****MATURE CONTENT-18 AND OVER ONLY****

THIS IS A SHORT STORY ROCK AND ROLL NOVELLA!

Rock star Ryder Matthews is on guard now more than ever following a tragic death of someone close to his girlfriend Everleigh Stone. Her ex boyfriend had become more of a threat than anyone had realized and with the help of his band, Bad Blooded Rebel, he is trying to keep Everleigh and everyone else he cares about safe until Scott Adams is brought down.

After a tragic event in her hometown by her ex boyfriend, Everleigh Stone is terrified not just for her life, but that of everyone she loves. She feels guilt over what is happening and feels powerless to stop any of it.

When Scott finally makes his move, it is a desperate race against the clock to find Everleigh before the unthinkable happens. Will Ryder be able to save the woman he loves from danger and have the happily ever after they both deserve?

****THIS IS THE CONCLUSION TO THE BAD BLOODED REBEL SERIES OF NOVELLAS AND IS NOT A STAND ALONE NOVELLA. YOU MUST READ REBEL, ROGUE, AND RENEGADE FIRST!****

Mellie did it again. This was a great way to bring the family closer together. I know this story means so much to you as it will spread awareness towards a much occurring sad thing in our world today. May this story and what it means touch you as it did me. Great story!

Well... damn. Redeemed has it all in a short book. Mystery, romance, suspense, thrills and hot steamy sex. There's not really much to say but what a beautiful conclusion to the story. Everleigh and Ryder's story is turbulent and rocky, but wonderfully fulfilling. This is a must read!!

JB's Book Obsession - Jennifer says

This was a great conclusion to Ryder and Everleigh's story.

Though I am sure they will reappear in the next books for the other couples.
I really like the family feeling of all the characters.

Ryder and Everleigh deal with danger and tragedy in their story and the author did a great job making me care about these characters.

Danni and Beau story promises to be great from the glimpses we get in this installment.

I am also very intrigued by Sadie and Jude think I will love them the most.

This is the final book in this novella series and WOW....it is full of love, fear, anger, and more love!!!! It has

so much that I did not see coming and I think this is my favorite one!!! Have I said how much I LOVE Ryder Matthews? And how amazingly HOT he is? Just saying

****5+ STARS****

By now I think most people know how in love I am with the Bad Blooded Rebel series by Mellie George, and just in case you aren't aware, I LOVE THIS SERIES! Redeemed is Book #4 and the final installment in this series of very hot, very awesome novellas, and I had the honor of reading it prior to its release. It is also quite possibly the best one yet! I know in my review of Renegade (Book #3) I said it was the best in the bunch, but now I think Mellie George has found a way to outdo herself yet again. This is the book that brings closure to Ryder and Everleigh's story and finally their HEA is in reach; we can see the light at the end of the tunnel and the journey we are taken on to get there is the ride of a lifetime!

Ryder and Everleigh have been through so much and yet their love for each other, their need to be there for each other never falters. This is the most emotional of all the books in the series. I was a wreck for a good part of it (thank you very much Mellie George), thank goodness I had my tissues on hand. The story is so well written and the emotion really came through once again, making me unable to put this book down once I started. Since this is a continuing series, I do not want to discuss any plot points for those who have not yet caught up to where this book picks up. I will say it does pick up where the previous one left off and we are still in NYC. The drama in Redeemed is more intense than in the previous novellas and I think that is a testament to the author's amazing writing. The alternate POVs of both Ryder and Everleigh work so well throughout these four books, and they are especially powerful in this final book where their strength and faith are put to the test in heart-wrenching ways. Not to worry, there is also plenty of good, happy drama to balance out the story.

Oh and the hotness factor? Mellie George delivers plenty of it and it's even better than before! As Ryder and Everleigh grow closer, Everleigh becomes more aggressive, more assertive and nowhere is this more evident than in their bedroom scenes. These scenes are hot, they are racy, but what I really love is that I really felt so much more than just the hotness as I read the scenes, I truly felt the connection between the characters and I felt their undying love for each other. With hot comes sweet, and Ryder gets it right every time. He is hot, he is romantic and Everleigh is so lucky to have him in her life. When they finally do complete their journey and arrive at their HEA it is absolutely perfect. Mellie George nailed the ending and the epilogue that follows. It just couldn't have been written any better.

I would also like to mention that once again the supporting characters are woven into the story perfectly. The dialogue flows seamlessly among all the characters in the story, and often had me laughing and smiling when I needed it most. I have truly fallen in love with every single one of the band members and their girls, and I am looking forward to reading their stories in the future.

Once again I so highly recommend this series of hot, rocker novellas. The Bad Blooded Rebel series is not one to be missed. Thank you Mellie George for bringing these rockers into our lives and keep up the good work! You are truly a very talented writer.

Liked this one the best! Lots of action! The unthinkable happens! Despite Ryder watching Evie every minute, and even depending on John the bodyguard, psycho Scott kidnaps Evie. Can Ryder and the band get there in time to save her?

Even though each book was about 100 pages less or more I still enjoyed how everything just happened without it dragging on.

Everleigh and Ryder I expected lots of drama between the two but nope (only one major crazy ass ex where major drama happened with him). So for me this story was easy to read and was easy to enjoy.

Explosive novella to end this series....

Really enjoyed this last book and loved that we got to see Ryder and Everleigh get their HEA!

Everleigh really came through for me in this one, she found that backbone that I wanted her to find throughout, the circumstances was shitty but it made her stronger. Ryder was just perfect as usual ;-)

And yes I had a tear in my eye when they got the 'news', what can I say....Im a sucker for happy ever afters!!

This is the fourth and final installment in the Bad Blooded Rebel series. I loved getting to know Ryder and Evie and the rest of their family through this series. I shared their ups and downs and also their HEA. There is a good consistency throughout all of the books that keeps you wanting more. All of the characters were strong, yet, you are able to see their vulnerabilities also. They are not perfect and they each have their faults but you enjoy getting to know them. I was sad to see the end of this series but I'm so glad Ryder and Evie are finally together. This was a great series and I recommend it. I really hope there will be stories for Beau, Jude and Kris and their girls as well.

Naked horizontal celebrating...

This final installment wraps up Ryder & Evie's story nicely. Ryder is still having trouble concealing his gun. And best of all, I got my wish. Evie stepped up to the plate and got her bada\$\$ on. As Sadie described her, "she's got balls under all of her insecurity". Speaking of Sadie, I love her and look forward to her story, I'm guessing she'll end up unholstering Jude's gun, in spite of their claims to be nothing more than friends. And I'm looking forward to hearing more from Beau & Danni, they need to move past the friend-zone too. I'm feeling like part of the Rebel family and can't wait to read Reckless Redemption, the next book in the Bad Blooded Rebel series.

This review is for all 4 books. I enjoyed every bit of Ryder and Everleigh's story. Ryder is an awesome book boyfriend in every way. Everleigh is such a sweetheart, she didn't deserve everything that happened to her. Loved all the supporting characters too. Wish for more of Ryder and Everleigh. Thank you Mellie for an amazing story!!

Donna Coleman says

Great

That was an outstanding storyline. Even though it really made me sad at times. That was a true love story to me. I cannot wait for those final two band members story. Kris and Jude, especially Kris and Jesse. Again great book.

Dg says

perfect perfect perfect ending to Ryder and Evie. I loved this book plus the other 3 books with Ryder and Everleigh story. It had everything from the sexy love scenes, the suspense with Scott, the drama with Danni and Beau and a little bit of all the other band members. Love the whole book. Cant wait to read the next one in the series and see what happens with Beau and Danni and now baby on the way as well.
