Master Eric Guindon

The Exciting Conclusion of the 'A Wizard's Life' Series is Here! This final novel of three covers the last part of Benen's life as wizard: his time as a master. As a master, Benen faces complications and situations he never has before. Follow as he explores the world, faces progress and politics, and teaches his own apprentice. This final installment in the series brings you all the way to the end of Benen's life.

Scott Wozniak says

The characters were even worse and the history and magic were even better. Only read this if you find magic like science interesting and centuries of history interesting. The other parts of this series were poor.
