Bad Kitty Scaredy-Cat

Nick Bruel

Bad Kitty Scaredy-Cat Nick Bruel

Kitty wasn't always such a scaredy-cat. She used to be brave and lionhearted and nervy. That is, until one late October day a group of terrifying monsters showed up on her doorstep and Kitty became VERY scared. Then she decided to take matters into her own paws.

Bad Kitty is back in her first full-length picture book since *A Bad Kitty Christmas* (over 300,000 copies sold to date), just in time for another holiday! Now she's up against something scary, something creepy, something more frightening than Puppy's good moods: Halloween.

Janet says

Another enjoyable alphabet book by Nick Bruel. It's pretty much the same format of the original, but in a fun, new setting (Halloween). Fun use of the alphabet, and same bad kitty that will make kids giggle.

Beverly says

Several alphabets throughout the book.

Kelly says

This is a Bad Kitty at Halloween-time book. And it is very, very good. Bruel uses a Halloween theme and goes through the alphabet four times! He adds alliteration, too. This is my favorite Bad Kitty book...so far.

Jess says

September 2018 - Ben thinks it's funny, but there's not much story and all the alphabetical lists make it a less satisfying read-aloud.

Sherry says

A Bad Kitty Picture book! Hooray! Totally creative and inventive use of the alphabet. Any child is sure to enjoy learning that scary things aren't always as scary as they appear. Bad Kitty unmasks all the frightening alphabet creatures for what they are just friends and neighbors, and maybe even the vet! Don't eat too much candy Bad Kitty or you may have to have another vet visit. :-)

Jaclyn Harrison says

My kid loves this book. He thinks it's hilarious. We'll be looking for more Bad Kitty books at the library.

Ms. Jeane says

My daughter and I love the Bad Kitty books and we love Halloween so this was great!

Abigail says

Although hitherto fairly brave, Bad Kitty discovers that she is a bit of a scaredy-cat when a series of monsters knock on her door on Halloween night. After encountering an A-Z catalogue of spooky creatures, our feline heroine is dismayed. Then she notices an A-Z range of treats and finds her courage again, attacking those frightening intruders with an A-Z range of moves...

The third *Bad Kitty* picture-book I have read, following upon [Bad Kitty](#) and [Poor Puppy and Bad Kitty](#), this Halloween story, much like its predecessors, combines humorous tale with alphabet book. As someone who has known and loved many a feline friend, I continue to be amused by the premise of the *Bad Kitty* series, even though the artwork is not really to my taste. That said, I feel that Bruel is really covering the same ground in [Bad Kitty Scaredy Cat](#) that he covered in the previous two books, and I wasn't that impressed. My three stars are primarily for the creative combination of concept and story, and for the enjoyment I have seen these books bring younger children.

Amanda says

Another couple silly times through the alphabet with bad kitty.

Alison says

I liked the alliteration of the book and that the letters were highlighted on on the pages. I think I liked that better than the story itself.

Radha TheLibrarian says

A cute Halloween ABC book.

Mikey Golczynski says

By the numbers Bad Kitty goodness. It doesn't reinvent the wheel or anything, but who asked them to? It's just as zany and charming as the other picture books in the series. I did chuckle when it's revealed that everything Kitty is afraid of turns out to be just kids in costume...of course we see this once Kitty is raining mayhem on their little heads.

McKenzie Richardson says

For more reviews, check out my blog: [Craft-Cycle](#)

Another adorable and hilarious Bad Kitty book filled with creative alphabet sequences. These are great books for kids who love letters or are just learning their letters. It is so imaginative and fun. There are only so many "B is for Ball" books you can read, but this is one you can read over and over again.

This Halloween-themed book goes through multiple sequences for each letter, from emotions/adjectives and treats to monsters and how Bad Kitty vanquishes them. Very fun book with hilarious illustrations.

Great for the Bad Kitty fans in your life (including yourself).

Stephanie says

A fun and hilarious adventure through the alphabet of monsters that show up to trick or treat a scaredy kitty's house only to have her turn the tables and take matters into her own hands to fight against being scared. Surprise ending is fun!

Kris Sellgren says

Hilarious! I loved the various ABCs: being a kitty, kinds of Halloween candy, and Halloween costumes. Great!
