Boyfriend in a Bottle Shona Husk

Be careful what you wish for. It might come with an expiration date...

Josie's well-meaning friends just don't get it. It's not that she's overjoyed to be thirty-two and celibate since her boyfriend dumped her. She'd love to settle down, but she refuses to settle for just any man. After all, better single than a sucker. Nevertheless, she humors her friends and follows the instructions attached to the gift they've given her a beautiful bottle from a new-age shop. Lick, and the perfect man will appear.

It works. The naked man she finds tied to her bed is everything she's ever wished for. Except Mr. Perfect comes with a time limit.

Kede is tired of living life by the hourglass. Once, fulfilling the desires of the women who freed him was enough, but now it's just another job. Josie is different, though. She sees him as a real man a man she wants for all time.

Kede wants more than a moment. He wants a chance at life outside the bottle, and he wants a life with Josie. But he belongs to the goddess Inanna, and his time is running out

Warning: This title contains a little magic and a lot of wish-fulfillment sex. It also contains a perfect man created by a goddess solely for a woman's pleasure, and it may cause you to feel compelled to lick strange, random bottles in search of your own Inanu.

Tracy Decresie says

dumb. dumb. dumb. First book I couldn't finish. Wanted to stuff IT in a bottle.

Eleni Konstantine says

4.5 stars

What would you do if you found a man tied to your bed? A man that had appeared out of nowhere? Well this is what Josie faces on the night of her birthday where a crazy stunt with her friends brings her unexpected results. Enter Kede. A man who is not all that he appears - yes, he's gorgeous, but there's more to him. A lovely tale of two people falling in lust and then love. This will spice up your reading! Enchanting and face paced read.

Shannon says

Acknowledging that this is a VERY short book, I must say I enjoyed it. If it had been longer, all of the elements I enjoyed would have been fleshed out more (no pun intended). I knew what it was when I bought it, so I'm not going to complain about its length or depth. It did a lot for the few pages it had, and I really wish there was a longer counterpart out there.

Tiffany says

Very short story and the ending is kind of silly, but I don't care because I liked it anyway.

Nicola Sheridan says

This was a fast-paced and utterly absorbing read, with some pretty hot and unexpected scenes! The main character Josie is easy to relate to, and her world weary hero Kede is utterly delectable. This is a great little read for anyone wanting to spice up their paranormal bookshelves with something a little different.

Debi Welch says

I loved this story...wish there was more! It was great...
