Defiant Children: A Clinician's Manual for Assessment and Parent Training Russell A. Barkley

A perennial bestseller from a leading authority, this book provides an effective 10-step program for training parents in child behavior management skills (ages 2 to 12). Professionals get proven tools to help parents understand the causes of noncompliant, defiant, oppositional, or socially hostile behavior at home or in school; take systematic steps to reduce it; and reinforce positive change. Comprehensive assessment guidelines are included. In a large-size format for easy photocopying, the volume features numerous reproducible parent handouts and two rating scales (the Home Situations Questionnaire and the School Situations Questionnaire).

New to This Edition

- *Reflects 15 years of research advances and the author's ongoing clinical experience.
- *Fully updated model of the nature and causes of oppositional defiant disorder (ODD).
- *Revised assessment tools and recommendations.
- *The latest data on the program's effectiveness.

Laura says

Really well-written and clear, though I'm not a huge fan of the time-out chapter. Great description of a token system for kids.
