John Bozlinski says

the book was a joy, full of fun family activities. thank you

Caity says

I received this book for free from Goodreads first reads program.

This is a cute and fun book. It brings together scripture, prayer, and activities to help children prepare for and better understand Christmas. The activities are well done and can work for a range of ages where appropriate the author offers suggestions for adapting the activity for older or younger kids. Overall it is good guide for families it gives a great starting point and fun activities while leaving room for parents to expand. It would be very easy for families to add in more information about scripture and tradition particularly for older children.
