Meagan Wells says

Very informative! I know nothing about soccer but my child wants to play so i decided to give this book a try to see if I could atleast learn a few things before she starts the season.

Krystie Jones says

Wasn't all correct.

When I read this book, I found a lot of mistakes. For instance, it says that you can't get in between a player and the ball if you aren't getting the ball, but you can get in between the player and the ball to block them off from it.

Varun says

nice and short book about soccer for kids.
