GAME OVER!!!! I would recommend this series to people, but I warn them about the bad editing throughout the whole series. Story line is GREAT!!!

Good read

I think the entire series was good... I enjoyed the entire series. I don't think it needed 10+ parts but it was good.

Here we go with the back and forth. I was sooooo rooting for Amir but I guess if it's too good to be true then it has to be false. I thought he was really going to be the one to step in and show her a better man. Of course he was a plum fool! I can't believe what he did and who he was. I still don't understand why he wanted the nurse to care for his boy though. I can see that coming back and being nothing but problems. I'm so tired of Tania going through the same type of stuff though. Even if it's in different situations its like 'enough already'. Anna has really lost her mind I'm wondering what in the world is going on with her popping in and out. I'm glad she's done but why does it seem like Nico's resume is filled with killing women? Let's see what happens next because I don't see Synn holding water or Nico really being faithful. I'm glad Tania is finally growing up but let's see how long that last because she's still letting him dictate what she does in her life.

Another great read!!!

I loved it...it was nice seeing the maturity in Nico & Tania since the first book. Finally they got it together. Maybe love really does conquer all.
