Rapture

Quinn Loftis

Rapture Quinn Loftis

Triktapic, the deadly dark elf assassin, has been restored by the Forest Lords to his rightful place as king of the Elven realm. Now, he must face his former comrades as he attempts to stop Lorsan, king of the dark elves, from enslaving the human race. Lorsan has already begun distributing Rapture, the irresistible drink that destroys those who unknowingly become addicted to it. Will Cassie, his Chosen, be able to give Trik the strength he needs to face his dark past?

Meanwhile, Cassie's best friend, Elora, is in a fight for her own life. Elora, her mother, Lisa, and a small band of light elves have traveled deep into the dark elf realm in hopes of rescuing Cassie and Trik. But their mission quickly turns into a battle for their own lives as they are surrounded by Lorsan and his warriors. Though outnumbered ten to one, the humans and elves fight heroically. They fight for a King once lost, but now found. They fight for the human realm that doesn't yet know it is in need of saving. They fight for love; a love that has already been discovered and a love that is waiting to be revealed. Despite their valiant efforts, the band is captured and held captive by the dark elf king.

The peaceful world that Cassie and Elora knew is long gone, shattered by their realization that elves walk secretly among them, and are bent on their destruction. Soon, each of the girls will be forced to choose her own path. Cassie must decide to which world she belongs and Elora must decide if she will fight for a warrior hell bent on keeping her from his side.

Two species, human and elf, stand on the precipice of war, united in one goal; shatter the dark elf king's plan, and unite a divided race under the rule of the one true King.

From Reader Review Rapture for online ebook

Roxanne says

First of all, let me remark... THAT I EFFING LOVE CUSH MORE THAN FREAKING ANY OF THE WOLVES EXCEPT FOR MAYBE COSTIN ITS SUPER CLOSE GAH.

Anyway... As per usual from Quinn Loftis, I am not disappointed, and hanging on by a thread of worn out fangirling emotions until the next installment/INTO THE FAE <333. The storyline of Rapture is just as addictive as the drug itself. Through twists and turns you discover that Elora isn't so unapproachable when you see her relationship with Cush, Trik is a bit of a freak (not a bad thing really), and some secrets need to be told.

My favorite part?

Ugh this is hard. LOL WAIT. When they tied Elora to the chair and after she just calmly wiped her knife and was like "B*tch, I'm fine."

Song choice?

I Will Be There

Odessa

Jackie -Sated Faery says

Holy freakin' elves!! This book is so, so, so, so, so GOOD!! First of all you have Triktapic, who is absolutely Triktastic in every way! Tall, dark, and handsome doesn't even begin to cover it. He's also deadly, smooth, and simply irresistible. Once the ultimate bad boy – a feared assassin – he now must try to be the king he was meant to be and help unite the elven races. It would not even be possible without his chosen, Cassie. She is beautiful inside and out, loving and caring, and completely devoted to Trik. And I have always liked Cassie's best friend, Elora, but now I absolutely love her! She is so feisty and rebellious, but underneath she is also truly loyal and kind. The adventures are just beginning for this group of humans and elves and I cannot wait to see where their journey takes them! This is easily one of my very favorite series already!

Jennifer says

I am an avid Quinn Loftis groupie and with the release date for this book a couple of days away I thought I may as well stalk Amazon in the hopes it would appear early and was ecstatic to find it the day before release. I am now sitting here writing this review wishing that I could read it again for the first time and envying anyone who is about to do so!

We get back to Trik, Cassie, Elora and the gang after the closing events of book 1, Elfin. Elora, her mum and the group that went to rescue Trik have instead become the captured of Lorsan, the dark-elf king. Upon escaping they split into two groups, one goes to the human world, the other to the light-elf castle. Only trouble is that turns out to be a trap leaving portals to the worlds closed with the two groups not being able to get back together.

To say much more of what occurs after this would be to ruin yet another fantastic plot by Ms Loftis so all I will say is be prepared for more skeletons falling out of Trik's closet that as this book ends could cause problems (at least that is the way I am envisioning it panning out!), more fantastic witty dialogue that on occasions had me doubled up laughing and of course more drama. Toss hunky possessive male elves into the mix with a dash of crazy elf thrown in for good measure and you are in for a treat!!

All I can do now is cross my fingers that we do not have to wait another year for book 3.

