## **Rogue Elements Don Pendleton TREACHEROUS CARGO**

A freighter smuggling nuclear materials from North Korea to Iran should be an easy target for law enforcement. But then the ship drops off the map around the Horn of Africa, and another freighter with similar cargo disappears soon after. The only link between the vessels is a private security firm. With nukes floating around in the Indian Ocean, the race is on to prevent a horrific disaster...and Stony Man Farm has the perfect man for the job.

Mack Bolan's first move is to infiltrate the security company as an undercover guard. But when he forms an unlikely alliance with a Somali pirate, it becomes clear these ships aren't just falling prey to high-seas holdups—and it's up to Bolan to unravel the conspiracy. With enemies onboard his vessel and trawling nearby waters, Bolan must be sharper and more uncompromising than ever. But not even an ocean can douse The Executioner's fiery crusade for justice.
