**Possess Me** R.G. Alexander

**Three exciting new paranormal erotic novellas set in New Orleans, with a voodoo twist that's "pure magic". (Eden Bradley)**

In the Big Easy, there's a legend women long for: a sexual voodoo spirit who can fulfill their darkest fantasies. And in these three steaming-hot novellas, he helps three New Orleans couples achieve the ultimate satisfaction...

In Release Me, Allegra heads down to New Orleans to heal her wounds, but she never expects to lose her heart to such a quiet, troubled man as Rousseau. She's even less prepared for the scorching, sexual spirit within him-and what he can do to her...

In Reclaim Me, Ben has loved Michelle as long as he can remember. But his beautiful artist has a way of running away from life-and what the pair could be. Leave it to the infamous spirit to help Ben prove to Michelle where she belongs: in his embrace...

In Redeem Me, it's All Saints' Day, the one day the voodoo spirit can walk the world in the flesh. When he bumps into Bethany, she might just be the reincarnation of a girl he once loved. Passion ignites, but can the couple overcome past mistakes and have a real chance at love?

## From Reader Review Possess Me for online ebook

### Miranda Baker says

Kept hearing about Bone Daddy on the Smutketeers Yahoo group until I had to buy the book. It's set in New Orleans and my husband and I cooked down there for a couple of years - another draw. I was thoroughly entertained by these stories, and I'm still enjoying thinking about the characters. Best line: "Bone Daddy unchained." GROWR! You want to read it now too, don't you?

---

### Anilú says

I liked it. The best thing about it, was that for once, facts about vaudun were correct! Very refreshing.

---

### Dana says

Possess Me, the debut novel by RG Alexander for Berkley Heat, is every bit as sensual and captivating as its sexy cover art. Set in magical New Orleans, an erotic voodoo spirit known as Bone Daddy is consumed with making every sexual fantasy a reality.

Let me begin by saying I am an accomplished romance reader if I do say so myself. Vampires, demons, fairies, time-traveling Scottish lords...I've read about them all but I am sure I've never come across a sexy voodoo spirit before. This ability to write new, creative characters is what keeps me coming back to read RG Alexander's work...that and the sexy storylines. I read the book a few months ago and I can still recall...with a smile on my face...an erotic scene or two or three...ok all of them. Especially the dressing room...just loved that one.

The book consists of three novellas, each telling its own story, but at the same time building on one main story. I love this format because it is like a mini-series and you don't have to wait months for the next book to come out...just turn the page.

And you'll want to turn the page for the men of Possess Me... Rousseau, Ben and Bone Daddy. Rousseau is tall, luscious and has the reputation of a sex god. He's also the troubled hero type that I love to read about so much. Then there is Ben, a southern gentleman with surfer boy good looks. He's been willing to give his body to woman over the years but his heart will always only belong to the one woman who refuses to accept it...Awww. And then there is Bone Daddy. Beautiful beyond words he is the playboy with a heart of gold. And let me add that the heroines are strong enough to handle these men too.

RG Alexander has made it easy for me to give Possess Me 5 stars. It has everything a sexy romance needs to capture a reader...An imaginative plot and heart pumping sexual chemistry between characters. I'll be eagerly awaiting RG's next release!!!

## **Noor says**

i loved this book. i loved how each story in the book is connected to each other... however the reason it does not get 5 stars is because i feel the plot of the stories moves to fast... i would have loved to have little more development in part of the story outside the romance, still over all great supernatural romance read

## **Jackie Uhrmacher says**

Possess Me by R. G. Alexander is a compilation of three steamy stories surrounding Bone Daddy, a sexual voodoo spirit with a flair for matchmaking. It was one of the most engaging, surreal, explicit novels I've ever read. New Orleans is an actual entity in each tale, coming alive with each sentence and making me yearn for a piece of the Crescent City.

## **Erika says**

Three erotic novellas in one book. Starts out in New Orleans. Where a legend about a sexual voodoo spirit who grants women their darkest fantasies and wishes comes to life! These three linked stories are sexy and sultry, and have a taste of New Orleans. This book and its characters are utterly charming-especially Bone Daddy.

