Dragon Fate

Elsa Jade

Dragon Fate Elsa Jade

He longed for the fury of the mating fever.

She had the magic to touch his dragon heart.

Unlike the other Nox Incendi dragons, Torch Dorado never sought his treasure, the hoard that would bring peace to his inner beast. But when he hunts down Anjali Herne, he may have found the first scintillating jewel to tame his dragon heart.

But Anjali is a threat to the security of all dragonkin, and he'll have to make her believe he is not the fire-breathing, maiden-munching monster of fairy tales. Well, there may be a little munching and a lot of fire...

DRAGON FATE is a standalone dragon shifter paranormal romance with a Happily Ever After for the heroine and her hero. Although we suspect there maybe be more brooding dragon lords longing for their mates!

Mg ♥ The Bookishmedialite says

4 "The Gypsy and The Dragon" stars.

Review to follow :)

Lynn Worton says

Review to come.

Susan Pugh says

Masters of the Flame (2)

Torch is the Nox Incendi enforcer. Anjali is the girl who betrayed them and her friends. He needs to know what she does to protect the dragons and help find a cure for her friend Esme. She isn't gonna be easy to get information from, she has been used and lied to for years, plus she's scared. His Dragon is also interested in her, but she hates dragons, her uncle told her one killed her mother. Complicated? only a lot.

Sue P

Jessica Lynn says

We first met Torch Dorado and Anjali Herne in book one, where Torch is a tough, by the books enforcer for the Keep Casino... and all of Dragons and Anjali might just be the bad guy. In their story, the must overcome their tragic pasts and come together to stop an evil warlock... and save Esme before it's too late. Enemies to soulmates, this story is scorching and you won't be able to put it down.

Meiwilli says

Better than the last but..

No surprise that Torch is attracted to Anjali and vice versa. What is surprising is that Anjali has some spunk to her rather than the DOA character we meet in Dragon Fever.

What worked...

Torch. The banter between Torch and Anjali is cute and unexpected.

What didn't work...

"Ash-hole"...for some reason apparently the author thought this was funny but instead it was plain annoying to read. I prefer the proper adjective of a\$\$hole. It felt like something was missing, although I'm not sure what. The story is predictable with no surprises. As feisty as Anjali is, she is just as insecure as Piper and also has the "woe is me" outlook on life too. I'm guessing although Esme is supposed to be pretty and rich, she will have the same self-loathing personality as Piper and Anjali I'm sure.

Fortunately, I'm about finished with the Masters of the Flame series...

On my Were Scale of Hotness, 2 stars.

Lucinda Blankenship says

A flamethrower

A flamethrower is just a sparkler compared to this hot as well dragon male. If human men were a tenth as hot or as good as a dragon we wouldn't need to read, or would we because Elsa Jade can write a story like it was magic.

Barbara "Cookie" Serfaty Williams says

Dragon Faye: Masters of the Flame 2 (Mating Fever)

The story of Anjali and Torch. After the jet crash Anjali and Esmas are taken to the Keep. Esmas is under a spell and the Nox Incendi ate under attack from Ashcraft. Torch has drop Anjaili and now he has fall in love with her. Can Anjili find out the truth or will she still want to kill all dragon?

Jeanie's Kindle says

Free fall

Not destined to be together, not fated to be together. Fought for and won the prize of being strong enough to mate a dragon. Sexy but not graphic as to make you will.

Gigi says

'Dragon Fate,' was an interesting read. Though I was not fond of Anjali's whole Debbie downer attitude, I did thoroughly enjoy Torch's character.

Tom says

Dragon shifters in Vegas!

A continuation of book one. To stop the dragon ichor from turning to stone they fight an evil warlock and search for mates.

melissa says

So, while this book doesn't suffer from middlebookitis, it does progress the story and have its own action. It sadly also focuses on my least favorite of the trio of heroines. Anjali is, well, an idiot. She probably really belongs behind the counter at a headshop. But, push through it as Bane & Esme's installment is next.

Netanella says

This author has become my crack-tastic go-to for addictive reading lately.

Amber says

this story had characters and plot with potential but just didn't quite deliver for me

London D. King says

Much Better Than The First Book

So I've finally finished this one and I was not disappointed! I thoroughly enjoyed Anjali and Torch's story although I had some gripes. I felt their story was much more believable and sexy versus Piper and Rave's 'love at first sight' nonsense. The adventure they had was just wonderful and really allowed them to connect and for Torch to see her as the treasure she was to him. Beautiful! However...some things did irritate me.

1. If Anjali is creole, why are her nipples 'red'? Most creole people are heavily mixed with African and would therefore look more black and would have dark nipples. Pretty much, by the end of the book I just changed Anjali into a white woman with dreads in my head and it made more sense.
2. Dreadlocks or locs, as they should be called, are not supposed to be washed every shower or every time someone enters water. Describing them like loose straight hair was beyond irritating, especially as for a black woman who used to wear her hair in locs such as myself.
3. I get it was for plot points but why is the character who's skin is darker, making them more poc than the other two, the 'promiscuous one'? It feeds into the jezebel stereotype that black women constantly fight against and it didn't sit well with me at all.
4. Why was she so comfortable having unprotected sex with this perfect stranger compared to Piper? Yes, plot point and all but it just made me upset that the darker friend is just immediately 'the strong jezebel warrior' type.

Those were just some gripes but I gave the story five stars because aside from those issues, there wasn't anything else negative to say. Less Piper, more Anjali please! And now, I will be purchasing the third book to get my fill of Bale, my boo. Great story!

Jamie Leigh says

Good series

It has been a while since I read any shapeshifter stories. This is an enjoyable well written read with interesting characters.