Faith says

I really loved the Grey wolves series .. However this series does seem to be just a rehash of the same plot used in the wolves series.

The ending came out of nowhere and one would think the author simply just stopped writing rather than having a thought out ending. I was baffled when it ended at 84% on my kindle.

Having said all that I do enjoy Quinn Loftis ' writing and I will certainly continue reading the series. But ... Quinn ... Sigh ... You are capable of so much more than this!

Tina says

I love the characters especially Trik. He is so hot. I just finished reading this book. Crush is another hot guy. Can't wait for the next one.

bells ? says

No sabía que iba a haber un tercer libro pero después de leer este epílogo, ¡necesito tener el tercero en mis manos!

Tantos interrogantes, tantas historias que no han sido explicadas todavía y sobre todo, la gran guerra entre Lorsan y Trik que aún no ha sido librada...

¡NECESITO LEER EL TERCERO YA!

Jordan says

o.m.g

BOOK 2

i so cannot wait for this book

and it comes out Dec 25 **BEST CHRISTMAS PRESENT EVER**

UPDATE

just saw the cover and im like

i thought this book was going to be good before now i just think it going to be awesome.
I think that's Elora cos we get to see her love story in this one **yeah**

Lindsey Anderle says

Ugh, I don't know. While the storyline kept going and I liked it....geeeez, could the author not have hired a damn editor!?!?! It's the SAME problem as book 1. Figure out the FREAKING DIFFERENCE between "your" and "you're". No author should be allowed to be published until they've covered that basic concept. It's a wonder I keep buying your damn books, Quinn Loftis.

That being said....Elora was much more fun to read than Cassie. She was much more believable in how she reacted to being "Chosen" than Cassie did. But at the same time, she fell in love in a matter of a few days? Come on.....that doesn't happen.

So a few things good, few things bad....Im still intrigued as to what's going to happen.

Katie says

really enjoying this series, likable characters, decent storyline and had a good wee chuckle at some of the retorts and snarky comments from Elora.

Isabella - Madly in Love with Books says

2.5 Stars

taveena kade says

this series is so all over the place that i have no idea what's going to happen next. I'm also kinda confused as to why this book isn't just from Trik and Cassie's POV- why change it now?

"No one is going to kill you," she told him firmly.

Trik's lips twitched. Clearly he was amused at her statement. "Are you going to protect me?"

Cassie snorted. "I don't even like to kill flies. No, I'll sic Elora on them."

Trik cringed. "Nothing is worth that, not even an attempt on my life."

Cassie grinned. "Exactly, so no more talk of you dying."

Nikki says

5 stars!!

Quinn Loftis never ceases to amaze me! Her writing is addictive. The world's she creates with simply words always sucks me right in. Rapture is no different. I've been looking forward to this book for the last year after devouring Elfin. I fell for Trik and wanted more! While Rapture mainly focuses on Cassie's best friend, Elora and light elf warrior Cush, there are plenty of scenes involving Cassie and Trik and their evolving relationship.

I really enjoyed getting to read and learn more about the ever sarcastic best friend of the future Queen of Elves. I wanted a best friend like Elora when I read Elfin and nothing changed while reading Rapture. There is so much more to her than anyone could realize and several times I found my mouth hanging open at some revelations during this book.

Oh, and let's not forget about Cush. He's every bit as dreamy and Alpha as Trik including badass warrior skills. Definitely swoon-worthy. Quinn never disappoints with her Alpha males. They always top my lists! We also get to meet Elora's brother, Oakley. I really want to see more of him. We also get to see more of Tony, Trik's friend and Casino mager in Las Vegas. I hope his story is going where I want it too. ;) Rapture is action-packed, laugh out loud funny, with some swoony romance. I'm eagerly awaiting the next book! I can't wait to find out what happens. I NEED to know what's coming next! Quinn, keep the amazing work coming!

Hiba says

Tbh I thought their were only two books in this series.. but no , there are more..and u know how this Quinn is..a cunning lady..went and left me in a cliff hanger...

Gah I want the next book like right now!!!!..and ya amazing like the other series..

And no..these elves are not the way how u think are..well to be honest they are not even elves..they are tall like all the hotties of other books

Kelsey says

WTH was that ending? My Kindle said I was 84% through and the book just ends. It's not even a good cliffhanger; it seems like it's unfinished. I'm dissappointed and frustrated.
