Book worth reading..

Jessica says

No tengo palabras para describir el desagrado que me ocasionó este libro, mucho menos para describir cuan vacio y absurdo me parecio. El peor libro de mi vida.

Gabriel F Duran says

This comes through so clear and heart-felt. You feel as if you're "living" the experience. This book "touched me" deeply on many levels. I really resonated with the material/experience. Thank You very much, Lee Carroll.

Margaret says

This book is likely my favorite book ever! The impact it had on me at the time that I read it for the first time is immeasurable.

Chris says

Amazing book and my first experience "in-depth" with this subject matter, even if in parable form. This book has earned permanent real estate on the coveted (limited) book shelf space. It discusses the examination of self and the existence of higher vibrations that do exist in this world that many ignore or don't believe in. It shows the journey of one man and his quest to go home, which ultimately, is really about connecting with his higher spiritual self. Fantastic read!

Lenita Vangellis says

As one begins to awaken spiritually and is looking for answers, they are often left feeling overwhelmed by the books available on this subject. Many enter what is known as 'the dark night of the soul'. The journey home is written in such a way that a complete neophyte on this subject will understand...Highly recommended reading for all those stirring awake...LOVE this book...

Kryon - Yuvaya Yolculuk

Bir Kryon Meseli

(Bir İnsan'ın ve Yedi Meleğin Öyküsü)

Orjinal isim: The Journey Home

Lee Carroll, 1997.

304 s.

kryonun ilk kitaplarından, ke?ke 2000 lerin başında ke?fetseydim. tüm aka?a külliyatından sonra ke?fetmem biraz beni üzdü. yine de ke?fetti'im-o deneyimi ben de içsel olarak kafamda ya?adım için mutluyum.

kitapta, kahraman'ın ruhsal yolculu?u, t?pk? "Kutsal Dag - The Holy Mountain (1973)" adlı filmi yolculu?a benziyor. kahraman'ın içindeki canavar? yenme ve ad?m ad?m-kademe kademe merdivenleri, ??k merdivenlerini yava? yava? ç?k??? çok çok müthi?, hele de filmdeki ?airane-?iirsel tema, insan? yüksek duygulara itiyor.

kitab'ın son 10 sayfasındaki yolculuk-deneyim ise "Limit Yok - Limitless 2011" adlı filmdeki, bir ilaçla aydınlanma ve yükseli? öyküsüne benziyor. hele de yüksel bilince ula?tıktan sonra, evine dönüm "burda m? ya??yorum" diye kendi kendine ele?tiri yapmas?, t?pk? kitaptaki kahraman'm?z'n kendi kendini, ya?am

?artlar'n? düzeyini sorgulamas?na benziyor.

bu filmleri izlemenizi ve tabii ki bu kitab? da okumanızı ?iddetle tavsiye ederim.

son bilgi, kryonun bu kitab?, sonraki kitaplarından biraz farklı, bu eser bir roman, bir ruhsal yolculuk hikayesi, bizlere yol gösteren, ilham veren bir hikaye, te?ekkürler.

Shelley says

This is my favorite book ever!! The personal wisdom that can be gained from this book is immense and endless.