Possess Me by R. G. Alexander  
Paranormal Romance- Aug. 3, 2010  
4 stars

Possess Me is a romance that lovers of erotic and the paranormal will definitely enjoy! It is a 3 story anthology that starts out in New Orleans. Where a legend about a sexual voodoo spirit who grants women's darkest fantasies and wishes comes to life!

Rosseau, a quiet handsome cafe owner, is not exactly himself. Possessed by the sexual voodoo spirit, he tried

to stay from Allegra, a woman whom he has a crush on. But, the spirit has other plans...

Michelle, Allegra's best friend, has trouble reconciling with her heritage. She not only chooses to ignore from her supernatural gifts, she also chooses to ignore Ben, her childhood friend who's also her soul mate. But again, the spirit intervenes...

On All Saints' Day, the spirit was granted flesh for one day. As he enjoys his one day, he meets up with a woman who could have been his love in the past life. Can they get together in the end?

Three erotic novellas in one book. Plus exotic terms and cool foreign (to me, at least) concepts of voodoo, spirits, and mediums. This could have been a recipe for disaster, but Alexander is a deft writer who easily juggled it all and presented the three novellas in a palatable, easy to digest manner. All three novellas are linked and flows easily from one to another without causing confusion. Easy to read with straightforward plots, this erotic anthology is definitely fun and entertaining.

Of course, being an erotic anthology, the sex scenes are very steamy and explicit. However, Alexander never crosses the line to "too much." Her book is well balanced between the sexual scenes and the plot line. Other less experience writers tend to throw in sex scenes one after another without setting it up properly, thus reducing their book to a rubble of pornographic scenes. Alexander avoids this pitfall by not sacrificing plot for sex. As the spirit that holds the anthology together, Bone Daddy is vital to the plot. If he had been a cardboard character who's a tool, this anthology would have fallen flat on its face. Thankfully, Bone Daddy's mischievous spirit and interesting personality gave these three novellas depth, showcasing Alexander's mastery over her work.

Even for me (someone who usually stays away from erotic novels), Possess Me is an entertaining fantasy that's easy to read.

Posted on Under the Covers

Possess Me is a book written in three parts. While the stories follow the same story arc, each short story follows a different couple and their happily-ever-afters. I absolutely loved this idea! I thought it was unique and the fact that Alexander sets it in New Orleans makes me love it that much more! Each story is so culturally rich that I wished I could head on over to experience the magic for myself!

"Release Me"

The first story is Rousseau and Allegra's story. What is so engaging about this story is the presence of the Loa spirit, Bone Daddy in Rousseau. Bone Daddy is a sexual spirit whose goal is sexual satisfaction. But even Allegra is intrigued by BD, it's Rousseau that she wants.

As I mentioned earlier, I loved the idea of Bone Daddy, but I found it a little confusing because Rousseau and Bone Daddy are essentially the same person. It was a little hard to distinguish them from one another.

But apart from that, I loved it!

“Reclaim Me”

Ben Adair is also another character that I loved. From the moment he made his first appearance in Release Me, I knew I'd love his story. Michelle and Ben have both had eyes for one another for a very long time, but they kept themselves at arm's length.

But with Michelle's special ability to see spirits, Bone Daddy's presence seems to be pushing her closer and closer to Ben. I'll have to agree with BD on this one. Together, Michelle and Ben are electric and I have to say that this story was my favourite of the three.

“Redeem Me”

In this last story, we get caught up on the events in Allegra and Michelle's life, while also being introduced to one of their friends, Bethany. With her mediocre looks and shy personality, the others can't believe that BD has set his sights on her, but with Allegra's wedding on All Saints' Day, the voodoo spirits can now walk the earth in the flesh.

Overall Impression: Loved the idea, loved the characters and loved the overall magical and sensual darkness that encompassed everything. And the cover is really hot!

## **Leigh says**

I started this book last night and said to my hubby, "not sure about this one...I mean Bone Daddy...really", man was I WRONG! This collection of three stories bringing together three couples was wonderful.

