Drama Girl

Carmen Reid

Drama Girl Carmen Reid

Gina can't wait for her mom and friends to make the trip over to visit her from sunny California, but things don't go exactly to plan and she's stuck in the middle of them and her friends. Niffy is not happy about her best friend and her brother becoming a couple. Min wishes she had the confidence to finally kiss her new boyfriend, and poor Amy is starting to do anything to look thin. Will the drama resolve?

Yara Mahmoud says

I have a thing where I like to sometimes pick some books just randomly, without reading the back of it, or knowing the author... this one was one of these picks, To begin with I loooooove the cover of this book I think that's what got me to buy it in the first place.. the stories of the teenage girls were fun. But I don't know maybe because I am not a teenager anymore I couldn't relate to any of them, it was a bit dull and sometimes boring to me.. so I don't know it's a very personal opinion, other than that the book was nice and I loved the character Dermot by the way so much.

Aalaa Khamis says

It was not bad, but I'm not feeling like reading it again. It's mostly for teenagers. Although I enjoy reading these kinda of stuff, I was not excited for reading it. On the other hand, I guess it would work for me, if it was a movie.

Jenny / Wondrous Reads says

The St Jude's series is one of my favourite to come out of the UK, and it gets better with each book. There's character growth, positive messages, and a whole load of innocent teenage fun to be had with the girls from St Jude's boarding school.

Drama Girl is the most serious installment yet, dealing with important themes and issues such as eating disorders and self-esteem. I think it's so important to include these storylines in teen books, as it speaks to teenagers in a subtle yet informative way. Although most things wrap up happily at the end of the book, Carmen Reid never skirts around the importance of realising you have a problem, and being able to ask for help.

Friendship is what the St Jude's series is about, and that still has a strong presence in Drama Girl. Boys and brothers might get in the way, but the four girls -- Gina, Niffy, Amy and Min -- always support and come back to each other, and remember what's important. It's like Sex and the City for the younger generation, if it was set in Scotland and was actually funny.

Reid clearly knows her characters inside out, and knows what it's like to grow up in that environment. Her writing is humorous and easy to read, and makes the time fly by. I'd like to see more romance in the next book, and a little less emphasis on the girls and their bond. Three books in, I know they're best friends forever, and now I want to see how they cope when they're not the most important people in each other's lives. Can they survive that? Yes, I think they can.

Katie says

A great read for young teenagers and a good starting point for young readers, the whole collection is great and fun. This collection may even make you want to go to boarding school! Teenagers, boys and gossip, what's not to love?
