Wild West Wife Susan Mallery

Return To Whitehorn, Montana, where a lone maverick out for justice forged a legend . . .

Mail-order bride Haley Winthrop came to Big Sky Country with big dreams of a home and husband, until a soft-spoken cowboy with haunted eyes stole her heart away from her fiancé and took her heart hostage.

Jesse Kincaid had vowed to bring down the man who'd had his father killed -- and what better way to start than by kidnapping his bride-to-be? But he hadn't planned on falling for his own prisoner, and though Jesse'd sworn off love forever, something in Haley's blazing kisses promised eternity.

Linda Walters says

Haley was a strong, enduring woman. She was was city girl, who began to like Montana. An orphan who had to become street wise but she also had some naivety when it came to her fiance. Her dream of a loving, kind man wasn't really even based in fact. Stoner was someone she didn't even really know but she had given him credit for all of these magical qualities of goodness.

Jesse has a much more balanced view of Stoner; knowing from experience that he is a cruel man, ruthless and without mercy. It's just getting the proof of what he's been doing is what the problem is. He's covered his tracks really well and because of people's fear and his power, not too many people have stood against him.

At one point Haley does something so stupid, I pretty much threw my hands up in the air and said, "Aye Yai Yai". Does she find some of the truth she is looking for? Oh, yeah she does but she placed herself in danger too. Oh she does get out of it but then again does something really stupid AGAIN. Ok, I know her motivation but it had me shaking my head again. She has grit I'll give her that.

Everything gets taken care of and Stoner does get taken down. It won't be easy and there will be some twists and turns and some more danger.

I did like the side story of Daisy and her attempts to also help Jesse get justice for the death of his father. She too is leading a dangerous life by sleeping with the enemy. Very dangerous indeed.

There is a H.E.A. and a good Epilogue included.

Tiffany says

Probably not going to read this book. I read a page and already got bored.

Kate says

Great read!

The challenge of right and wrong, love and marriages. Haley and Jesse, Daisy and Leland. Yes. Lindsey finally getting it right.

Tonya Warner says

Haley Winthrop is out to marry the man of her dreams, and hopefully the one to make her dreams come true. Of course, she has still to meet the man she has set out to marry. a mail-order bride, she almost makes it to his arms.

Jesse Kincaid is out to end the nightmare that his life has become. He wants justice for the death of his father, and to seek out why the place he calls home has been strife with conflict. He knows the man responsible, but not how to prove it.

So, Jesse kidnaps the future bride, Haley.

Rosemary says

A page turner.....couldn't put it down.

Cindy says

Jesse and Haley

I enjoyed this book about a mail order bride being kidnapped before she got to her future husband. Jesse was trying to prove her future husband was evil and murdered. Some suspense.

Usagi Tsukino says

Such a disappointment, it started quite well but at half of the book it became annoying. =/

SheLove2Read says

Good but not great. I think I'm becoming jaded.

Karen S Green says

Better than Anticipated

I enjoyed this book more than I thought I would because the characters were multi dimensional. The circumstances morphed and the characters rose to whatever circumstances they encountered.
Worth reading

Tatjana C says

Ok Haley just became my fave.. she's spunky and hilarious and tough

Jennie says

I love Susan Mallery's books but this one just didn't work for me. Haley is the mail order bride from Chicago that Lucas Stoner had ordered. She is kidnapped by Jesse and refuse to believe anything bad about Lucas.

Mellanie C says

I registered a book at BookCrossing.com!

Eileen Carter says

Haley Winthrop is an orphan from Chicago who has answered a letter for a mail order bride. Never meeting or seeing a picture of her Lucas Stoner, her finance', she creates this image of him in her mind. But little does she know this man whom she thinks is a good, honest man is anything but.

Jesse Kincaid is a hard working rancher, who has recently lost his father and ranch to so called "renegades". But he knows the truth...it is really by the hands of Lucas Stoner. He wants answers, and will do anything to get those answers, even kidnapping!

As the story unfolds, Jesse and Haley come to spend much time together forming a closeness that neither one of them expected or even wanted from the start. Will Jesse be able to convince Haley that her beloved finance is not the man he claims to be? Will Jesse survive his encounter with Lucas Stoner or will he end up swinging from the end of a rope like his father?

This book is filled with adventure, set in a time where the west was WILD. There was no luxuries, no running water, unless from a stream, no indoor plumbing, you had to work hard for what you had and even had to fight for what was yours. Only the strongest of the strong survived these elements. Would Haley convince Jesse that she too could survive this, his Wild West?

There are some scenes in this book that are a bit racy, and could cause you to blush, but over all this book was fantastic. This is not my first time reading Susan Mallery's work and I know it will not be the last time. She is an incredible author who pulls you into her stories quickly and doesn't let you go until the last word. You will not be disappointed if you pick up this book and read it.

Whitehorn, Montana, 1879

Beautiful and strong-willed Haley Winthrop has a dream of marriage, family and to finally have the peace of mind of belonging somewhere. Abandoned at birth, Haley grew up in a Chicago orphanage and was no stranger to hard work and loneliness, so when she answered an ad to be a mail-order bride in remote Montana, she knew her dream was within her grasp. From just one brief letter, the intended groom, Lucas Stoner, sent for her. Surely, he's everything wonderful and perfectly agreeable and their life together will be long and filled with happiness!

Nearing the end of her tiring journey through the beautiful Montana wilderness, the stage was held up by a lone bandit, but this bandit did not want money or jewels, he wanted Haley. Handsome rancher, Jesse Kincaid, vowed to bring down the evil and greedy Lucas Stoner, the man who had his father killed and what

better way to begin than by kidnapping his bride-to-be. Intimidation, deception and murder is not beyond Lucas's determination to get what he wants and the fact that Haley is an orphan is just the tactic he needs towards reaching his malicious goals; never mind caring about her.

While being a hostage, Haley realized her experience of being a captive was nothing like she expected. Jesse's notion of being a kidnapper was nothing like he anticipated. She surprisingly takes pleasure in being his prisoner and he began to enjoy being her kidnapper.

Will their long quest that's filled with danger, intrigue and deception eventually bring them together to find eventual peace and happiness where dreams come true?

This is an easy-to-read and wonderful addition to the Montana Mavericks series; guaranteed not to disappoint!

Rose says

Sweet, satisfying and highly enjoyable.

Luisa says

I read this during a road trip out west (Colorado), which seemed appropriate. It was actually more than your typical romance novel--there were some interesting plot elements related to the renegades burning down ranches near town and murdering the ranch owners that were pretty good. No real twists, but the story was fun.
