### 5 Pleasing Stars

The voyage of Madison's self discovery continues. She thinks she is submissive but what if she really is a dominant. On her quest, she discusses the idea with Logan and he decides it's an idea that she should explore. She can't explore with him but maybe she could explore with Troy if his Mistress says yes. Mistress Shale and Logan will supervise the scene. During the scene, Madison has an epiphany and she truly begins to embrace her inner thoughts, fears and desires.

*"The real voyage of discovery consists not in seeking new landscapes, but in having new eyes."*

They still have lots of navigating but it's becoming easier as Logan is patient and ever direct with Madison. Their talks together as they begin their journey are heartfelt, sincere and real. Can they have a D/s relationship as well as a normal relationship?

**"Put your hands on my arms, Madison. Hold on to me. Look in my face and know it's about way the hell more than restraints or commands.**

**He'd been helping her explore her submission fantasies all along, but with every step along the way, he's also somehow kept the focus on the reality of their relationship as well."**

Once again, thank you Joey for such exquisite writing taking me into deep and meaningful places. Peeling away layers to experience the needs and desires of Madison and Logan. I can't wait to jump into the last Naughty Bit!!

*PS-I didn't mention but I freaking loved Mistress Shale. We get more of Troy and her relationship but they are awesome together. She was open and helpful to Madison. She was one fabulous Mistress!!*

Review of NAUGHTY BITS PART III: BOUND TO PLEASE, by Joey W. Hill  
Review by Jaycee for Books 'N Cozy Spots Book Reviews, [www.Talon-ps.com](http://www.Talon-ps.com)

Madison's journey continues:

Through open, honest conversation with Logan, combined with a couple of life experiences with customers, Madison is learning to parse through the white noise in her life and get to the substance that is in her heart; to trust it, to trust Logan and to trust herself.

Part of Logan's therapeutic approach if you will, was to let Madison explore all of her sides, her curiosities about herself, so that she could finally see for herself the true nature of her character, and of her very being. Through a staged exploration of her control-side with Troy as her sub and Logan and Shale as her mentors, she discovered her thoughts and her very being were strongly associated with being Troy, with being in his place at that moment and all moments, and under the command and protection of her Master.

...“You wanted to try the other side, and you enjoyed it.” A rueful look crossed his face. “I won't say it was enjoyable for me to watch you touch another man, though I did enjoy watching how you had fun with it, the revelations you made. But at a certain point, you crossed the line between fun and something deeper. I saw the click. You not only picked up on the deeper layer of what this means to Troy, but what it means to you. If it was all just fun and games, just a sexual adventure, you could have seen it through to a different end, but you sensed there was something more. And that was what you wanted, wasn't it?” (p.57, NB-Pt.III-Hill, Joey W.)

And wouldn't life be all peaches and cream if self-actualization were that easy? Bippity, boppity , boo and you not only are, you like what you are. While a reader can certainly enjoy Logan's powers of persuasion, they can also identify with Madison's tenacious, intrinsic self-doubt and the vagaries of finding insight.

As always, Ms. Hill's characters, their lives and their hardships ring true. There is a core association, a visceral attachment to the feelings and fears that allow a reader to know that behind the fiction, there is also something tangible to take with them.

I'm looking forward to the magic and the conclusion in Part IV.

Naughty Bits part 3 is intense, emotional, kinky and SEXY HOT! *It's about letting go and embracing the life you're meant to live.* **I adore this 4 part novella story.**

Madison is the, “proprietress of women's fantasies,” and she's finding her own fantasies harder and harder to resist. Madison's sexual discovery journey at the hands of Logan continues with Kinky blissfulness... In all

aspects of her life, Madison's confidence is increasing in every way but she still allows fearfulness to rule her. Fear about the way she's been emotionally hurt in the past.... Fear about fully embracing her desires and being enough for another person. *She needs to let go....*

Logan made me catch my breath. *He's so gorgeous in every way.*

This book explores the differences between pain given for pleasure and pain that is simply wrong. How power and trust placed in the wrong hands can be used to manipulate a person's emotions, take advantage of weakness.... **"...that's so far from what BDSM is supposed to be about..."**

The power of a submissive.

Submissive does not equate to a weak person it equals someone who's empowered to be who they desire and take what they need from a mutual, trusting, deep relationship.

