All Hallows Heartbreaker

Delilah Devlin

All Hallows Heartbreaker Delilah Devlin

Love bites Emmaline Harris meets the perfect man at a Halloween party. After he rescues her from the unwanted attentions of another partygoer, she succumbs to his kisses and spends an evening engaged in wicked-sexy lovemaking. Sure she's just a one-night stand, she tries to exit gracefully, but soon find she needs Dylan's special skills when her world is turned upside down by a blood-drinking killer and his gang who target her for their next meal. Dylan O'Hara only wants a night of passion to slake his sexual needs, but finds Emmy is a full-bodied, red-blooded siren whose innocence and humor draws this Master vampire like a moth to a red-hot flame. When Emmy attracts the attention of a serial-killing vampire, Dylan vows to protect her, but he fears he'll lose Emmy once she discovers her "Dracula" has real fangs

Riverina Romantics says

I read another Delilah Devlin book (my first ever) last week and absolutely adored it. So I thought I was pretty lucky to find this one sitting on my kindle. It was a freebie and let me tell you, I never would've picked it up if I'd seen the original cover. Holy ugliness Batman, that first cover was horrid.

Anyway, from an entirely marketing point of view, I think having this book as a freebie isn't the right thing for Delilah Devlin. It is nowhere near the greatness of the other one I read and in saying that, if I read this first, I probably wouldn't have tried another one of her stories unless it came highly recommended.

Thankfully that wasn't the order I read her in - so if you read this and didn't like it PLEASE do NOT think that Delilah Devlin isn't the author for you.

Anyway, this story was hot. It was erotic, explicit and didn't hold anything back. The story was actually very well written too, in a smooth and barely any mistakes kind of way. I can also let slide the "I just met you but I already love you" storyline. It's erotic romance, it isn't meant to be overly realistic...so what didn't I like?

The heroine.

I was trying to get into the groove, getting all hot and sweaty over the bumping uglies scenes and the heroine wouldn't shut the f*ck up. I kept reading, internally chanting to the male protagonist - "Just shove your d*ck down her throat to keep her quiet."

And it wasn't witty dialogue either. She was annoying as hell and I seriously wanted to cut her...but ok, that is who she is. In the words of Lady Gaga "Baby, I was born this way." She can't help being a douche.

Then the hero starts talkin' smack and I'm like "You guys really need to 69 this shit because I don't want to hear you talk."

Anyway, this story, apart from some annoying dialogue during the XXX scenes was really enjoyable. I DO NOT think it is a great indication of how well Delilah Devlin writes but as a free book it was pretty darn awesome.

Carolline says

This was the second book I have read by Ms. Devlin. I loved it even more than the other book I read of hers. I have added the rest of this series 'My Immortal Knights' to my to-be-read book list and once I catch up on the series I will patiently (okay impatiently await for my next fix). I was captivated from the beginning and laughed numerous times while reading. I picked this book up while it was on the amazon free list, (a hell of a bargain for me!) and ended up highlighting several lines on my kindle. Some of them for things I must try to see if I can get away with at some point in my life and others because I couldn't stop laughing at the line. For example:

"[He ripped the zipper down the rest of the way, then doubled over in pain. Air left his lungs in a single strangled gust.

"Oh, I'm sorry." Emmy's hand patted his head. "What can I do? Can I help?"

Still clutching his groin, he raised his head and stared at her.

Her eyes were wide with concern. "Your face is bright red. Are you all right? Can you breathe? I know the Heimlich."

"What the fuck?" He shook his head in confusion. "Just sit!"

When she sank onto the edge of the leather sofa, Dylan felt it safe enough to turn his back. He reached for the edge of his desk to steady himself. Gradually, the pain ebbed, and he straightened.

Nervous laughter bubble. "Ohh! I meant CPR, not the Heimlich. No wonder you looked at me like I'd grown two heads.""]"

That is just the tip of the ice burg for the hilarious scenes that take place between the hero and heroine. I really enjoyed the dynamics of their meeting and the developing of their relationship. I completely loved Emmy and wish she was real because I would look her up and make her be my friend! I loved that the sex scenes were just like their character were; fun, random and a complete pleasure.

The novel starts off with Emmy going to a club with her girl friend, becoming set up with a bad guy, almost gets killed by bad guy. Emmy ends up picking Dylan out and tries to use him to get away from bad guy, not realizing that the two men actually know each other. Dylan and Emmy end up connecting immediately and they end up starting a bond. Emmy doesn't quite grasp how much her life is actually in danger and tries to be independent until she realizes that nope, her girl friend is now a vampire and is working for the bad guy. Lots of funny yet serious, tantalizing shenanigans ensue as Dylan tries to keep Emmy out of harms way while they further their relationship (to include he tells her he is a vampire as well) and eventually falling in love.

