## Witness Beverly Barton

The Protectors are back From bestselling author Beverly Barton come the first two stories in this beloved series.

"Defending His Own Once Deborah Vaughn had loved Ashe McLaughlin with all of her teenage heart. Then he'd disappeared, leaving Deborah with nothing...except their son. Now Ashe was back, insisting she play his lover.

Ashe had never forgotten Deborah, or the way her father had railroaded him out of town. But as the star witness in a murder trial, Deborah needed him, and he'd do anything to keep her safe.

"Guarding Jeannie

For six years, Jeannie Alverson had thought about Sam Dundee's haunting blue eyes, his warm touch. His was the face she saw in her dreams. He was the man she never expected to see again. But now he had returned...to protect her.

Sam couldn't turn his back on Jeannie. She had saved his life, and now she needed him. He vowed to guard her against danger, but who would protect him from the love shining in her eyes?

## **From Reader Review Witness for online ebook**

### **Luann says**

I didn't finish this book. It had potential to be a great mystery but really ended up being a romance novel thinly veiled as a mystery. Not cool.

---

### **Gary Grimes says**

Not a very good book and although the plot is great the writing is not. Was glad to come to a completion not because I now knew the conclusion but instead because I would not have to read it any more.

---

### **Lynette Reif says**

Ok first story was really good but the second I simply cannot finish the characters I don't understand their chemistry which is disappointing as I loved Allen, Ashe and Deborah from book 1. Also appreciated the wrap up at the end too.

---

### **Longsam says**

my first time reading this author, and i was pleasantly surprised.

---

### **Dale says**

I HATE being conned into starting a book only to find it is really 2 books in one. The Book is called "Witness," but there are 2 separate books inside.

1)"Defending His Own" - pretty good mystery with requisite romance, 2 ingredients I require in order to enjoy my read...BUT...Ms. Barton was almost writing like a Harliquin Romance Novel here. These characters were sex maniacs. It was to the point of being distracting. Enough, please! In spite of all the uncalled for sex on every object and room or car, I enjoyed it overall because I am a sucker for happy endings. Only one thing bugged me at the end. It was on the last page of the Epilogue. Even though it was the right thing to do, I was disappointed in the character's lack of loyalty.

2) "Guarding Jeanne" - Loved the story and romance. All the lovemaking in this book was appropriately timed. More of a drama than a mystery, but good all the same

---

## **Terri Pray says**

Two books in one, the first was very enjoyable, the second I struggled through and simply couldn't connect with the characters.

### **This Beverly Barton book**

This was gripping from the first few pages..was having readers block. Opened 9 books sent them all back to the library. Was having a hard time getting into another book. Ty so much for bringing back my love of reading again. Held both my suspense and interest, going to start reading one of her series now
