# Star Trek Cookbook

*Ethan Phillips , William J. Birnes*

**Star Trek Cookbook** Ethan Phillips , William J. Birnes

Is there one food that humans, Klingons, Bajorans, and Vulcans would like? If so, what would it taste like? How would you prepare it? Could you find all the ingredients locally?

This is the task that faces Neelix, chef for the *U.S.S. Voyager*, every time he takes on the challenge of trying to feed its crew of 140 food critics. But over the course of their journey, Neelix's learned a few tricks of the trade. He had to, just as a matter of self-preservation.

Ethan Phillips, in the persona of Neelix, and William J. Birnes, the *New York Times* bestselling coauthor of *The Day After Roswell*, throw wide the vaults of interstellar haute cuisine, revealing for the first time the secret preparation techniques behind all those exotic dishes and drinks. The favourite foods of characters from every *Star Trek* series and movie are here, all adapted for easy use in twentieth-century kitchens. The *Star Trek Cookbook* also features a complete guide for whipping up all the drinks served at Quark's.

Fun, and easy to use, the *Star Trek Cookbook* is your indispensable guide to the food of the stars!

# From Reader Review Star Trek Cookbook for online ebook

## Jordan says

It's sooooo hard to find a reliable Klingon Blood Wine recipe these days!

An absolutely fabulous concept. I'm glad Neelix (Er, Ethan Phillips) had the gumption to throw these recipes together, alongside meticulous research into the appearances of food stuffs in all of the series, and even a few recipes from *actual Star Trek actors*. I lift my glass of Tranya to you, sir!

In addition to a deplorable lack of photos, this book also suffers slightly in its organization: I really like the organization by *Star Trek* series, but I would have appreciated organization by food type. I wanted to make a dessert the other night, and it took me *ages* to settle on Picard and Troi's Earl Grey Chocolate Cake (good, but a tad sweet for my tastes). Perhaps a hybrid version could keep its current arrangement, but have colored tabs for different food types? I know there was probably a budget for this, so that may be out of the question.

Even so, I look forward to packing Picard's Teatime Sandwiches for many a work day.

Buy this title from Powell's Books.

---

## Jason Jones says

I loved it. I have made a few of the recipes. Eventually I will try more. No Ferengi food though. Although I love the Ferengi. This book is absolutely wonderful if you are a Star Trek fan. They have recipes from original season through all.

---

## Blanche says

A book filled with delicious recipes, that simultaneously caters to my deep-seated love of (almost) all things Star Trek? How could I go wrong here?

(As a delightfully nerdy aside, for the first birthday I had while we were together, my boyfriend made me a birthday dinner of recipes taken exclusively from this book. Counselor Troi's chocolate raspberry cake was shaped like the eponymous pastry from the game [Portal](#))

---

## T. Finley says

You will need a bread machine for some of the recipes.

Did I like it? Somewhat.

Would I reread it? Maybe.

Would I recommend it? Not without trying some of the recipes.

---

**Thomas Schubert says**

Die Komar Kekse hab ich ausprobiert - schmecken zwar sehr süß sind sonst aber super.

---

**Angela says**

I know it's probably cheesy but I just finished watching the entire Voyager Series and really enjoyed it. So, as a cookbook collector I like books from places I've been or movies or shows I enjoy. Fun.

---

**Jeremiah says**

An unbelievable read. I actually tried some of the recipes inside and they were brilliant! Even if you are not a Star Trek fan, (I admit it...I am)you will find recipes worth enjoying.

---

**Ross says**

Want to host a Trek party? Serve foods from this!

Using modern day meals & giving them a Star Trek twist, meals from this book is sure to liven up your next party.

---

**John Yelverton says**

Fun for the fans, but as a cookbook, it's just average.

---

**Astrila says**

It's not as weird as I would like, but still very cool.

---

**Sheri\_j\_m says**

One of my favorite cookbooks!

---

**Jessica says**

Fun and fanciful recipe book full of colorfully designed menus and a lot of witty writing.

---

**Jess says**

If you like Star Trek at all and are interested in cooking then this is the book for you. Great recipes and great stories.

---

**Abraham Ray says**

great read for star trek lovers & cookbook lovers as well!  
combine the 2 types of book lovers & you have a match made in heaven.  
fyi,I own this book.