This was a wonderfully quick, but well paced roller coaster ride of a girl meeting and falling in love with a vampire.

❁ ?u-?u-?una ❁ says

First book of Ms. Devlin's My Immortal Knight series...interesting. Ms. Devlin had opted for an imperfect heroine to a perfect vampire-hero--that's really cool. And the H/H's personalities contradicts each other that I had almost not seen the connection the two lust-driven protagonist could have...but they did!

Storyline: Emmaline Harris meets the perfect man at a Halloween party. After he rescues her from the unwanted attentions of another partygoer, she succumbs to his kisses and spends an evening engaged in wicked-sexy lovemaking. Sure she's just a one-night stand, she tries to exit gracefully, but soon find she needs Dylan's special skills when her world is turned upside down by a blood-drinking killer and his gang who target her for their next meal. Dylan O'Hara only wants a night of passion to slake his sexual needs, but finds Emmy is a full-bodied, red-blooded siren whose innocence and humor draws this Master vampire like a moth to a red-hot flame. When Emmy attracts the attention of a serial-killing vampire, Dylan vows to protect her, but he fears he'll lose Emmy once she discovers her "Dracula" has real fangs!

I would really miss this serial-killing vampire coz I KNOW he will meet a devastating end due to all the crimes he had done. Ms. Devlin's erotic compositions are super hot! I mean...damn!

Sabine Honig says

I received a free copy of *Sm{B}itten* (a BBW/vampire romance) (Night Fall Book 1) in return for an impartial review, so thanks!

I am a huge fantasy fan, and I love vampire stories of any kind and enjoyed reading Ms. Devlin's take on them. I liked the characters in this story – Emmy, Dylan and of course Quentin, whose story I cannot wait to read.

I have to say that I don't think there is a genre that Ms. Devlin hasn't written. *Sm{B}itten* is of course about vampires and how they interact with humans, with quite deadly results and how one female draws two vampires to her who have different reasons for wanting her.

I liked Emmy Harris – she had some issues with her body and she talked – a lot - and she didn't shut up and she is also quite sexually inexperienced.

When she meets the vampires Dylan and Nicky, they both want her, but for very different reasons. Dylan prevails and I loved how he wondered what he had got himself into with Emmy, his little human. How is she going to cope with the knowledge that he is a vampire? How is she going to cope with a girlfriend, Monica, who betrays her to Nicky and the consequences of that betrayal?

With all that goes on and that happens to her in the space of a few nights, Emmy seems to cope quite well. She is attracted to Dylan and he is attracted to her. There was a time in the story, though, when I really didn't like what Emmy had become – she seemed to be really harsh and just not her usual self and I am not sure if it was the change or the bloodlust she felt, but that was off to me and it certainly didn't jibe with the scatterbrained but likeable talker that she had been – perhaps it was used to show how she was affected by the change, but whatever it was I still didn't like her right then. So what is going to happen to Nicky and what happens to the friend who betrayed Emmy?

I liked reading about Dylan – he was scared of losing Emmy to Nicky and also vulnerable because he cared for Emmy and because he had issues that connected with him losing his wife hundreds of years before.

It must be quite a lonely existence to live for such a long time and to not be able to form real attachments with anyone other than a fellow vamp because humans don't live as long and they die. The sex between Dylan and Emmy is hot and sizzling once they get started and it does take both of them a while to even get to the 'love' stage because though their bodies communicate well, these two haven't really spent that much time actually talking!

This is a great start to the series and I look forward to reading more about the vamps in this world that Delilah Devlin has created!

N.L. Riviezzo says

Okay concept. Too much awkward chit-chat during sex. No transitions between most scenes and read as if large portions of the story were savagely sawed off to make novella word count. Minimal chemistry with the couple. In essence, poorly written (and edited) porn.

Kelly says

Just didn't appreciate the constant hardcore talking all the time, romance isn't a four letter word

BookwormMomma7 says

This first book of the series introduces us to Navarro, Quentin, Nicky, Emmy and Dylan. The plot of this book is set at the beginning if Emmy and Dylan's battle for love and freedom. The intimate series are quite graphic and abundant, you have been warned.

Shadowstorm Norwicca says

Emmaline Harris is a woman wanting to break away from the norm(reluctantly). When her best friend convinces her to dress as a sexy vampyre for a Halloween party things seem to go from an bad idea to an even worst idea in a matter of minutes. She is man handled by her friends new beau Nicky. She tells the creep she has an boyfriend and uses her imagination and spins a tale of her dream guy. To her surprise her imagination is real and pulling her from Nicky's clutches. Dylan O'Hara smelled her human scent when she walked through the door of his establishment and knew it could mean a lot of trouble. What he didn't count on was the pull she would have on his blood lust, heart, and groin. Wanting to mark her as his he takes every step possible to have her and keep her safe. Emmaline didn't know sexy vamyres existed, but now she is caught not only by his body, but also his fangs.

