Into the Abyss Brenda K. Davies

Amalia

Born behind a seal, I never experienced anything beyond those four walls until the jinn were freed from our prison. On Earth, the other demons see us as nothing but monsters; however, the demons don't know the jinn as well as they think they do. I'm beginning to realize I don't either.

When the jinn unleash a trap ensnaring most of the palitons in the Abyss, I find myself torn between loyalty to my kind and the anguish of those who remain free. Unable to walk away without at least trying to help, I offer to do the one thing I know could turn the jinn against me...even if it means joining with a demon I can't resist.

Magnus

The last thing I expected when returning from a hunt with Corson, Caim, and Raphael was to find most of our camp caught in the jinn's trap. Nor was I expecting to capture the fiery beauty with the multi-hued eyes and jinn blood. Even knowing what she is, something about Amalia calls to me in a way no woman has. When she offers to help us, I know better than to trust a manipulative jinni. However, if I have any chance of saving my friends, I must follow her into the Abyss. As we travel deeper into the jinn's twisted world, I realize there is far more to it than meets the eye, but just what secrets do Amalia and the Abyss hide?

The Hell on Earth series is a spin-off of the Road to Hell series. You do not have to read the Road to Hell Series to follow this series, but it is recommended that the Road to Hell Series be read first to avoid spoilers and to understand the characters better. Each book in this series will focus on different characters and should be read in order.

Due to violence, language, and sexual content this book is recommended for readers 18+

Reading Order for the Hell on Earth Series:

Aysha Coleman says

Magnus and Amalia

These seemed so opposite of each other at first. Amalia is sweet, caring and loving. Where Magnus is all of those things but not just to anyone. You to work to gain that from Magnus otherwise he was a hard arrogant demon. But with Amalia being who she is, she was able to break through Magnus' barrier and get into his heart.

Amalia is so different from her the rest of her kind. She does not want to cause pain she only wants to spread love. And it's hard for her to cope sometimes in this new world. But to be able to bare others emotions you have to be strong and she is definitely strong. And she does all she can to be save her family, their home, and the palitons even if it goes against everything she has ever known.

Even though this is Magnus' take it was more about seeing Amalia grow with Magnus at her side. They both became each other's reason for living and they will protect that with they have

Jennifer Dunski says

Intriguing, Wonderful, Magical

This is why I love Brenda.... because her book's are phenomenal!!!! I couldn't put this down, I had to keep reading. The story between Magnus & Amalia was incredibly hot and sweet. I love how their story develops, the push and pull, it's all so intense and sexy! And yet it wouldn't be a BKD book without the twist and turns in it. Still, I wouldn't have it any other way! Love the series!!!

Kathy says

OMG!! I loved, loved this book. Characters are well written, story flows smoothly,I could imagine the story in my head, which I love. I decide what the characters and scenery look like thanks to the well written plot. My favorite character is Caim. But he's ancillary to the story. Story is about Magnus and Amalia. Demon and jinn. The sex scenes are hot!!!! Seriously, ???But you're here for the story. I'll be doing a reread soon. Not ready to leave this behind. Grab this!! The week is beginning. After work, lunch break, before bed. You'll thank me.

Into the Abyss Review

The Jinn were one of the first sealed in Hell and when the seals broke they came to earth to wreck havoc and seek revenge on Kobalt and his followers. In order to save the palatons, Magnus must put his trust in the jinni Amelia and enter the abyss to save his friends.

An adventurous, emotional, splendid read that transports you into another dimension full of the unknown. I thoroughly enjoyed this book and Magnus and Amelia's story.

becca says

I love everything to do with these series ?

This book has it all ?. I loved kobal and rivers series and the hell on earth spin off series is just as amazing. The war may be won but the battles are not yet over. In this series we learn more about a species that was once trapped behind one of the seals of hell the jinn. We also see our lead Characters taking leaps of faith and hoping to land on their feet. The storyline is packed full of intrigue, action, mystery, romance ,betrayal everything you can ask for in a good book. The last few chapters of this book were perfect ? and a great way to end the book. I can't wait for book 3

Patience Cruise says

SUCH a good book. I couldn't wait for Magnus' perspective and Brenda didn't disappoint!

I was so excited to read about the group again since the seals broke and learn about the changes that went on since Corson and Wren became chosen.

I was not expecting the story Brenda wove for us and the different world she created. Completely exceeded my expectations! I can't wait to read the next book and see where she takes us!!

