to accept her family's deceit, she learns the horrible truth. Her father, the Night Scorcher who set ablaze and murdered a woman accidentally, to her brother's Shea, Robert, Aaron, Nevill and Ollie who held up his cruel footsteps and planned the murder of her divorcing and abusing husband Ryan Caryle. After he switched places with Neville and Ollie took up as his twin's face for weeks, he hunted down to murder Shannon for her crimes to him. It wasn't until she collided with him after Dani was used as bait did she realized how terrifying he was. With the cabin in the woods set ablaze, she shivered in the embrace of Settler, who captured her as she clung to consciousness.

Beatrice says

I really like Jackson's books. They are always a good mystery, and Jackson has good pacing. I found this one a little cliched, however. The couple that ended up together was way too predictable, and the main female character did not seem very impacted by the emotional things that happened to her.

beloved books by Tine says

recht gut.

Margaret says

I had it figured out so early on in the book - it took forever to get to the end.

Betsy says

Book #2 in Northwest series. To me, this was not as good as some of her other books. The main story was good, but I found some of the sex scenes actually laughable. I think that the story could have been scaled back some as this was a tad long. 3 stars

Teresa Lavender says

Lisa Jackson never fails to deliver! Loved the story. Great characters, lots of twists and turns, mystery, suspense, drama, romance.

Jackie316 says

Oh, my gosh, she is a great writer! The reading flows & I had a hard time putting it down to go do other stuff! I was shocked & never saw it coming who the murderer turned out to be. Wow. Crazy! I was so sad about the one brother being killed, especially. Don't want to give away any details, so I'll leave it at that.

Alan says

This book was not near as good as the first book in the series, Deep Freeze.

Vicky says

I came close to figuring out who did it but was still surprised at who the culprit was. As usually Lisa did a fabulous job on keeping me guessing

Colline Vinay Kook-Chun says

The story refers to the kidnapping of a child, Dani Settler. It centres on the efforts by her father, Travis Settler, to get her back. Finding his daughter means he has to be in contact with her birth mother, Shannon Flannery. Unexpected events happen in the story and I was glued to the pages until the ending. This tale is definitely an exciting thriller and I recommend it to anyone who enjoys reading fast-paced stories.

Kim Galla says

This was another recommended author. It took me two months to read it, and I kept plodding through it, only because I wanted to see how it ended and who the arsonist/stalker/kidnapper was.

I overlooked the chicky parts and the occasional inconsistencies because the storyline was pretty good.

It picked up in the second half and had a twist in the ending. Overall a good story, but I probably won't be reading any more of this author unless she has a bigger publisher with better proofreaders.