I think full figured woman everywhere should be shouting "I am sexy hear me roar...!" and give a big thanks to Mrs. Delilah Devin. She gave the sexy back to us full figured gals. Hey the damsel in distress doesn't have to look like an runway model. The passion in each word makes a gal want to hit all the city vamp clubs and find her own Dylan. This book scores high five on the Sex O Meter.

ButtonsMom2003 says

BBW, Vampires - this book is so hot it might set you on fire!

I loved this story, the first in Delilah's Night Fall series. I want to warn you up front, there is a cliffhanger of sorts but there is also a HFN (happy for now). The ending left me wanting to read more but not so much feeling devastated because I have to wait to read more.

The blurb for the book gives you the background for the story so I won't retell it here. Just know that if you love vampires and erotic romance you have to get this book! The heat between Dylan and Emmie is off the charts. There is also suspense and intrigue which kept me thoroughly captivated by this book.

Dylan's friend Quentin is an interesting secondary character and I can't wait to read his story.

This book is Delilah Devlin's captivating storytelling at her finest.

I received an ARC of this book from the author in exchange for an honest review but I loved it so much that I also bought a copy.

Laurie Gyd says

Exciting and cute

A pleasure to read-just the right amount of quirky humor mixed with light romance and hot sex make this story one of those hard to put down. Very good

Shirley Bennett says

Emmy is hilarious and Dylan is such a 'nice' vamp! Fun plot, lots and lots of graphic sex. (Books seems to have another title also: All Hallows Heartbreaker)

Tracie R says

I really enjoyed reading Sm{B}itten. It was a great story, I loved the characters and would definitely recommend this book.

Emmy Harris is not the type of girls men normally hit on. She knows she is not skinny and has some extra padding around the edges and she is good with that.

Dylan O'Hara is a century old Vampire he knows he needs to feed but he is bored with the blood whores he is surrounded by.

When Emmy walks into The Cavern she notices the eyes instantly upon her and soon her best friend leads her into a situation she is not comfortable with. It isn't long before Dylan takes notice and not only because he want to rescue Emmy from the lurking danger but also because she calls to something within him. Can Dylan save Emmy from what is coming? Dylan will need to convince Emmy to trust him but how will Emmy react when she finds out what they are?

Shirley Bennett says

Fun plot, lots and lots of graphic sex. (This books seems to have another title as well: Sm{B}itten)

Michelle ♣ Ndayeni says

A bit of a disappointing read. I hadn't expected stunning literature, but I had thought it would be fairly decent given that I've read other works by Ms. Devlin and have greatly enjoyed them. Silent Knight, which is a least loosely related to this series I believe, is one of my favorite shorts, and I'd hoped this would be much like it. Instead I found myself shaking my head and rolling my eyes a lot at the often stilted dialog, and situations that resolve themselves far too easily, usually by the main characters getting turned on and having sex yet again.

Emmy is rather an annoying character. She runs off at the mouth a bit too much, and tends to babble nonsense most of the time. I get that it's supposed to be part of her character, but the problem to me is that there just isn't much depth to her character. We never really get to know her beyond the fact that she's a chatterbox, has self-image problems because she's got a little bit of padding on her and isn't stick thin, and it doesn't take much for her to get turned on and ready to go at it with Dylan. Repeatedly.

We do get a little bit of insight into Dylan's character, but again not a lot. We learn that he has a conscience, and though he can't help himself where Emmy's concerned it seems, still he is afraid of hurting her. Mostly though we are given just enough about him to make us curious to know more beyond the typical alpha-male posturing he does.

The story does improve toward the end, though it also ends with some major unresolved issues. There is hope that the narrative will get richer in later books in the series, and perhaps we will get to know more about the characters involved. The 3 star rating is, perhaps, a bit generous, but, well, the sex is pretty good, if a teensy bit repetitive at times, and the characters are essentially likeable if not well developed. Not sure if I'd recommend it too much, but you could certainly do worse than this one.

Maria says

I actually liked this book. It was my first Delilah Devlin book so I had no expectations apart from steamy sex, since it's a EC book. I usually don't like "funny" books so I was pleasantly surprised.

Emma is conned by her so called best friend to attend a Halloween Party at a club. When Emma gets there she is the only one in costume. Emma get's caught by a bad guy and get's rescued by the good guy. And, boy, is he yummy.

The story is simple and light hearted. Emma is full of questions and tend to asks them at the wrong times but Ms Devlin makes it work.

The sex is steamy and hot. I really love the idea that what makes the hero notice Emma from the start is that she is womanly rounded, with big breasts, stomach and a "big ass to cushion you" as the hero says.

I'm going to read no 2 in the series as soon as I find it!