Margaret Gude says

MAGICAL, EXCITING AND AMAZING

“Into the Abyss” is Book 2 in the “Hell on Earth” Series and will keep you on the edge of your seat the whole time. In trying to save his friends from certain death, Magnus needs Amalia’s help but can he truly trust her. Even with his doubts, however, Magnus feels drawn to and protective of Amalia. He soon realizes that she is his Chosen, i.e., his mate for life. Their story will take you on a magical ride that has many plot twists and heart stopping moments you don’t want to miss. (Also, I highly recommend that you read the “Into Hell” Series, as well as, Book 1 in the “Hell on Earth” Series. By doing so, you will understand and know the characters leading up to this story so much better!) I can’t wait for Book 3 “Kiss of Death”. Once again, Brenda K. Davies gives you an awesome read that will leave you addicted and wanting more!!!

Jennifer Mcclarity says

Always a good read!!!

I was so excited to get back into this world. This book did not disappoint. I swear I get so absorbed in the story because it’s so intriguing. The characters are fantastic and the storyline is always intriguing. I have always liked Magnus. His abilities are pretty cool. I loved his entire journey with Amalia. I loved learning about her heritage. It was so interesting. I do not like the jinn. They are evil. Well, the ones that weren’t Faulted. The time Magnus and Amalia spent in the Abyss after they found the horsemen was pretty intense. It was a page turner. I loved getting to read about Corson and Wren again (my heart hurt for Corson!!!) and the rest of their group. Fantastic job again Brenda! I cannot wait till the next book.

Sheila says

Wow, just wow. I didn't think Brenda K Davies's books could get any better, but she outdid herself this time! I loved Magnus and Amalia's story. I really did give much thought about Magnus in previous books he was just another demon to me, but to see this side of him and the connection he had with Amalia has made me feel differently about him. All chosen couples have that unconditional love that is portrayed and played out in all stories, but I really felt the chemistry between them. It made me want Magnus all for myself! I loved his sweet little nickname for her, what woman wouldn't swoon for that?! inn are some scary people, they are not the fun I Dream of Jeannie characters you think of. I love Ms. Davies imagination and the Jinn and Fae back stories were fantastic. While reading the author's descriptions of the Abyss both (both before and after Amalia and Magnus entering) I could see it in my mind so clearly I felt like I was there watching them, she does a fantastic job in making sure her readers are really immersed in the

whole story. I was rooting for some of my favorite characters who shared in Magnus and Amalia's story and missing some others who did not make an appearance in this book, but I know they are out there and may make an appearance in future books. And then there were some new characters that I now love to hate and hope they get what they deserve and will enjoy reading every last gory detail when it does.

There were some sad moments throughout the story, some that brought me to tears wishing Ms. Davies didn't have to be so cruel, but I understand that those things needed to happen for the story to unfold the way it did. In the end I was left feeling happy and satisfied.

If you have not read this series yet, I highly recommend it, however if you want to ready it, you should read the Road to Hell series first. Each of the books in these series are amazing!

Elisa Hordon says

Hmmmm this series is hotter than hell.....

Magnus the last demon of illusion meets Amalia a faulted Jinn who is yet to reach her immortality, are they doomed from the start or a true match made in hell?

I love Magnus he is such a sweetheart lol for a demon and I have to say watching him become more and more protective of Amalia throughout the book is funny, he knows he shouldn't trust a Jinn but he can't stop himself.

Amalia is young for a demon, she hasn't reached maturity but she knows she is drawn to Magnus like she draws breath and it feels good, it feels right but she must help him first, help his friends even if she has to fight her own people.

Amalia was like a budding flower throughout this story, choosing herself over her family, choosing Magnus and ultimately choosing to do what is right.

Such a great adventure, such a great story.

Virginia Cantrell says

I cannot get enough of this world Ms. Davies has created!

Cathy says

Earth and all the planes of existence are getting so much more exciting or dangerous depending how you look at it. Finding their camp asleep and unable to wake them. The angels and demons need to find out what happened. Including capturing the Jinni wandering near their site. They can't trust her but Magnus is willing to do anything save their friends and Corson chosen. Thus going into the unknown Abyss with the jinni female that he feels a strange pull towards. Let the adventure begin. I cannot say enough about how great this story is. It pulls you in from the first page.

Kirha says

Her stories are all amazing as always and this one is no different.

I've been looking forward to Magnus's story for a while now. His character seemed mysterious and I wanted to know what secrets he held. Amalia was a great match for him and I loved how she was able to convince him to see who she was, ignoring what she is.

The action sequences and intricate plot left me reeling and I cannot wait to read the next story in this series!
