Death Dream

Graham Masterton

Death Dream Graham Masterton

The second book in the Night Warriors series. This time the Warriors take on the might of The Shadow Creature whose wrath is about to erupt from the world of dreams and into the waking world.

Death Dream is the equal to Night Warriors in every way. Tense action and visual imagination - mixing the world of the mundane with a parallel fantasy world - make this an absorbing read.

Robert Male says

Phemonenal book. My first Masterton and still awesome.

Joe Geesin says

A good follow on from Night Warriors and a decent ending too

Gaz says

Although not as engaging as Night Warriors (some parts felt a bit rushed), it has some real excellent moments. Very much enjoyed Henry/Kasyx first encounter with the shadow creature and I really like the idea of the new crew confronting the fear of death incarnate. Pretty nasty bastard, too. To be honest, I'd have throttled Lenny by about page 200, the trouble he brought (just kidding!).

Steven Koch says

Another Great adventure by Graham with the Night Warriors, and the world of dreams and nightmares. It makes Freddy Kruger look like a day in the park.

Glen says

another phenomenal entry in the series

Anthony says

Horror mixed with Sci-Fi.

Brett Grossmann says

I liked the first book a lot. THis book is a pale imitation of it. Its like they hired a new cast, director, and shot it for TV. SPOILERS!!! The cast from the original is just gone.....The angel has never heard of this thing?...but then later they say they believe Night Warriors fought it in the past? The Angel puts one guy in at first. ONE? WHY? Where his team? Its just aggravating. Stuff just exists to move the story along or solve problems quickly. Yeah..MOses staff is just borrowed from some collector. OH and luckily everything and

everyone is all in one state...one city. Masterton is better than this.

Brett says

Horror

Cl says

Death dream - the second sequel to Night Warriors is another captivating book. I enjoyed reading all of Graham Masterton books!

Karolina Kryspowicka says

I hated the book... :(that's pretty surprising... I like Masterton's novels... hm

Joe Stamber says

Death dream is a fairly routine horror by GM standards. A guy gets paralysed and teams up with a bunch of odd people. They become sort of superheroes when they are asleep, and go off to fight the forces of evil. As always, it's an entertaining read, but not GM's best.

Lauren says

Some things about it were kind of cool, but overall I found it a bit dull. I also hadn't realised it was a sequel so that could've been a reason.