**I love the way Joey W. Hill opens my eyes to the world of BDSM. The more I read of her work, the more I discover the beauty. Her artistry at delivering each story, to me, is simply stunning.**

Madison and Logan have shared their fantasies but can fantasy become an everyday reality? I can't wait to find out in the final installment of **Naughty bits: The Highest Bid.**

P.S. I love, love, LOVE Logan ♥

Part II of *Naughty Bits* gave an idea what the third part would be about: it promised this time some **pain would be mixed with pleasure in *Bound to Please*, and it delivered.** Madison enjoyed it more than she expected, and I enjoyed reading about it, but that was no surprise at all. ;) **Those scenes are amongst those I look forward to most in this author's books, because she writes them so well, so well I find myself disappointed when the Dom/Domme in question doesn't have a sadistic side.** Logan seems to have one; I just wish he'd unleash it more often. But I understand that would not be the right way with Madison, with all her issues and all. However, she did discover she's more of a masochist than she imagined in that session that

pulled unexpected reactions out of her.

**All in all, I liked that part, but there was just one thing that didn't go as well as I had hoped. Sex.** To be clear, it wasn't that the sex was bad. Far from it. It was more that after so much build-up, I expected more than what I read. It was kind of anticlimactic. However, **the second time was much, much, much better. That entire last scene was amazing--sweet, emotional, hot--all in one. It also gave a glimpse of what is to come in the fourth, last part: enacting Madison's auction fantasy. It should be good.**

But before all that happened, **there were two more significant parts in the story.**

**First was when Madison came face to face to Veronica, a woman in an abusive relationship with a violent asshole posing as a "Master".** It's easy to forget the harsh reality has those people lurking around when I'm reading about these incredible male specimens that are the heroes in Ms. Hill's books. In that situation Logan once again proved his worth, underscoring once again to Madison what a good man he is.

**The second was Madison trying out the Mistress role with Troy.** A hot teacher disciplining a misbehaving student--fun times. But as fun as it was, it was not not enough. Madison realized who and what she was, so it was well worth it. Plus, it gave a glimpse in the relationship between Troy and Shale.

**Now, time for the finale!**

So sensual and hot as Madison explores further, even topping Troy to help her further understand herself and her relationship with Logan. It's erotic, sexy and tender and loving. Perfect.

**3.5 stars. Review posted June 20, 2014**

This third installment was my least favorite. Granted, the final 25 %, which were hot and emotive and included not only great smexy times but also some deep conversations, 'saved' Naughty Bits Part III for me and I did enjoy that part very much. But otherwise it didn't have that huge emotional or intense pull that I felt with the two previous novellas. The scene at 62 % didn't cut it for me at all. Madison's crying jag and outpour and the reference of yet another BDSM-can-do-that-to-you-and-will-help-you-to-heel but also Logan's response "..., *make it all better. Would you like that?*" were the triggers for my serious eye-roll moment. Cheesy, much? I was actually at an all-time low with this novella at that specific moment and felt kinda bummed. All the more, considering Logan just stuck his dick in Madison's pussy for the first time and I expected so much more than that. But wait a sec, it did pick up again for me and, of course, I don't have any qualms whatsoever to blame Logan. That man simply made this novella for me and I'm happy to say that I'm still swooning over Logan and his sexy-as-sin voice, his gentle yet firm hands, his commanding presence, and his smart and perceptive mind. You get the gist. I'm still under his irresistible spell. He's simply to die for!

I mentioned in my review of Naughty Bits Part II: The Training Session that I don't see Logan (view spoiler) and I'm more than a little bit relieved that my wish will come true in the final installment Naughty Bits Part IV The Highest Bid: (view spoiler) Logan is a (view spoiler) In consequence, I'm looking forward to the last part of this series and the (view spoiler) Logan was talking about.

### **My ranking after three installments**

Naughty Bits Part II: The Training Session 5 stars

Naughty Bits Part I: The Lingerie Shop 4 stars

Naughty Bits Part III Bound to Please 3.5 stars

(...) At her silence, he touched her chin. "I know you feel like I'm infringing on your sense of choice when I state something like that, so I'll make it a question."

"Versus a statement of the obvious?" She gave him a narrow look, and he chuckled.

"Let's pretend I'm asking it as a question, to save me from a possible dose of female silent treatment. You made your choice, didn't you?"

I'm enjoying this serialised novel so much more now that I waited until all the parts were available so I could read them all quite close together. This story is getting hotter and hotter and I'm desperate for Madison to give in to her desire to let Logan claim her!