Release Me - The story of Allegra and Rosseau. I loved the story of Rosseau's possession by the Loa and how Allegra works hard to win Rosseau back from his possession and still finds a space in her heart for Bone Daddy.

Reclaim Me - Michelle, who can see and speak to spirits and Ben who has the gift of being able to sense what other people feel and think, have been friends for years. Michelle runs from her gift while Ben embraces his. Michelle comes back to New Orleans and invites her best friend Allegra to move in with her. This story was not my fave but I enjoyed the struggle between Ben and Michelle.

Release Me- The story of Bone Daddy. The story of how he became the Loa and how Michelle's friend Bethany helps to release him from his Spirit state and make him real.

## **Hbeebti says**

I really enjoyed this book. At first I was kinda wondering how cheesy this would be with a character named "Bone Daddy", I mean come on, right? But yeah it wasn't cheesy at all. In fact came to enjoy Bone Daddy a lot.

There are three short stories, but it felt like one book. One story ran into the next because it was about the friends. They were in each other stories and so you found out what was happening to them even when their HEA was over. I was thrilled that Bone Daddy's story was last. I love that he had a history that we got to read about.

Who would have thought that a book about spirits and voodoo and the Lao would be so entertaining. The first short was about Allegra and Rousseau. Rousseau was possessed with the voodoo spirit Bone Daddy. Loved that Allegra wasn't described as beautiful or hot or whatever, she has flaws. As in scars all over her body from an accident. Rousseau thinks the scars make her more beautiful. They had a hot short story. Hot sex and torment male. Loved..

Michelle and Ben well they are best friends of Allegra and Rousseau. Ben has been in love with Michelle since childhood. He is the one chasing her, and she is running from her feeling for him. The Lao (BD), is there to help them out. Loved..

The last was about Bone Daddy and Bethany. Bethany is close friends with Michelle. BD and Bethany well there is more than meets the eye with this one. I was pleased too. Love back stories. BD is a naughty perv. lol Loved him! Bethany is shy and a recluse. She would rather stay home and read than be around people. I loved seeing how BD brought out her wild side.

Hot sex in each short and some action. Overall it was a pretty good book, and I look forward to the next one about the siblings from this book.

### **Jeananna says**

Every once in awhile I will find a new-to-me author and I will read their work and think to myself "OMG! Where have I been that I am only just now discovering them!". RG Alexander is one of those authors for me!! But I know why I wouldn't have looked before because when something says paranormal as the genre I don't usually gravitate that way... MAN have I been missing out!! I discovered her work in the 8 bk combo Midnight Ink and loved her story there! and I HAD to find out more about Bone Daddy! Posses Me was a fast based book with 3 great stories in it that were all HOT and kept me on the edge of my seat! Now onto Tempt Me - cannot wait to see what RG has in store for us this time in the Big Easy!!

---

### **Patsy says**

Beautiful!!! Isn't it amazing how love can conquer anything, even evil spirits. Wonderful novellas about just that, conquering evil so that love could win. Sexy, funny, witty...a must read series if there ever was one.

---

### **Fedora says**

Wow.

I'm embarrassed to admit that this sat on my shelf unopened for um... months. That was clearly a huge mistake.

I finally cracked this open and loved RG's anthology--it's three connected stories set in New Orleans, about a few key adventures of a Loa--a voodoo spirit--known as Bone Daddy. He is a special spirit, a sexual healing spirit, if you will.

RG does a remarkable job with these stories--the characters are vivid and captivating, and the plots engrossing. And their emotional and physical connections are off the charts hot. This is definitely one for the keeper shelf, and I'm eager to read the sequel, Tempt Me.

I'm beyond tempted ;)

---

### **T.J. Michaels says**

This book was freaking fantastic. Though it is an anthology, the stories were so seamlessly woven together, it really could have been one book. I don't think I've read this type of mythology before and I love the originality. I also loved that there is a lot of multiculturalism in this book but the author doesn't get hung up on race at all, which is particularly lovely. Instead, she lets you get lost in the characters, what they feel and what they think about their lives and one another. Very well done.
