## **Virgin Dancer** Deborah Court

Was she dancing too close to the fire when she chose him for her first night of passion?

Jade, a small town girl who has recently moved to New York to become a professional ballet dancer, is wildly determined to lose her virginity. She goes to a Lower East Side club and celebrates her birthday with friends - fully intending to choose the most handsome, charismatic man she'll meet there to introduce her to the art of love that night. Instantly she falls for the blonde, tall Swedish sex god who owns the club, pretending to be a pole dancer who wants to apply for a job. But Alrik has secrets of his own, and soon Jade gets entangled in a web of danger, mystery and relentless passion ...

## From Reader Review *Virgin Dancer* for online ebook

### Stacy says

I downloaded this book for free two years ago when the author gifted it to the members of the EricandSookielovers website. It was before I got a Kindle so I put it on my husband's and forgot about it. The poor man was walking around with a book entitled *Virgin Dancer* all this time until just the other day he asked if he could get rid of it. Men.

His question reminded me about it and I decided to dive right into it once I finished the last *Cat & Bones* book. And I'm so glad I didn't forget it this time around. The main hero is based on Eric Northman from *True Blood* (aka *Sookie Stackhouse* books by Charlaine Harris if you live under a rock). This story is a scorcher. I devoured it in one day whenever I had free time. It has a fun FBI twist thrown in giving it more plot than just being a sexy book. Recommend to any Eric Northman fans out there!

### AnnMarie says

**\*\* Review is spoiler free - only outline \*\***

I loved *Bound To A Prince* and am looking forward to *Bound To Magic*, so when *Virgin Dancer* came my way as a freebie, I didn't hesitate snatching it up. I do enjoy Deborah Court's story weaving. She has the ability to make us believe the worlds she creates.

Though a novella, the story was full of suspense, drama, and romance. Interwoven in to a full story line. I was extremely surprised as I thought originally it would be a fluffy smutty read, as most novella's are.

We have Jade, the virgin dancer, looking to give up her virginity, but not to any old guy who comes along, he has to be someone she wants to spend the night with, one time. Quite the contradiction. Then there's Alrik, the stunningly handsome viking like god/club owner/man of mystery. A definite book friend candidate.

Sparks and chemistry permeate their meeting, but alas, it's not to be, yet...

That's where the drama and background comes in on the cast of characters. And when I say drama, I mean drama. Human trafficking and blackmail.

A definite quick read that gives a solid punch of the senses. I liked it a lot and wouldn't mind a little more from these two...one day.

**\*\* 3 stars only because it is a novella after all - but still my highest rating for novella's. :)**

### Gaele says

So many elements to enjoy are packed into this novella; it's difficult to choose just one stand-out moment or

character. Jade is beautifully described and voiced, with the right touches of sensual greed and virginal innocence, and a highly developed curiosity. Alrick reminds me of Erik in the True Blood television show (Don't Judge!) with his arrogant demeanor and his highly sexualized and sensualized approach to the world that belies a myriad of untapped emotion and secrets.

Not only are these two characters really well placed and defined, but the tensions between the two are palpable; the sex is steamy and weaves into the story never feeling gratuitous or unnecessary – but developing the character's connections and providing them with a feel of connectedness even in the midst of the secret that could tear them apart as it endangers them all. The addition of the trafficking, and the emotions Jade experiences with her little brother endangered all managed to add another layer of complexity to the story, without feeling contrived or unnecessary; Court manages to tightly control the plot and still develop both stories to being a satisfactory conclusion.

I received an eBook copy for purpose of honest review for the Jeep Diva. I was not compensated for this review: all conclusions are my own responsibility.

### **Isabella says**

Hot hot romance with a decent romantic suspense plot. The characters feel real and have emotional depth, especially Jade, who cares for her 16-year-old genius autistic brother. Alrik, the Swedish club owner, isn't what he seems to be at first, as well. (I don't want to spoil anything here) The story keeps you reading and takes some unexpected turns, while the steamy scenes are classy and extremely well written.

---

### **Frederick Brooke says**

In the latest erotic romance novella by Deborah Court I was expecting a light, fluffy romance with a few good sex scenes, but it's so much more! The pages turn fast as the suspense builds, and the characters turn out to be highly sympathetic, three-dimensional people caught in a perilous bind.

Jade Cameron is the dancing beauty who, as the story begins, has set her sights on giving up her virginity. Her girlfriends drag her to the premiere club for singles in New York, where she meets the enigmatic owner of the club, Alrik Larsson. Built like one of his Viking ancestors, the Swede nearly melts her on the spot with his golden curls, his broad shoulders and his icy gaze.

What saves Virgin Dancer from joining the ranks of ordinary romances, and what transforms it into something unique, is that the club owner's hidden identity draws Jade into a dangerous web of criminal enterprise. When Jade's autistic brother is introduced, it adds a further dimension to her character. And all the elements are present for a complex yet fully plausible dilemma which jeopardizes their lives as well as the developing relationship between Alrik and Jade.

I enjoyed Virgin Dancer from the first to the last page. As the sex scenes are explicit, this book is not suitable for young readers; yet I was impressed with how tasteful the scenes were and how essential to the story. The author has achieved an exquisite balance between sensual entertainment featuring real-life characters and intelligent plotting. Highly recommended.