Madison has come such a long way since the first book, she is growing in confidence daily and it's clear that her sister really did know what was best for her all along. I loved Logan from the beginning and I've enjoyed seeing him introduce Madison to the BDSM lifestyle. It's something that has intrigued her for such a long time but because of a few disastrous experiences with previous boyfriends she became afraid of her desires and felt that there was something wrong with her. Logan is giving her the information she needs to make an informed decision about what she wants, she gets to see the truth of the lifestyle not just from him but also from Troy and Shay (another couple I adore and would love to spend more time with!) and has started to understand that even though subs give up control they still have a lot of power in their relationships.

I love that Logan encourages Madison to explore her sexuality. He makes it quite clear what he hopes they will become to each other but he knows that she needs to take things slowly and he's willing to wait as long as it takes. He has a lot more patience than I do because I'm desperate to see her finally make the decision to put her trust completely in Logan!

### **Melanie Marnell says**

Logan continues to open Madison up more and more with respect to her emotions and palpable feelings. She has her setbacks and is not ready to go all in but she is beginning to understand why she's had so many relationship failures. A major turning point is when she finally agrees to a pain/pleasure session with her Master. It follows her foray into being a Domme. While she initially enjoys the session using Troy as her sub she realizes she truly is a submissive. Her cathartic response to Logan's discipline cracks open her soul allowing her to release her long buried pain.

3.5 I LOVE LOGAN Stars!!!!

*eARC for Honest Review Courtesy of Penguin*

In this installment we continue with Madison's journey to accepting her inner submissive through the help of the new love of my life Logan.

As Madison fights this process it starts to drag on a bit for me. I know she has issues as everyone does but

her wall of resistance was getting a bit old for me.

What makes this series fabulous hands down is Logan!!!! He coaxes Madison's truth and emotions out of her with his domineering and loving ways.

Logan has just as much baggage as Madison does, but he uses it to empower himself instead of letting it weigh him down like Madison is doing. But one spanking at a time and Logan is freeing Madison's true inner self. So, this way she can let go and be free and learn to truly love and accept love in return.

The journey between Logan and Madison is a slow erotic journey where the heart blossoms and the steam rises. I love the way Joey W. Hill writes and by far she is becoming one of my favorite erotica writers. I can't wait to read the next installment where I think Logan is going to blow away my heart and loins. The installment may have not been my favorite of the bunch but what makes this part enjoyable is .... Logan.

## **JB's Book Obsession - Jennifer says**

An emotional & sensual journey of a woman who thought she lost everything.

Joey W. Hill has recently become my favorite BDSM writer. I am thoroughly enjoying this series. It will be bittersweet for me when the last book comes out in July. Ms. Hill, in book one started us on a journey with Madison when she leaves the life she had in the big city to come run her sisters erotic store "Naughty Bits" after her sister passes away from an illness that Madison didn't even know she was suffering from until days before her death.

When I first decided to read this series I thought it was going to be a campy fun sort of read. But I was mistaken from the first page of book one I was emotionally invested in these characters. Having sisters of my own I cried every time Madison spoke of her childhood with her sister and of the time she lost being angry with Alice for "butting into her life too much". Madison meets Logan the owner of the hardware store next door, and a sexual dominate. Alice "gave Madison" to Logan according to him and a letter that Alice left her sister. It seems Alice knew her sister would need Logan and he has discovered in book three that he needs her as well.

The way these two characters are growing together through friendship and BDSM scene play is just beautiful to read. Every time I read Ms. Hill's BDSM stories I feel like I am learning more and more about the lifestyle. I am not in it but the idea of it intrigues me, how most people on the outside would think its "abuse" or "degrading to women" when in fact its the exact opposite. Well done Joey W. Hill you have portrayed a controversial lifestyle in a very informative and classy way.

This series has kept me holding my breath waiting for the next one part. I can't wait to see how she ends this wonderful tale of Dominance/submission and love.

Part III, Bound to Please, is the continuation of Madison's exploration as a submissive with Logan guiding

her through her journey. And what a wonderful, exciting and well Hot journey it is. Madison explores the BDSM world and her submissiveness and also her growth as a Lingerie Shop owner. Being able to connect and guide her customers has helped her grow and accept her own true identity. Logan is the perfect Dom both as trainer and more personally as a lover. Ms. Hill has a unique gift of combining the psychological and the emotional with eroticism for an amazing unique journey of her characters lives. (the little bit of preview for part IV at the promises a highly charged ending to Madison and Logan's story)