## **Crystal says**

I really loved Virgin Dancer. I really appreciate you Deborah, for given me the chance to read it.

You wrote about something that is really dear to my heart. Which is autism. Since I have two children with autism, I really understood all that Caleb was going through.

I loved reading about Jade and Alrik. I really couldn't imagine being a virgin and doing what Jade did to lose my virginity. Watching all the emotions they experirnced and even though Alrik tried to fight it, it was no use.

The way that Jade changed Alrik's mind and finally made him realize that he really had no choice but to give in. I was entrapped from the first all the way to the end. Thanks for letting me enjoy another story and I can't wait to read the rest of your stories.

## **Ashley says**

I really do love Deborah Court's writing only complaint about this book was it was short but it was very good regardless.

---

## **Victoria Limbert says**

Long has it been since I rushed home from work to read a book!

Now I am not a huge fan of this type of book and admittedly downloaded this on a free promo offer thinking it would just be a little bit of fun in between other books I was reading. But WOW did this story blow me away. The only gripe I have is that it wasnt long enough. I fell completely in love with the characters and the story and would have loved for the story to have opened, become more but the love story, the sexual scenes and the characters pulled me in. I read this until the very last minute before having to go to work, and couldnt help but wish time to move faster so I could get home to finish it.

Deborah Court consider me a fan! I loved this book and cant wait to read more of your books :)

---

## **The BookChick says**

This is a book by a new author and I enjoyed it a good deal. My rating is actually like a 3.75 but I'm rounding up because I think Ms. Court crafted a well developed, although short, story with interesting characters. The insertion of Ascobar kept it from being mundane and added an element of intrigue to the story. Very hawt too.

---

### **Denise Medaglia says**

I loved this book. It was such an easy read and very disappointed when it ended. I wanted it to continue. I have recently become a real lover of this genre and Deborah Court just shot me to the next level! I can't wait to read other works by her. This is definitely a must read.

---

### **Katina says**

Seriously???? I must have read something that other people didn't cause this was barely a 2 for me....and I'm being generous. Sorry. I really wanted to like this after all the good reviews but I guess it just wasn't for me.

---

### **Lynette Sofras says**

Deborah Court is one of my favourite writers and she never disappoints.

Virgin Dancer felt fresh and new with a gripping plot and a good deal of sensual romance. The heroine, Jade Cameron only set out to find a desirable man to help her through her first sexual encounter and certainly didn't expect to find hot, sexy club-owner Alrik and fall in love. Alrik is so deep and powerful - oh and did I already say soooo sexy?! that for me he became the star of the novella and I couldn't get enough of him (I wish!)

Jade is sweet and like many girls of that age, thinks she is tougher than she is. Her softer side is beautifully highlighted by her concern for her younger, autistic brother, Caleb. When Caleb's life is placed in danger, the real tiger in Jade is revealed - and well worth seeing!

The plot is very tightly controlled and the romance is powerful and real – what more could you ask for? I read it in one sitting and it was a very satisfying read. Recommended.

### **Proserpine says**

I devoured it! Review to come!

---

### **Silvia says**

This review was originally posted on my blog, Darkest Sins.

There's nothing about this book I can possibly say I haven't extremely enjoyed (even the cover, in perfect syntony with the book, trust me).

The plot is captivating and everything is all well written with a right dose of suspense that I wasn't expecting to find here at all. Jade and Alrik (who I wish I'd meet for real) are two great characters, well defined and realistic. I loved the way their relationship evolved and let me point out that sex here is something to particularly appreciate. When you read about the sex scenes (so damn good and very well described), you find they're there for a purpose. Sex isn't something the author added just for the pleasure of classifying the book as erotic romance or to give you a more exciting read, sex is something essential and it totally helps moving the story forward. I really loved every-single-page.

Deborah Court has a beautiful style and this book was unexpectedly exciting in many ways and sensually entertaining. I highly recommend it.

### **Midalah Ballinger says**

Since my first review of one of Deborah Court's books, "Bound to the Prince", I've had the honor to get the chance to talk to her about a few things as well as review a couple of her other works. I admit that when I see an email from her, I get excited as to what it is going to include.

"Virgin Dancer" was no exception. One thing I have noticed when it comes to any form of romance or erotica, is that there are certain factors you have to include. Deborah manages to do just that in every one of her books, but she has a flair for taking the path in a unique manner. Where people are constantly talking about vampires, werewolves or shapeshifters- she introduced us to the enigmatic and sexiness of elves.

In this book, we are given what many would consider a typical double life scenario for our hero. A seeming criminal who is truly a cop undercover. But instead of the typical storyline of bringing down a drug lord, we are faced with the rarely mentioned crime of human trafficking. Yet despite the darker background, we are given a hot ride as Jade finds the right man for her, a hot Swede with a heart of gold.

Few authors I have read can master the art of the word in a way where they can write a compelling enough story in a smaller package and still accomplish so much in terms of storytelling. In Deborah's case, while I wished for a longer tale, it wasn't because the story was lacking, but because I simply craved to read more of their story.

I highly recommend this latest piece by Deborah Court.
